Duncan, 2018-11-01 Subterranean nightspots in 1950s New York and San Francisco were social cultural and political hothouses for left wing bohemians The art and antics of rebellious figures in 1950s American nightlife from the Beat Generation to eccentric jazz musicians and comedians have long fascinated fans and scholars alike In *The Rebel Caf* Stephen R Duncan flips the frame focusing on the New York and San Francisco bars nightclubs and coffeehouses from which these cultural icons emerged Duncan shows that the sexy smoky sites of bohemian Greenwich Village and North Beach offered not just entertainment but doorways to a new sociopolitical consciousness This book is a collective biography of the places that harbored beatniks blabbermouths hipsters playboys and partisans who altered the shape of postwar liberal politics and culture Throughout this period Duncan argues nightspots were crucial albeit informal institutions of the American democratic public sphere Amid the Red Scare s repressive politics the urban underground of New York and San Francisco acted as both a fallout shelter for left wingers and a laboratory for social experimentation Touching on literary figures from Norman Mailer and Amiri Baraka to Susan Sontag as well as performers ranging from Dave Brubeck to Maya Angelou to Lenny Bruce *The Rebel Caf* profiles hot spots such as the Village Vanguard the hungry i the Black Cat Cafe and the White Horse Tavern Ultimately the book provides a deeper view of 1950s America not simply as the black and white precursor to the Technicolor flamboyance of the sixties but as a rich period of artistic expression and identity formation that blended cultural production and politics

Notes Music Library Association, 1992 **Beyond the Score** Nicholas Cook, 2013 In *Beyond the Score* Music as Performance author Nicholas Cook supplants the traditional musicological notion of music as writing asserting instead that it is as performance that music is loved understood and consumed This book reconceives music as an activity through which meaning is generated in real time as Cook rethinks familiar assumptions and develops new approaches Focusing primarily but not exclusively on the Western art tradition Cook explores perspectives that range from close listening to computational analysis from ethnography to the study of recordings and from the social relations constructed through performance to the performing and listening body In doing so he reveals not only that the notion of music as text has hampered academic understanding of music but also that it has inhibited performance practices placing them in a textualist straightjacket *Beyond the Score* has a strong historical emphasis touching on broad developments in twentieth century performance style and setting them into their larger cultural context Cook also investigates the relationship between recordings and performance arguing that we do not experience recordings as mere reproductions of a

performance but as performances in their own right Beyond the Score is a comprehensive exploration of new approaches and methods for the study of music as performance and will be an invaluable addition to the libraries of music scholars including musicologists music theorists and music cognition scholars everywhere **Finding Democracy in Music** Robert

Adlington, Esteban Buch, 2020-11-02 For a century and more the idea of democracy has fuelled musicians' imaginations Seeking to go beyond music's proven capacity to contribute to specific political causes musicians have explored how aspects of their practice embody democratic principles This may involve adopting particular approaches to compositional material performance practice relationships to audiences or modes of dissemination and distribution Finding Democracy in Music is the first study to offer a wide ranging investigation of ways in which democracy may thus be found in music A guiding theme of the volume is that this takes place in a plurality of ways depending upon the perspective taken to music's manifold relationships and the idea of democracy being entertained Contributing authors explore various genres including orchestral composition jazz the post war avant garde online performance and contemporary popular music as well as employing a wide array of theoretical archival and ethnographic methodologies Particular attention is given to the contested nature of democracy as a category and the gaps that frequently arise between utopian aspiration and reality In so doing the volume interrogates a key way in which music helps to articulate and shape our social lives and our politics *Something About the Blues* Al Young, 2008 *Book Review Digest*, 1990 Excerpts from and citations to reviews of more than 8 000 books each

year drawn from coverage of 109 publications Book Review Digest provides citations to and excerpts of reviews of current juvenile and adult fiction and nonfiction in the English language Reviews of the following types of books are excluded government publications textbooks and technical books in the sciences and law Reviews of books on science for the general reader however are included The reviews originate in a group of selected periodicals in the humanities social sciences and general science published in the United States Canada and Great Britain Publisher Fascinating Rhythm David Yaffe, 2009-02-09 How have American writers written about jazz and how has jazz influenced American literature In Fascinating Rhythm David Yaffe explores the relationship and interplay between jazz and literature looking at jazz musicians and the themes literature has garnered from them by appropriating the style tones and innovations of jazz and demonstrating that the poetics of jazz has both been assimilated into and deeply affected the development of twentieth century American literature Yaffe explores how Jewish novelists such as Norman Mailer J D Salinger and Philip Roth engaged issues of racial ethnic and American authenticity by way of jazz how Ralph Ellison's descriptions of Louis Armstrong led to a neoconservative movement in contemporary jazz how poets such as Wallace Stevens Hart Crane Langston Hughes and Frank O'Hara were variously inspired by the music and how memoirs by Billie Holiday Charles Mingus and Miles Davis both reinforced and redeemed the red light origins of jazz The book confronts the current jazz discourse and shows how poets and novelists can be placed in it often with problematic results Fascinating Rhythm stops to listen for the music demonstrating how jazz
