 brings new perspectives and insights to the discipline of translation studies at a time when Western theories dominate its
 main discourse By highlighting the significant contribution of Chinese scholar Qian Zhongshu which encompasses a
 theoretical probing of the process and product of translation in both China and the West the author demonstrates how Qian s
 reconceptualization of the concept of translation expands the discourse to include and integrate concepts from the history of
 translation in China The concept of huajing which is one of these cultural perspectives developed by Qian transcends the
 conventional view of translation as a linguistic transfer envisioning it instead as a dynamic realm where encounters with
 meaning between the textual worlds of China and the West can take place Through a meticulous analysis of Qian s profound
 though stylistically fragmentary commentaries the author reveals how his comparative vision creates connections by
 breaking down linguistic and cultural barriers challenging notions of untranslatability that often hinder cross cultural
 exchange and anticipating an inclusive and globalized understanding of translation so urgently needed today The Atlantic

 and the long shadows they cast more than 300 years later 1692 is a year of terror In Salem Massachusetts Giles and Martha
 Corey are forced to confront their troubled past when accusations of witchcraft plunge their community into a violent moral
 panic Based upon true events and set in three centuries More Weight is a unique inquiry into the Salem witchcraft tragedy
