Shopping For A Better World 1990 A Quick Easy Guide To Socially Responsible Supermarket Shopping

Emilie Sanchez

Shopping For A Better World 1990 A Quick Easy Guide To Socially Responsible Supermarket Shopping:

A Core Bibliography on Global Issues Related to Environment, Resources, Population, and Sustainable Development, 1991 *Shopping for a Better World 1991* Council on Economic Priorities, 1991 [A History of Fair Trade in Contemporary Britain](#) Matthew Anderson, 2015-09-06 This book offers an original contribution to the empirical knowledge of the development of Fair Trade that goes beyond the anecdotal accounts to challenge and analyse the trading practices that shaped the Fair Trade model Fair Trade represented a new approach to global trade corporate social responsibility and consumer politics [A Citizen's Guide to Politics in America](#) Barry R. Rubin, 2000-06-15 Designed as an antidote for civic apathy and disillusionment this guide takes the reader through the process of successful political action for change from the germ of an idea to finding allies getting the word out and building support to effect the desired result [A Citizen's Guide to Politics in America](#) Barry Rubin, 2016-09-16 This book is an antidote for civic apathy and disillusionment It takes the reader step by step through the process of successful action for change from the germ of an idea to finding allies getting the word out and building the critical mass of people energy and support to accomplish the desired result Filled with abundant practical examples and guidelines for success the book covers all the bases how to recognize that it s time for action how to lobby decision makers how to go to court how to use information how to use the internet effectively how to get media attention how to influence public opinion how to mobilize grassroots support how to form coalitions how to organize an initiative or referendum and more **Shopping for a Better Environment** Laurence Tasaday, 1991 Designed for the millions of consumers who want to know what they can do to help save the environment this complete guide helps consumers make intelligent choices by comparing and rating more than 100 products categories for environmental safety Printed on recycled paper **Greening the Red, White, and Blue** Thomas Jundt, 2014-03-12 In popular imagination environmentalism is often linked to Rachel Carson s *Silent Spring* and the political activism of the 1960s and 70s that moved increasing numbers of Americans to insist on a better quality of life open spaces clean air and water beautification campaigns But these interpretations have obscured the significant origins of environmentalism as a moral and intellectual broadside against the growing power of corporate capitalism both domestically and in the postwar liberal international order the United States was enacting abroad In *Greening the Red White and Blue* Thomas Jundt shows how many Americans came to view powerful corporations and a federal government bent on economic growth as threats to human health and the environment Fallout from atomic testing air and water pollution the proliferation of pesticides and herbicides all connected to the growing dominance of technology and corporate capitalism in American life led a variety of constituencies to seek solutions in what came to be known as environmentalism In addition to political and legal campaigns to effect change an alternative form of civic participation emerged beginning in the late 1940s as growing numbers of citizens turned to what they deemed environmentally friendly consumption practices The goal of this politically charged consumption was not only to

protect themselves and their families from harm but also to achieve social change at a time when many believed the government was placing the desires of business before the needs of its citizens. Politicians responded to the growing environmental concerns of middle class Americans but in the end continual political compromises with corporate power meant weak laws and lax enforcement. Many citizens sought refuge in an alternative green marketplace including organic foods, natural fiber clothing, alternative energy, and everyday products designed to have minimal environmental impact. In doing so they attempted to create a community for those who shared their concerns and frustrations as well as their vision for a different American Way. Thomas Jundt's work highlights the intertwining of consumerism and environmentalism amidst the growing power of corporate capitalism and government in postwar America.

Deeply Responsible Business Geoffrey Jones, 2023-03-21

Corporate social responsibility has entered the mainstream but what does it take to run a successful purpose driven business? A Harvard Business School professor examines leaders who put values alongside profits to showcase the challenges and upside of deeply responsible business. For decades CEOs have been told that their only responsibility is to the bottom line. But consensus is that companies and their leaders must engage with their social and environmental contexts. The man behind one of Harvard Business School's most popular courses, Geoffrey Jones, distinguishes deep responsibility which can deliver radical social and ecological responses from corporate social responsibility which is often little more than window dressing. Deeply Responsible Business offers an invaluable historical perspective going back to the Quaker capitalism of George Cadbury and the worker solidarity of Edward Filene. Through a series of in depth profiles of business leaders and their companies it carries us from India to Japan and from the turmoil of the nineteenth century to the latest developments in impact investing and the B corps. Jones profiles business leaders from around the world who combined profits with social purpose to confront inequality, inner city blight, and ecological degradation while navigating restrictive laws and authoritarian regimes. He found that these leaders were motivated by bedrock values and sometimes but not always driven by faith. They chose to operate in socially productive fields, interacted with humility with stakeholders, and felt a duty to support their communities. While far from perfect, some combined visionary practices with vital flaws; each one showed that profit and purpose could be reconciled. Many of their businesses were highly successful though financial success was not their only metric of achievement. As companies seek to coopt ethically sensitized consumers, Jones gives us a new perspective to tackle tough questions. Inspired by these passionate and pragmatic business leaders, he envisions a future in which companies and entrepreneurs can play a key role in healing our communities and protecting the natural world.

