Myths For The Modern Age Philip Jose Farmers Wold Newton Universe:

Myths for the Modern Age Win Scott Eckert, 2005 In his classic biographies of fictional characters Tarzan Alive and Doc Savage His Apocalyptic Life Hugo and Nebula award winning author Philip Jose Farmer introduced the Wold Newton family a collection of heroes and villains whose family tree includes Sherlock Holmes Fu Manchu Philip Marlowe and James Bond In books stories and essays he expanded the concept even further adding more branches to the Wold Newton family tree MYTHS FOR THE MODERN AGE PHILIP JOSE FARMER S WOLD NEWTON UNIVERSE collects for the first time those rarely seen essays Expanding the family even farther are contributions from Farmer s successors scholars writers and pop culture historians who bring even more fictional characters into the fold **Tales of the Wold Newton Universe** Philip Jose Farmer, 2013-10-08 A collection of Wold Newton inspired short stories by Farmerphiles experts and the Grand Master of SF himself A real meteorite fell near Wold Newton Yorkshire England on December 13 1795 and was found to be radioactive causing genetic mutations in the occupants of a passing coach Many of their descendants were thus endowed with extremely high intelligence and strength as well as an exceptional capacity and drive to perform good or as the case may be evil deeds

Lord of the Trees Philip José Farmer, 2012-11-13 Having lived long enough with the charming fairy tale created by my biographer I feel the time has come for the truth to be known I propose to tell all of the origins of The Nine the elixir that gives us nearly eternal youth and superhuman strength the struggles between us that set the world atremble The follow up to Jose Farmer s shocking and controversial A Feast Unknown A brand new edition of the classic novel *The Mad Goblin* Philip José Farmer, 2013-06-11 They were known simply as the Nine grim and ancient rulers who thirty thousand years ago had discovered the key to eternal life and ever since had secretly held the world in thrall Once Doc Caliban had been their servant and had shared their secrets Now appalled by their tyranny he has turned against them daring to challenge their centuries old supremacy Together with two henchmen whose superhuman skills match his own Caliban sets out on the trail of the deadliest of the Nine the mad goblin Iwaldi the very incarnation of evil **The Other Log of Phileas Fogg** Philip José Farmer, 2012-05-08 Inspired by Around the World in Eighty Days this classic sci fi steampunk tale combines aliens with iconic characters like Sherlock Holmes Flash Gordon and James Bond In a delicious slice of sci fi whimsy that sits cleverly alongside Verne s original tale Phileas Fogg s epic global journey is not the product of a daft wager but in fact a covert mission to chase down the elusive Captain Nemo who is none other than Professor Moriarty A secret alien war has raged on Earth for years and is about to culminate in this epic race Part of the Wold Newton universe The Other Log of Phileas Fogg is set in a world in which Sherlock Holmes Flash Gordon Doc Savage James Bond and Jack the Ripper are all mysteriously connected Super Stories of Heroes & Villains Claude Lalumiere, 2013-07-16 George R R Martin s Wild Cards rampage through unrecorded history Mike Mignola s Hellboy battles the fiendish Nuckelavee Can Camille Alexa s Pinktastic prevent the end of the world Will Jonathan Lethem s Dystopianist cause the end of the world In these pages you ll find the exploits

