Egerton, 2018-01-02 Excerpt from *A Short History of British Colonial Policy* In spite of all that has been recently written on
the South African question I am not without hopes that the portion of this book relating to it may be of some slight use The
subject has been generally approached either from the point of View of the experienced observer on the spot or of the
partisan of some particular policy my aim has been to bring out from the Parliamentary Papers how largely the present is the
heritage of the past Pace Mr H M Stanley it does not follow that because we are convinced that Great Britain must remain
paramount in South Africa we need therefore refuse any sympathy to Dutch grievances which are largely due to the mistakes
and hesitations of English statesmen in the past In a volume which deals with a long period of time and many scattered
events there are doubtless mistakes and inaccuracies For such I would pray pardon in anticipation About the Publisher
