

PETER YOUNG

A SHORT HISTORY OF WORLD WAR II

1939–1945

Short History Of World War Ii 1939 1945

James M. Morris, Patricia M. Kearns

Short History Of World War II 1939 1945:

A Short History of World War II, 1939-1945 Peter Young, 1966 **The Oxford Encyclopedia of American Military and Diplomatic History** Timothy J. Lynch, 2013

Entries written by renowned diplomatic and military historians as well as key scholars in international relations Provides assessments and analyses of key episodes issues and actors in the military and diplomatic history of the United States Based on the award winning Oxford Companion to United States History Comprehensive collection of entries that span the founding of the U S to its present state Offers a wide range of perspectives to provide an encompassing context of the United States military and diplomatic legacies Expansive bibliographies and suggested readings for each article to aid in research The Oxford Encyclopedia of American Military and Diplomatic History a two volume set will offer both assessment and analysis of the key episodes issues and actors in the military and diplomatic history of the United States At a time of war in which ongoing efforts to recalibrate American diplomacy are as imperative as they are perilous the Oxford Encyclopedia will present itself as the first recourse for scholars wishing to deepen their understanding of the crucial features of the historical and contemporary foreign policy landscape and its perennially martial components Entries will be written by the top diplomatic and military historians and key scholars of international relations from within the American academy supplemented as is appropriate for an encyclopedia of diplomacy with entries from foreign based academics in the United Kingdom and elsewhere The crucial importance of the subject is reflected in the popularity of university courses dedicated to diplomatic and military history and the enduring appeal of international relations IR as a political science discipline drawing on both The Oxford Encyclopedia will be a basic reference tool across both disciplines a potentially very significant market Readership University level undergraduate and graduate students in History

World War II in Europe, Africa, and the Americas, with General Sources Loyd Lee, 1997-08-21 A broadly interdisciplinary work this handbook discusses the best and most enduring literature related to the major topics and themes of World War II Military historiography is treated in essays on the major theaters of military operations and the related themes of logistics and intelligence while political and diplomatic history is covered in chapters on international relations resistance movements and collaboration The volume analyzes themes of domestic history in essays on economic mobilization the home fronts and women in the military and civilian life The book also covers the Holocaust This handbook approaches each topic from a global viewpoint rather than focusing on individual national communities Except for nonprint material the literature research and sources surveyed are primarily those available in English The volume is aimed at both experts on the war and the general academic community and will also be useful to students and serious laymen interested in the war

United States Army in World War II. , 1998 New York Times Book of World War II 1939-1945 The New York Times, 2013-11-05 The New York Times printed more words on World War II than any other newspaper and had more than 160 correspondents worldwide reporting on the war Now for the first time The New York Times Complete World War II

offers a singular opportunity to experience all the battles politics and personal stories through daily first hand journalism Hundreds of the most riveting articles from the archives of the Times including firsthand accounts of major events and little known anecdotes have been selected for inclusion in *The New York Times The Complete World War II* The book covers the biggest battles of the war from the Battle of the Bulge to the Battle of Iwo Jima as well as moving stories from the home front and profiles of noted leaders and heroes such as Winston Churchill and George Patton A respected World War II historian and writer editor Richard Overy guides readers through the articles putting the events into historical context The books is illustrated with hundreds of maps and historical photographs plus battlefield maps that originally appeared in the newspaper Together they provide an engrossing look at this pivotal and defining era of world history *A World in Flames* Martin Kitchen,2014-01-14 A concise account of the war including the war in Asia and the Pacific as well as the European arena Covers the formation of the victorious Grand Alliance and to the problems that beset it and to Nazi Germany s relations with its allies *Generals of World War II* Mike Taylor,1998 An account of the battlefield activities of German British American and Russian generals during the largest war in history *Reader's Guide to Military History* Charles Messenger,2013-10-31 This book contains some 600 entries on a range of topics from ancient Chinese warfare to late 20th century intervention operations Designed for a wide variety of users it encompasses general reviews of aspects of military organization and science as well as specific wars and conflicts The book examines naval and air warfare as well as significant individuals including commanders theorists and war leaders Each entry includes a listing of additional publications on the topic accompanied by an article discussing these publications with reference to their particular emphases strengths and limitations