Reading Programs for Young Adults Martha Seif Simpson, 2015-11-16

School and public libraries often provide programs and activities for children in preschool through the sixth grade but there is little available to young adults. For them libraries become a place for work, the place to research an assignment or find a book for a report, but the thought of the library as a place for enjoyment is lost. So how do librarians recapture the interest of teenagers? This just might be the answer. Here you will find theme based units.

such as Cartoon Cavalcade Log On at the Library Go in Style Cruising the Mall Space Shots Teens on TV and 44 others that are designed for young adults Each includes a display idea suggestions for local sponsorship of prizes a program game to encourage participation 10 theme related activities curriculum tie in activities sample questions for use in trivia games or scavenger hunts ideas for activity sheets a bibliography of related works and a list of theme related films The units are highly flexible allowing any public or school library to adapt them to their particular needs **Compassion in Action** Ram

Dass,1995-10-03 Featuring an eye catching new cover this classic guide is for those ready to commit time and energy to relieving suffering in the world No two people are better qualified to help us along this path than Ram Dass who has spent more than 25 years teaching and writing on the subject of living consciously and Mirabi Bush who succeeded him as chairperson of the Seva Foundation **Environmental Management for Sustainable Development** Chris

Barrow,2006-09-27 Environmental management is a wide expanding and rapidly evolving field affecting everyone from individual citizens to businesses governments to international agencies Indisputably it plays a crucial role in the quest for sustainable development This comprehensively updated second edition explores the nature and role of environmental management covering key principles practices tools strategies and policies offers a thorough yet understandable introduction and points to further in depth coverage Among the key themes covered are sustainable development proactive approaches the precautionary principle the polluter pays principle the need for humans to be less vulnerable and more adaptable Reflecting the expansion and evolution of the field this revised edition focuses strongly on sustainable development There has been extensive restructuring to ensure the book is accessible to those unfamiliar with environmental management and it now includes greater coverage of topics including key resources under stress environmental management tools climate change and urban environmental management With rapid expansion and development of the subject it is easy for those embarking on a course of study to become disorientated but with its well structured coverage effective illustrations and foundation for further more focused interest this book is easily accessible to all **The Unmanageable Consumer** Yiannis Gabriel,Tim

Lang,2015-09-21 The Unmanageable Consumer has long been one of my favorite books in the sociology of consumption This long overdue third edition has updated and revised the basic argument in many ways Most importantly it now offers a new chapter on the consumer as worker or more generally the prosumer Assign it to your classes I have and will again and read it for your edification George Ritzer Distinguished University Professor University of Maryland USA Western style consumerism is often presented as unstoppable yet its costs mount and its grip on consumer reality weakens In this 20th Anniversary edition Gabriel and Lang restate their thesis that consumerism is more fragile and unmanageable than is assumed by its proponents Consumerism has been both stretched and undermined by globalization the internet social media and other cultural changes Major environmental threats debt squeezed incomes and social inequalities now temper Western consumers appetite for spending The 20th century Deal first championed by Henry Ford of more consumption from higher waged work

looks tattered This edition of The Unmanageable Consumer continues to explore 10 different consumer models and encourages analysis of contemporary consumerism It looks at the spread of consumerism to developing countries like India and China and considers the effects of demographic changes and migration and points to new features such as consumers taking on unwaged work New to this edition Coverage of new phenomenon such as social media and emerging markets Explores contemporary topics including the occupy movement and horsemeat scandal A new chapter on the consumer as worker This is a remarkable and important book The new edition updates consumer cultural studies to take into account austerity politics and the economic crisis and the impact these have had on how we think about and experience everyday practices of shopping and consuming The authors also build on and maintain the lively and challenging argument from the previous volumes which sees the consumer as an unstable space for a multiplicity of often contradictory responses which can unsettle the various strategies on the part of contemporary capitalism to have us buy more Angela McRobbie Goldsmiths University of London The book exemplifies how social science should be engaged insightful imaginative scholarly and highly socially and politically relevant Strongly recommended to students academics as well as all people interested in understanding our time and themselves in an age of consumerism and false promises Mats Alvesson Professor of Business Administration Lund University Sweden