machinations and epic m l es of these superpowered aliens undead crusaders costumed crime fighters unholy cabals Amazon warriors demon hunters cyberpunk luchadores nefarious megalomaniacs daredevil sidekicks atavistic avatars adventuring aviators gunslinging outlaws love struck adversaries and supernatural detectives In these twenty eight astounding Super Stories join larger than life heroes and villains in the never ending battle of good versus evil *Time's Last Gift* Philip José Farmer,2012-06-12 Three men and a woman onboard a timeship travel from 2070 AD to 12 000 BC a journey that could never be repeated For the passengers all anthropologists it was a once in a million lifetimes expedition a chance to study primitive man as modern man never could But none of them was prepared for what they would discover or for the impact of their travels in a time that had yet to come A novel in the Wold Newton universe in which characters such as Sherlock Holmes Flash Gordon Doc Savage James Bond and Jack the Ripper are all mysteriously connected **Tarzan Alive** Philip Josä Farmer,2006-01-01 Through the tales of Edgar Rice Burroughs generations of readers have thrilled to the adventures of Lord Greystoke aka John Clayton but better known as Tarzan of the Apes In this biography Philip Jos Farmer pieces together the life of this fantastic man correcting Burroughs s errors and deliberate deceptions and tracing Tarzan s family tree back to other extraordinary figures including Sherlock and Mycroft Holmes the Scarlet Pimpernel Doc Savage Nero Wolfe and Bulldog Drummond Tarzan Alive offers the first chronological account of Tarzan s life narrated in careful detail garnered from Burroughs s stories and other sources From the ill fated voyage that led to Greystoke s birth on the isolated African coast to his final adventures as a group captain in the RAF during World War II Farmer constructs a comprehensive and authoritative account Farmer s assertion that Tarzan was a real person has led him to craft a biography as well researched and compelling as that of any character from conventional history This definitive Bison Books edition also includes Farmer s Exclusive Interview with Lord Greystoke as well as Extracts from the Memoirs of Lord Greystoke first anthologized in *Mother Was a Lovely Beast* **As If** Michael Saler,2012-01-09 Many people throughout the world inhabit imaginary worlds communally and persistently parsing Harry Potter and exploring online universes These activities might seem irresponsibly escapist but history tells another story Beginning in the late nineteenth century when Sherlock Holmes became the world s first virtual reality character readers began to colonize imaginary worlds debating serious issues and viewing reality in provisional as if terms rather than through essentialist just so perspectives From Lovecraft s Cthulhu Mythos and Tolkien s Middle earth to the World of Warcraft and Second Life *As If* provides a cultural history that reveals how we can remain enchanted but not deluded in an age where fantasy and reality increasingly intertwine **Literary Cartographies** Robert T. Tally Jr.,2016-04-30 Exploring narrative mapping in a wide range of literary works ranging from medieval romance to postmodern science fiction this volume argues for the significance of spatiality in comparative literary studies Contributors demonstrate how a variety of narratives represent the changing social spaces of their world *The Further Adventures of Sherlock Holmes: The Peerless Peer* Philip Jose Farmer,2011-06-21 Holmes partners with Tarzan on a quest to catch a

nefarious German spy and his weapon of dread in this glorious sci fi mystery from a Hugo Award winning SFWA Grand Master Locus A night sky aerial engagement with a deadly Fokker aircraft nearly claims three brilliant lives Meanwhile Baker Street s enigmatic mystery solver Sherlock Holmes forms a historic alliance with Greystoke the noble savage peer of the realm and lord of the jungle bring down the hellish spy Von Bork This edition also contains a brand new afterword by Win Scott Eckert and a bonus preview of Kim Newman s novel Moriarty The Hound of the D Urbervilles **Flesh** Philip Jose Farmer,2013-08-13 Philip Jos Farmer applies his unique brand of sci fi to create a thrilling post apocalyptic America Space Commander Stagg explored the galaxies for 800 years Upon his return the hero Stagg is made the centerpiece of an incredible public ritual one that will repeatedly take him to the heights of ecstasy and the depths of hell **Retcon Game** Andrew J. Friedenthal,2017-04-03 The superhero Wolverine time travels and changes storylines On Torchwood there s a pill popped to alter memories of the past The narrative technique of retroactive continuity seems rife lately given all the world building in comics Andrew J Friedenthal deems retroactive continuity or retconning as a force with many implications for how Americans view history and culture Friedenthal examines this phenomenon in a range of media from its beginnings in comic books and now its widespread shift into television film and digital media Retconning has reached its present form as a result of the complicated workings of superhero comics In comic books and other narratives retconning often seems utilized to literally rewrite some aspect of a character s past either to keep that character more contemporary to erase stories from continuity that no longer fit or to create future story potential From comics retconning has spread extensively to long form continuity rich dramas on television such as Buffy the Vampire Slayer Lost and beyond Friedenthal explains that in a culture saturated by editable media where interest groups argue over Wikipedia pages and politicians can immediately delete questionable tweets the retcon serves as a perfect metaphor for the ways in which history and our access to information overall has become endlessly malleable In the first book to focus on this subject Friedenthal regards the editable Internet hyperlink rather than the stable printed footnote as the de facto source of information in America today To embrace retroactive continuity in fictional media means accepting that the past itself is not a stable element but rather something constantly in contentious flux Due to retconning s ubiquity within our media we have grown familiar with narratives as inherently unstable a realization that deeply affects how we understand the world *Lord of the Trees (Secrets of the Nine #2)* Philip José Farmer,2012-11-23 Behold the Secrets of The Nine The Nine a sinister cabal of ancient and powerful immortals have secretly ruled mankind for over thirty thousand years Lord Grandrith the legendary ape man had once been their servant Now appalled by their tyranny he is determined to overthrow his diabolical former masters But how can he destroy what will live forever Featuring a brand new introduction by Win Scott Eckert Myths for the Modern Age Philip Jose Farmer s Wold Newton Universe *100 Most Popular Science Fiction Authors* Maura Heaphy,2010 Contains biographical and bibliographical information on one hundred popular science fiction writers active from the classical era into the twenty