The Oxford Companion to American Military History , A Short History of South Africa Gail Nattrass,2017-11-16 South Africa is popularly perceived as the most influential nation in Africa a gateway to an entire continent for finance trade and politics and a crucial mediator in its neighbours affairs On the other hand post Apartheid dreams of progress and reform have in part collapsed into a morass of corruption unemployment and criminal violence A Short History of South Africa is a brief general account of the history of this most complicated and fascinating country from the first evidence of hominid existence to the wars of the 18th 19th and 20th centuries that led to the establishment of modern South Africa the horrors of Apartheid and the optimism following its collapse as well as the prospects and challenges for the future This readable and thorough account illustrated with maps and photographs is the culmination of a lifetime of researching and teaching the broad spectrum of South African history Nattrass s passion for her subject shines through whether she is elucidating the reader on early humans in the cradle of humankind or describing the tumultuous twentieth century processes that shaped the democracy that is South Africa today **Historical Dictionary of the United States Navy** James M. Morris,Patricia M. Kearns,2011-04-01 The United States Navy has evolved in the last century and a half from humble and often frustrating beginnings during and after the Revolutionary War to become the strongest navy in the world

with responsibilities that span the globe The story of the Navy from its birth through the Civil War and other 19th century conflicts through its victories of World War I and World War II and down to the current efforts in the Middle East to maintain the peace not only for the United States but also for other nations as the world s primary peace keeper has been one of responding to the call of duty as captured by its unofficial motto Non sibi sed patriae Not self but country No other nation s navy past or present can match its successes and history The second edition of Historical Dictionary of the United States Navy covers U S Naval developments personnel and engagements from the colonial times to the present day This is done through a chronology an introductory essay an extensive bibliography and over 600 cross referenced dictionary entries on people places events and other terminology of the Navy This book is an excellent access point for students researchers and anyone wanting to know more about the United States Navy

World War II in Literature for Youth Patricia Hachten Wee, Robert James Wee, 2004 This comprehensive volume provides a wealth of information with annotated listings of more than 3 500 titles a broad sampling of books on the war years 1939 1945 Includes both fiction and nonfiction works about all aspects of the war Professional resources for educators aligned to the educational standards for social studies technical references periodicals and electronic resources a directory of WWII museums memorials and other institutions and topics for exploration complement this excellent library and classroom resource

The Role of the Soviet Union in the Second World War Boris Sokolov, 2013-04-24 This book investigates several controversial issues regarding the role of the Soviet Union and the performance of the Soviet government and Red Army to which the author provides some provocative answers The primary question explored by the author however regards the effectiveness of both the Red Army and of the Soviet military economy Dr Sokolov argues that the chief defect of the Soviet military economy was the disproportionate emphasis on the production of tanks and aircraft at the expense of transportation means and the means of command and control This leads the author to look at the role of Lend Lease during the war Through the delivery of radio sets trucks jeeps locomotives fuel explosives and so on the author concludes that Lend Lease was critical to the Red Army and that the Soviet Union would not have been able to wage a long war against Germany without the Lend Lease supplies a conclusion that defies decades of Soviet claims to the contrary Finally the author looks at the still very controversial and hot topic of Red Army losses in the war which was taboo for decades arguing that this is an effective measure of the Red Army s military performance He and other scholars have estimated that the Red Army s losses were on the scale of 27 million three times larger than the official estimates and approximately 10 times greater than the German losses on the Eastern Front He argues that such horrendous casualties and such an unfavorable ratio for the Red Army were the result of the relatively low value placed on human life in both the Russian Empire and the Soviet Union and the much more destructive nature of the Soviet totalitarian regime as compared with the Third Reich which cowed the Soviet generals and officers into total subservience Due to the elimination of all political opposition and the total control over people s lives soldiers and civilians could not protest against the crude

tactics that resulted in such a very high rate of losses Dr Boris Sokolov is a prolific author and a member of the Russian branch of PEN International which celebrates literature and promotes freedom of expression In 2008 Dr Sokolov was forced to resign as Professor of Social Anthropology from his post at the Russian State Social University in Moscow at the demand of President Medvedev's administration after publishing an article about the 2008 Russian Georgian War The author of 69 books as of 2012 his work has focused on the history of the Second World War and has also written biographies of such prominent military and political leaders as Bulgakov Stalin Molotov Beria Tukhachevsky Rokossovsky and Zhukov In addition he has written numerous articles on history philology political science and economics A prominent specialist in the problems of military losses military economy and strategy he has given lectures in Russia Estonia Latvia and Denmark and his books and articles have been translated into numerous languages He currently resides in Moscow and is working on a biography of Marshal Rodion Malinovsky Stuart Britton is a freelance translator and editor residing in Cedar Rapids Iowa He has been responsible for making a growing number of Russian titles available to readers of the English language consisting primarily of memoirs by Red Army veterans and recent historical research concerning the Eastern Front of the Second World War and Soviet air operations in the Korean War Notable recent titles include Valeriy Zamulin's award winning *Demolishing the Myth The Tank Battle at Prokhorovka Kursk July 1943 An Operational Narrative* Helion 2011 Boris Gorbachevsky's *Through the Maelstrom A Red Army Soldier's War on the Eastern Front 1942-45* University Press of Kansas 2008 and Yuri Sutiagin's and Igor Seidov's *MiG Menace Over Korea The Story of Soviet Fighter Ace Nikolai Sutiagin* Pen Sword Aviation 2009 Future books will include Svetlana Gerasimova's analysis of the prolonged and savage fighting against Army Group Center in 1942-43 to liberate the city of Rzhev and more of Igor Seidov's studies of the Soviet side of the air war in Korea 1951-1953 *This People's Navy* Kenneth J. Hagan, 1992-08-21 A sweeping account of the American naval experience from the wooden Continental Navy to contemporary projections for the service's high tech mission in the next century [United States Naval History](#) United States. Department of the Navy. Library, 1969 *The War for the Seas* Evan Mawdsley, 2019-09-24 A bold and authoritative maritime history of World War II which takes a fully international perspective and challenges our existing understanding Command of the oceans was crucial to winning World War II By the start of 1942 Nazi Germany had conquered mainland Europe and Imperial Japan had overrun Southeast Asia and much of the Pacific How could Britain and distant America prevail in what had become a war of continents In this definitive account Evan Mawdsley traces events at sea from the first U boat operations in 1939 to the surrender of Japan He argues that the Allied counterattack involved not just decisive sea battles but a long struggle to control shipping arteries and move armies across the sea Covering all the major actions in the Atlantic and Pacific oceans as well as those in the narrow seas this book interweaves for the first time the endeavors of the maritime forces of the British Empire the United States Germany and Japan as well as those of France Italy and Russia [Flak](#) Edward B. Westermann, 2001 Air raid sirens wail searchlight beams flash across the sky and the

