This volume discusses a short history of British Colonial policy With all its faults the book represents much reading and some thought In writing what is to some extent a history of opinion it has been impossible altogether to suppress my own individual opinions I trust however that I have not seemed to attach importance to them In dealing with the later periods I remembered Sir Walter Raleigh s remark on the fate which awaits the treatment of contemporary history but obscurity may claim its compensations and atleast I am not conscious of having written under the bias of personal or party prejudice      **A Short History of Australasia** Arthur Wilberforce Jose, 1899      **A Short History of Film** Wheeler Winston
