Watch and Learn Eef Masson,2012 Sinds de late jaren negentig is er een toenemende academische belangstelling voor zogenoemde gebruiksfilms films die bedoeld zijn om te informeren te trainen of onderwijzen of te overtuigen van het nut van een service of product Onderzoek richtte zich tot nu toe in de meeste gevallen vooral op de productie of distributiegeschiedenis van dergelijke films of hun pedagogische effect Minder aandacht is er voor de tekstuele dimensie van deze films de middelen die worden ingezet ter onderbouwing van hun informatieve educatieve of commerciële argument Intussen hebben gebruiksfilms echter nog steeds het imago van een zeer formulair genre Eef Masson nuanceert dit beeld in haar boek en stelt een methodologie voor die de aandacht vestigt op de retorische diversiteit van deze films **Childcraft:**

Look and learn ,1976 *Reading and Learning Difficulties* Peter Westwood,2012-11-12 First Published in 2005 All teachers recognise how crucial is the acquisition of good reading skills This book will help teachers understand how pupils learn and will help them to meet those pupils different needs through appropriate intervention It includes Clear explanation of different learning difficulties Guidelines on types of assessment Advice on how to select the best type of intervention and support For teachers TAs Numeracy Coordinators and SENCOs **Situated Language and Learning** James Paul Gee,2012-10-02 Why do poor and minority students under perform in school Do computer games help or hinder learning What can new research in psychology teach our educational policy makers In this major new book Gee tackles the big ideas about language literacy and learning putting forward an integrated theory that crosses disciplinary boundaries and applying it to some of the very real problems that face educationalists today Situated Language and Learning looks at the specialist academic varieties of language that are used in disciplines such as mathematics and the sciences It argues that the language acquisition process needed to learn these forms of language is not given enough attention by schools and that this places unfair demands on poor and minority students The book compares this with learning as a process outside the classroom applying this idea to computer and video games and exploring the particular processes of learning which take place as a child interacts with others and technology to learn and play In doing so Gee examines what video games can teach us about how to improve learning in schools and engages with current debates on subjects such as communities of practice and digital literacies Bringing together the latest research from a number of disciplines Situated Language and Learning is a bold and controversial book by a leading figure in the field and is essential reading for anyone interested in education and language
