Nachalo Vol 1 When In Russia:

Narrating the Soviet Era in Russian School History Textbooks Olga Konkka, 2025-09-03 This study focuses on how Russian history textbooks published between 1992 and 2021 dealt with the topic of the Soviet period 1917-1991

Representations of this part of Russia's past in school manuals have provoked vivid debates and bolstered government intervention in the field while a gradual shift towards a less critical narrative of the USSR in more recent textbooks is often presented as directed by Vladimir Putin This study combines research into these texts and inquiry into those who write, publish, approve or criticize them Bringing together these perspectives provides a more complex view of school textbooks as final products of both top-down and bottom-up processes This volume is aimed at postgraduate researchers and academics specializing in Soviet history, contemporary Russian politics and society and history education and textbooks [A History of the Russian Church to 1488](#)

John L. Fennell, 2014-01-14 The Russian church is central to an understanding of early Russian and Slav history but for many years there has been no accessible up-to-date introduction to the subject in English until now The late John Fennell's last book is a masterly survey of the development, nature and role of the early Church in Russia from Christianization of the country in 988 through Kievan and Tatar periods to 1448 when the Russian Church finally became totally independent of its mother church in Byzantium *Russian Traditional Culture* Marjorie Mandelstam Balzer, 1992 This is an annotated collection of recent studies of Russian folk religion, village organization and family life including the rituals associated with childbirth and paying special attention to women's roles and to the specificity of Siberia in Russian culture

I. U. Polunov, Thomas C. Owen, L. G. Zakharova, 2015-02-12 This is a comprehensive interpretive history of Russia from the defeat of Napoleon to the eve of World War I It is the first such work by a post-Soviet Russian scholar to appear in English Drawing on the latest Russian and Western historical scholarship Alexander Polunov examines the decay of the two central institutions of tsarist Russia: serfdom and autocracy Polunov explains how the major social groups—the gentry, merchants, petty townspeople, peasants and ethnic minorities—reacted to the Great Reforms and why despite the emergence of a civil society and capitalist institutions a reformist evolutionary path did not become an alternative to the Revolution of 1917 He provides detailed portraits of many tsarist bureaucrats and political reformers complete with quotations from their writings to explain how the principle of autocracy although significantly weakened by the Great Reforms in mid-century reasserted itself under the last two emperors Polunov stresses the relevance for Russians in the post-Soviet period of issues that remained unresolved in the pre-Revolutionary period such as the question of private property in land and the relationship between state regulation and private initiative in the economy **Russia in the Nineteenth Century** Polunov, This is a comprehensive interpretive history of Russia from the defeat of Napoleon to the eve of World War I It is the first such work by a post-Soviet Russian

The Emergence of Russian Constitutionalism 1900-1904 K. Fröhlich, 2012-12-06 My interest in the topic of this book traces back over more than ten years to my interest in the history of political parties in pre-revolutionary Russia To my late tutor Professor Reinhard Wittram who guided me during my undergraduate and post graduate days as a student at the University of Göttingen owe a special gratitude for giving my interest its special focus I am indebted to him for my academic training more than this book may indicate He did not see the results of his influence but he followed my preparatory work with both sympathy and critical attention My thanks are due equally to Professors Hans Roos Bochum and Rudolf Vierhaus Göttingen whose constant advice and help meant continued encouragement I am further obliged to Professors Dietrich Geyer Tübingen and Hans Kiesel Oldenburg and their critical reading of the 1973 draft of my book In 1977/78 during my revision of the manuscript and its preparation for publication the most important suggestions came to me from many discussions deep into the night with my friend Jürgen Jahnke To the many others whose names do not appear here owe my thanks for their help and encouragement

Popular Religion in Russia Stella Rock, 2007-09-10 This book dispels the widely held view that paganism survived in Russia alongside Orthodox Christianity demonstrating that double belief *dvoeverie* is in fact an academic myth Scholars

citing the medieval origins of the term have often portrayed Russian Christianity as uniquely muddled by paganism with double believing Christians consciously or unconsciously preserving pagan traditions even into the twentieth century This volume shows how the concept of dvoeverie arose with nineteenth century scholars obsessed with the Russian folk and was perpetuated as a propaganda tool in the Soviet period colouring our perception of both popular faith in Russian and medieval Russian culture for over a century It surveys the wide variety of uses of the term from the eleventh to the seventeenth century and contrasts them to its use in modern historiography concluding that our modern interpretation of dvoeverie would not have been recognized by medieval clerics and that double belief is a modern academic construct Furthermore it offers a brief foray into medieval Orthodoxy via the mind of the believer through the language and literature of the period

Historians and Historical Societies in the Public Life of Imperial Russia Vera Kaplan, 2017-02-27 What was the role of historians and historical societies in the public life of imperial Russia Focusing on the Society of Zealots of Russian Historical Education 1895 1918 Vera Kaplan analyzes the network of voluntary associations that existed in imperial Russia showing how they interacted with state public and private bodies Unlike most Russian voluntary associations of the late imperial period the Zealots were conservative in their view of the world Yet like other history associations the group conceived their educational mission broadly engaging academic and amateur historians supporting free public libraries and widely disseminating the historical narrative embraced by the Society through periodicals The Zealots were champions of voluntary association and admitted members without regard to social status occupation or gender Kaplan's study affirms the existence of a more substantial civil society in late imperial Russia and one that could endorse a modernist program without an oppositional liberal agenda

Nesselrode and the Russian Rapprochement with Britain, 1836-1844 Harold N. Ingle, 1976 Count Karl Nesselrode Russian foreign minister 1816 1856 was a controversial figure in the government of Nicholas I The rapprochement with Britain perhaps his finest achievement was opposed at every step by Russians who regarded Britain as a rival It was later condemned by tsarist historians as an example of the cosmopolitan diplomacy that weakened their country in competition with the Western powers Soviet historians have followed their lead asserting that it was against national interests But Nesselrode did avoid war in a series of dangerous confrontations in Asia and the Near East outmaneuvering opponents who wanted to meet Britain head on and he managed to extricate Russia from diplomatic isolation at the same time Finally he advanced bipartisanship in an agreement on the Eastern Question that led to the renewal of the European concert He was working to extend the areas of cooperation particularly by promoting freer trade and commerce when his opponents more effectively countered his influence in the mid 1840s Jacket flap
