but to expect them Such expectations are perhaps more prevalent in a field as dynamic and cross disciplinary as religious studies but the practice nevertheless poses some difficult educational issues the use of movies in academic coursework has far outpaced the scholarship on teaching religion and film What does it mean to utilize film in religious studies and what are the best ways to do it In Teaching Religion and Film an interdisciplinary team of scholars thinks about the theoretical and pedagogical concerns involved with the intersection of film and religion in the classroom They examine the use of film to teach specific religious traditions religious theories and perspectives on fundamental human values Some instructors already teach some version of a film and religion course and many have integrated film as an ancillary to achieving central course goals This collection of essays helps them understand the field better and draws the sharp distinction between merely watching movies in the classroom and comprehending film in an informed and critical way The Inevitable Dossier Roberth "Messiah" Edberg, 2006-05-19 Basic understanding What if I told you that your most precious and fundamental values were controlled by others I guess you most likely would doubt it It s however both true and inevitable Dossier context Have you ever felt like being that little child who discovered that the Emperor was naked and that there were no new clothes What if I told you that the Holy Grail contains the answer to why the little child spoke up and you didn t This dossier presents a pathway to understanding You and you alone can decide if you are ready Sagacity Emily Kadi, Rev Emily Kadi DD, 2006 This anthology of the wisdom teachings of the sages is designed to be used as a reference or self help or in classes or groups It helps people to become aware of the possibilities of personal Soul growth to grow into living authentically as who and what one really is The book is offered as a course of study Ancient wisdoms teach us that when we know our own soul and live in integrity with it then we are happy healthy holy harmonious people who can and do fulfill the purpose of our birth Current wisdom teachings from current day Sages is included The course is designed to accommodate the focus of study on one concept per day for one year Each wisdom teaching is offered as a starting point for the possibility of perceiving the human life experience from a different perspective It is one way of applying the ancient teachings to contemporary life It is up to each individual to explore and experience each concept to determine the value of it to Self Each wisdom work and or author is introduced by a short essay on the work There are daily guides monthly summaries author summaries and a bibliography to gain more information on concepts of particular significance to the individual **Branding Latin America** Dunja Fehimovic, Rebecca Ogden, 2018-02-15 As public and private sectors become stakeholders nation states become corporations interests become strategic objectives and identities become brands branding emerges as a key feature of the pervasiveness of market logic in today s world Branding Latin America Strategies Aims Resistance offers a sustained critical analysis of these transformations which see identities deliberately re defined according to the principle of competition and strategically re oriented towards the market Through context sensitive case studies that foreground a specific under examined set of practices and concepts this volume draws particular attention not only to the reconfigurations of citizenship identity and

culture according to an insidious logic of market competitiveness but also to the ways in which different actors resist survive and even thrive in such a context In so doing it illuminates the ambivalent relationships between the local national and global the individual and collective the public and private and the economic political and cultural landscapes that characterize contemporary Latin America and the wider world
