Smith,2008-06-24 In today s world many people fail to experience the powerful freedom and healing of God s grace Even Christians too often experience judgment rather than the love that is the vital essence of Christian life This visionary guide calls believers back to the basics understanding the promise of God s love to transform our most important relationships and fulfill our deepest spiritual needs The moving insights found within illuminate the gentle nature of God s love and teach readers how to continue on the path of love by embracing it day by day      **Primitive Love and Love-stories** Henry T. **Best Kept Secrets of the Gospel of Jesus Christ** Lawrence D. Gardner,2006-02-28 I had a religion professor at Brigham Young University who often asked What is the best kept secret of The Mormon Church After declaring all answers amiss he would make this statement The best kept secret of The Mormon Church is the Gospel of Jesus Christ Over the years of teaching gospel doctrine I have found his statement to be all too true Despite their best study efforts and the abundance of scriptural resources many members do not understand some fundamental and extremely important doctrines I invite you to feast with me upon the meat of more exalted concepts      Image to Likeness Terry E. Warr,2010-05 There is more to you than meets the eye he explained Whenever you look in the mirror I know you only expect to see your image but your image reflects only how you look on the outside There is so much more to you than your physical appearance There is more to you than the mirror can show you If you are like most people you have bought into the notion that mirrors don t lie But I am here to tell you that mirrors do lie They tell you half truths which are nothing more than lies They never reveal who you are on the inside I am here to take you beyond the ordinary limits of the mirror      Author and Journalist ,1925      **The United Presbyterian Magazine** ,1856      **Love's Knowledge** Martha C. Nussbaum,1990 This volume brings together Nussbaum s published papers on the relationship between literature and philosophy especially moral philosophy The papers many of them previously inaccessible to non specialist readers deal with such fundamental issues as the relationship between style and content in the exploration of ethical issues the nature of ethical attention and ethical knowledge and their relationship to written forms and styles and the role of the emotions in deliberation and self knowledge Nussbaum investigates and defends a conception of ethical understanding which involves emotional as well as intellectual activity and which gives a certain type of priority to the perception of particular people and situations rather than to abstract rules She argues that this ethical conception cannot be completely and appropriately stated without turning to forms of writing usually considered literary rather than philosophical It is consequently necessary to broaden our conception of moral philosophy in order to include these forms Featuring two new essays and revised versions of several previously published essays this collection attempts to articulate the relationship within such a broader ethical inquiry between literary and more abstractly theoretical elements
