Lucian Freud Paintings Robert Hughes, 2003 Lucian Freud William Feaver, Lucian Freud, 2002 Richly illustrated with photographs from the artist's personal archives this book contains a detailed analysis of Lucian Freud's work A full chronology and bibliography are also included **LUCIAN FREUD**, 1978 Lucian Freud, 1996-2005 Lucian Freud, Sebastian Smee, 2005 At the time of the publication of Lucian Freud the definitive monograph by Jonathan Cape in 1996 Freud was already regarded as one of the great portrait painters of all time His naked portraits had no parallel His work exists outside the currents of contemporary art in a domain of his own In the years since that publication his output has only increased His worldwide reputation continues to be celebrated In London he has been shown in a major retrospective at the Tate and more recently a number of his new paintings have been shown at the Wallace Collection This second volume contains the recent paintings both large and small together with a number of extraordinary new works on paper His work shows no sign of diminishing energy We are witnessing the work of one of the great artists of our time now in his eighties as he reaches still further with his scrutiny of human form and flesh Lucian Freud Lucian Freud, 2022 A short catalogue of the small but perfectly formed Freud exhibition at the Garden Museum Drawings oil sketches paintings of flowers leaves his Zimmerlinde tatty buddleia filled back gardens etc Excellent notes and illustrations with conversational contributions by David Dawson and Annie Freud **Lucian Freud - the Copper Paintings** Martin Gayford, David Scherf, 2021-09-28 Brings together for the first time Lucian Freud's oil on copper paintings including his lost portrait of Francis Bacon and two works that have never been reproduced before In the early 1950s Lucian Freud produced several works in oil paint on copper a technique favored by 17th century artists such as Rembrandt and Frans Hals but unusual for a 20th century painter Originally thought to be only a handful Freud in fact painted more than a dozen copper works all small scale enamel smooth and astonishingly intense Based on a decade of research this book for the first time brings together all of Freud's coppers including two works that have never been reproduced before Among these paintings is Freud's famous portrait of Francis Bacon labeled by Nicholas Serota as the most important portrait of the 20th century The work was stolen in 1988 its whereabouts still unknown but during research for the book a rare photograph was discovered that shows the work just minutes before the theft and it is published here for the first time Lucian Freud Robert Hughes, 1989 **A Painter's Progress** David Dawson, 2014-10-07 For nearly twenty years David Dawson was Lucian Freud's assistant companion and

model Freud moved in rarefied powerful circles and was tenacious about protecting his privacy He also carefully avoided distraction With few exceptions he wanted only those he knew well like the late Bruce Bernard to photograph him David Dawson however was in a unique position and as Freud became comfortable in the presence of Dawson's camera photographing became part of the daily ritual of the studio These photographs reveal in a most intimate way the subjects and the stages of paintings in progress Few artists if any have had their lives and their work recorded over such a length of time Despite Freud's sense of privacy his circle was wide Among those who regularly visited Freud were figures from the art world including art historian John Richardson and painters David Hockney and Frank Auerbach along with model Kate Moss and friends such as the Duke of Beaufort The book begins in Freud's old studio in Holland Park and then records the artist in his eighteenth century house in Kensington the first floor of which was his final studio Dawson also photographed Freud on his visits to look at masterpieces in various museums in New York Amsterdam and Madrid The book ends with views of the rooms in which Freud's own extraordinary collection of paintings was hung It is the only record of the house itself before the dispersal of the art on his death but ultimately the photographs create an intimate portrait of the man The final images in this book are of the hanging of Freud's work in his posthumous London exhibition at the National Portrait Gallery Haunting and fascinating this is a revelatory document about one of our most important and influential painters