night is aflame with tracer fire and aerial explosions as Allied bombers and German anti aircraft units duel in the thundering darkness Such cinematic scenes played out with increasing frequency as World War II ground to a close were more than mere stock material for movie melodramas As Edward Westermann reveals they point to a key but largely unappreciated aspect of the German war effort that has yet to get its full due Long the neglected stepchild in studies of World War II air campaigns German flak or anti aircraft units have been frequently dismissed by American British and German historians and by veterans of the European air war as ineffective weapons that wasted valuable materiel and personnel resources desperately needed elsewhere by the Third Reich Westermann emphatically disagrees with that view and makes a convincing case for the significant contributions made by the entire range of German anti aircraft defenses During the Allied air campaigns against the Third Reich well over a million tons of bombs were dropped upon the German homeland killing nearly 300 000 civilians wounding another 780 000 and destroying more than 3 500 000 industrial and residential structures Not surprisingly that aerial Armageddon has inspired countless studies of both the victorious Allied bombing offensive and the ultimately doomed Luftwaffe defense of its own skies By contrast flak units have virtually been ignored despite the fact that they employed more than a million men and women were responsible for more than half of all Allied aircraft losses forced Allied bombers to fly far above high accuracy altitudes and thus allowed Germany to hold out far longer than it might have otherwise Westermann s definitive study sheds new light on every facet of the development and organization of this vital defense arm includi

General Naval Tactics Milan Vego,2020-10-15 In General Naval Tactics Naval War College professor and renowned tactical expert Milan Vego describes and explains those aspects of naval tactics most closely related to the human factor Specifically he explains in some detail the objectives and methods elements of tactical employment of naval forces command and control combat support tactical design decision making and planning execution leadership doctrine and training Vego derives certain commonalities of naval tactics that occurred in recent and distant wars at sea Many parts of his theoretical constructs are based on works of a number of well known and influential naval theoreticians such as Admirals Alfred T Mahan Bradley A Fiske Raoul Castex and Ren Daveluy and influential naval theoreticians Whenever possible the author illustrates each aspect of theory by carefully selected examples from naval history making the theory more understandable and interesting Vego aims to present theory that is general in nature and therefore more durable in its validity The more general the theory the greater the possibility of accommodating changes based on new interpretations of past events and as a result of gaining fresh insight from the lessons learned

Naval Strategy and Operations in Narrow Seas Milan N. Vego,2004-11-23 Many books and articles have been written on wars in narrow seas However none deals in any comprehensive manner with the problems of strategy and conduct of naval operations The aim of this book is to explain in some detail the characteristics of a war fought in narrow seas and to compare and contrast strategy and major operations in narrow seas and naval warfare in the open ocean

Alamein Jon Latimer,2002 It also changed the

way the British Army fought using concentrated artillery on a scale not seen since 1918 to break through Axis defences built in depth BOOK JACKET

Short History Of World War Ii 1939 1945 Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Short History Of World War Ii 1939 1945 PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Short History Of World War Ii 1939 1945 PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free

downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Short History Of World War Ii 1939 1945 free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Short History Of World War Ii 1939 1945 Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Short History Of World War Ii 1939 1945 is one of the best book in our library for free trial. We provide copy of Short History Of World War Ii 1939 1945 in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Short History Of World War Ii 1939 1945. Where to download Short History Of World War Ii 1939 1945 online for free? Are you looking for Short History Of World War Ii 1939 1945 PDF? This is definitely going to save you time and cash in something you should think about.
