Camilla Rothe

N Y Undrgrd Gorm P Joy Of Living:

The Publishers Weekly, 1911 **Publishers' Weekly**, 1895 *Confronting / Defining the Self* John A. McCarthy, 2024-07-01 Early 20th century literary critics Joseph Collins Hermann Hesse and Percy Lubbock concluded that the pages of a book present a succession of moments that the reader visualizes and reinterprets They feared that few would actually commit themselves to memory and that most were likely to soon disappear As you turn these pages you will re discover the value of the literary canon through the Self My objective is to examine how the Self is formed lost and regained through creative strategies that confront and define its shapes and distortions on nearly every page of a canonical work You can consider *Confronting Defining the Self* Formation and Dissolution of the I from La Fayette to Grass as offering an apology for the study of literature and the humanities in an era when technology and commerce dominate our consciousness drive our daily expectations and shape our career goals **The Velvet Underground** Sean Albiez, David Pattie, 2022-09-08 Though The Velvet Underground were critically and commercially unsuccessful in their time in ensuing decades they have become a constant touchstone in art rock punk post punk indie avant pop and alternative rock In the 1970s and 80s Lou Reed John Cale and Nico produced a number of works that traveled a path between art and pop In 1993 the original band members of Reed Cale Morrison and Tucker briefly reunited for live appearances and afterwards Reed Cale and briefly Tucker continued to produce music that travelled the idiosyncratic path begun in New York in the mid 1960s The influence of the band and band members mediated and promoted through famous fans such as David Bowie and Brian Eno seems only to have expanded since the late 1960s In 1996 the Velvet Underground were inducted into the Rock and Roll Hall of Fame demonstrating how far the band had traveled in 30 years from an avant garde cult to the mainstream recognition of their key contributions to popular music In these collected essays Pattie and Albiez present the first academic book length collection on The Velvet Underground The book covers a range of topics including the band s relationship to US literature to youth and cultural movements of the 1960s and beyond and to European culture and examines these contexts from the 1960s through to the present day **Carolee Schneemann** Lotte Johnson, Chris Bayley, 2022-09-13 Traces the feminist icon Carolee Schneemann s prolific six decade output spanning her remarkably diverse transgressive and interdisciplinary expression Carolee Schneemann 1939 2019 was one of the most experimental artists of the twentieth and early twenty first centuries This book traces six decades of the feminist icon s diverse transgressive and interdisciplinary expression through Schneemann s experimental early paintings sculptural assemblages and kinetic works rarely seen photographs of her radical performances her pioneering films and groundbreaking multi media installations Contributors shed new light on Schneemann s work which addressed urgent topics from sexual expression and the objectification of women to human suffering and the violence of war An artist who was concerned with the precarious lived experience of both humans and animals this book positions Schneemann as one of the most relevant provocative and inspiring artists in recent years
