cultural shifts such as the adoption of maize horticulture led to the creation of the earthen constructions Burial mounds were erected marking claims to resources and defining areas for local ritual gatherings while massive circular enclosures were constructed as intersocietal ceremonial centers Together Howey shows these structures made up part of an interconnected purposefully designed cultural landscape When societies incorporated the earthworks into their egalitarian social and ritual behaviors the structures became something more ceremonial monuments The first systematic examination of earthen constructions in what is today Michigan Mound Builders and Monument Makers of the Northern Great Lakes 1200 1600 reveals complicated indigenous histories that played out in the area before European contact Howey s richly illustrated investigation increases our understanding of the diverse cultures and dynamic histories of the pre Columbian ancestors of today s Great Lake tribes   **Bowker's Complete Video Directory** ,2000   **Olo of the Mound Builders** Jo Ann Harter,2007-08-02 Life suddenly changes for thirteen year old Olo when he is captured by Nadac a hostile warrior On a forced march across an open field Olo looks up to see a rabbit falling from the clutches of an eagle When he catches it the superstitious warriors think he is a chosen one and take him before the chief s council There he is apprenticed to the elderly shaman Temasah Olo finds happiness in his new home except for Nadac s taunts Conflict and tensions escalate until Olo saves Nadac from drowning in the flood swollen river Proclaimed a hero he must prepare for induction into the tribe by going on a vision quest to face his fears discover his spirit voice and find his personal totem Deep inside a cave Olo falls from a crumbling rock ledge into frigid water Wet injured and alone in the dark Olo is near panic when he asks Will I perish here in the bowels of Mother Earth
