ACT I.

SCENE I. The King of Navarre's park

[Enter the King, BEROWNE, LONGAVILLE, and DUMAIN.]

KING.

Let fame, that all hunt after in their lives, Live regist'ed upon our brazen tombs,

And then grace us in the disgrace of death; When, spite of cormorant devouring Time, The
endeavour of this present breath may buy That honour which shall bate his scythe's keen edge,
And make us heirs of all eternity.

Therefore, brave conquerors--for so you are That war against your own affections

And the huge army of the world's desires-- Our late edict shall strongly stand in force: Navarre
shall be the wonder of the world; Our court shall be a little academe,

Still and contemplative in living art. You three, Berowne, Dumain, and Longaville, Have sworn
for three years' term to live with me, My fellow-scholars, and to keep those statutes That are
recorded in this schedule here: Your oaths are pass'd; and now subscribe your names, That his
own hand may strike his honour down That violates the smallest branch herein. If you are arm'd

A Study of Love's Labour's Lost Frances Yates, 2013-03-21 Originally published in 1936 this is a study of Love's Labour's Lost by the English historian Frances Yates 1899-1981 *Love's Labour's Lost* William Shakespeare, 1998 Love's Labour's Lost now recognized as one of the most delightful and stageworthy of Shakespeare's comedies came into its own both on the stage and in critical esteem only during the 1930s and 1940s after three hundred years of neglect by the theatre and undervaluation and misuse by critics The Introduction to this new edition pays particular attention to this process of rehabilitation The text based on the quarto of 1598 and taking full account of the extensive scholarly study that text has received over recent years rests on the hypothesis that the quarto goes back probably by way of lost quarto to an authorial manuscript representing the play in a state prior to fair copy If this is so the quarto takes on a special significance because through it we can watch Shakespeare in the act of composition improvising changing his mind and revising as his play develops under his hand The editor offers a number of new readings of difficult and disputed passages together with some suggestions about the way in which the play's notorious tangles may have come about A detailed commentary offers full and helpful guidance to the play's scintillating language Love's Labour's Lost Felicia Hardison Londre, 2015-07-17 This anthology examines Love's Labours Lost from a variety of perspectives and through a wide range of materials Selections discuss the play in terms of historical context dating and sources character analysis comic elements and verbal conceits evidence of authorship performance analysis and feminist interpretations Alongside theater reviews production photographs and critical commentary the volume also includes essays written by practicing theater artists who have worked on the play An index by name literary work and concept rounds out this valuable resource **Love's Labor's Lost**, 1984 *Love's Labour's Lost* Felicia Hardison Londré, 1997 This anthology examines Love's Labours Lost from a variety of perspectives and through a wide range of materials Selections discuss the play in terms of historical context dating and sources character analysis comic elements and verbal conceits evidence of authorship performance analysis and feminist interpretations Alongside theater reviews production photographs and critical commentary the volume also includes essays written by practicing theater artists who have worked on the play An index by name literary work and concept rounds out this valuable resource The Works of Shakespeare: Love's labour's lost, ed. by H.C. Self-Speaking in Medieval and Early Modern English Drama R. Hillman, 1997-05-30 This book documents the changing representation of subjectivity in Medieval and Early Modern English drama by intertextually exploring discourses of self speaking including soliloquy Pre modern ideas about language are combined with recent models of subject formation especially Lacan's to theorize and analyze the stage self as a variable linguistic construct Both the approach itself and the conclusions it generates significantly diverge from the standard New Historicist Cultural Materialist narrative of subjectivity Plays range from the Corpus Christi pageants to the Beaumont and Fletcher canon with Shakespeare a recurrent focus and Hamlet inevitably the pivotal text

Shakespeare Problems, 1936 [Digressive Voices in Early Modern English Literature](#) Anne Cotterill, 2004-02-19 *Digressive Voices in Early Modern English Literature* looks afresh at major nondramatic texts by Donne Marvell Browne Milton and Dryden whose digressive speakers are haunted by personal and public uncertainty To digress in seventeenth century England carried a range of meaning associated with deviation or departure from a course subject or standard This book demonstrates that early modern writers trained in verbal contest developed richly labyrinthine voices that captured the ambiguities of political occasion and aristocratic patronage while anatomizing enemies and mourning personal loss Anne Cotterill turns current sensitivity toward the silenced voice to argue that rhetorical amplitude might suggest anxieties about speech and attack for men forced to be competitive yet circumspect as they made their voices heard

The Oxford Handbook of Shakespeare and Early Modern Authorship, 2025-09-09 The Oxford Handbook of Shakespeare and Early Modern Authorship draws together leading and emerging scholars of Shakespeare and early modern literature to consider anew how authorship worked in the time in which Shakespeare wrote and to interrogate the construction of the Shakespeare as author figure Composed of four main sections it offers fresh analysis of the literary and cultural influences and forces that formed authors in the period the mechanics of early modern authorship the mediation of Shakespeare and others works in performance manuscript and print and the critical and popular reimagining across times of Shakespeare as an author figure
