The world sees Britain through the antics of Monty Python s Flying Circus the stiff lipped painfully class conscious societies depicted in

Gosford Park and Remains of the Day and the scathing diatribes of American Idol's Simon Cowell. The images being projected from the island nation of England are so disparate these days that it's hard to know what to think of the British. Chris Rojek explores this dilemma looking at the myths, misconceptions and stereotypes of the British. Drawing upon a wide range of sources in pop culture, politics, art and history, Rojek examines how Britons are viewed both at home and abroad. From Austin Powers to King Arthur and Albion and from Big Brother to international opinion polls, Rojek investigates what it means to be British in a globalized multicultural world. Brit Myth deftly avoids extreme nationalism or abstract scholarship, offering a new conception of Britishness that transcends race and emphasizes the integral role of individualism and nonconformity in British identity. Full of thought-provoking insights and engaging anecdotes, Brit Myth will entertain both Anglophiles and those who want to learn more about the land under the Union Jack.

Demonstrates the relevance and the potential of myths as a research area. Provides a timely shift in the usual focus of national studies which typically centers on ethnicity, immigration, integration, citizenship, cultural diversity and nationalism. Demonstrates the nature and the functioning of myths in contemporary societies as a nexus of meanings that feed identities, memory and utopias. Contributions from international authors.
