libraries Especially recommended for undergraduates Choice Found Christianities M. David Litwa, 2022-02-24 M David Litwa tells the stories of the early Christians whose religious identity was either challenged or outright denied In the second century many different groups and sects claimed to be the only Orthodox or authentic version of Christianity and Litwa shows how those groups and figures on the side of developing Christian Orthodoxy often dismissed other versions of Christianity by refusing to call them Christian However the writings and treatises against these groups contain fascinating hints of what they believed and why they called themselves Christian Litwa outlines these different groups and the controversies that surrounded them presenting readers with an overview of the vast tapestry of beliefs that made up second century Christianity By moving beyond notions of gnostic heretical and orthodox Litwa allows these lost Christianities to speak for themselves He also questions the notion of some Christian identities surviving or perishing arguing that all second century Catholic groups look very different to any form of modern Roman Catholicism Litwa shows that countless discourses ideas and practices are continually recycled and adapted throughout time in the building of Christian identities and indeed that the influence of so called lost Christianities can still be felt today **The facsimile edition of the Nag Hammadi**

The Courageous Gospel Robert Allan Hill, 2013-06-04 The Courageous Gospel is intended for use alongside a commentary Ashton Brown Bultmann Barrett other in a class introducing the Fourth Gospel The book has four parts A succinct summary of key matters of introduction A collection of sermons on the Gospel s core chapters with reflective reminiscence and remembrance of what Raymond Brown said in lecture about the Gospel thirty years ago A series of background lectures that attempt on the one hand to honor the key insights of the current opinion communis that Jewish apocalyptic explains John and on the other hand to open the door to further insights from an older perspective needed for a full appreciation of John that the Hellenistic Gnostic background explains John A set of pedagogical appendices employable in the classroom to aid discussion Together these components attempt to provide the necessary second book for an introduction to the Fourth Gospel engaging the commentaries with the hermeneutical homiletical exegetical and pastoral implications of a first level study of John Parabolic Figures or Narrative Fictions? Charles W. Hedrick, 2016-06-10 Hedrick contends that parables do not teach moral and religious lessons they are not in whole or part theological figures for the church Rather parables are realistic narrative fictions that like all effective fiction literature are designed to draw readers into story worlds where they make discoveries about themselves by finding their ideas challenged and subverted or affirmed The parables have endings but not final resolutions because the endings raise new complications for careful readers which require further resolution The narrative contexts and interpretations supplied by the evangelists constitute an attempt by the early church to

bring the secular narratives of Jesus under the control of the church's later religious perspectives. Each narrative represents a fragment of Jesus's secular vision of reality. Finding himself outside the mainstream of parables scholarship, both ecclesiastical and critical, Hedrick explored a literary approach to the parables in a series of essays that among other things set out the basic rationale for a literary approach to the parables of Jesus. These early essays form the central section of the book. They are published here in edited form along with unpublished critiques of a thoroughgoing literary approach and his response.

Neoplatonism and Gnosticism Richard T. Wallis, Jay Bregman, 1992-01-01 In recent decades, our view of Gnosticism has been revolutionized by the discovery of a Coptic Gnostic library at Nag Hammadi, Egypt. Currently, Gnosticism is seen as a phenomenon extending far beyond Christianity and displaying a strong Platonic influence. The opposition between the two systems was certainly not as sharp as Plotinus claimed. Where, why, and how the ideological lines were drawn is discussed in the light of the new historical evidence.

Secret Gospels Marvin Meyer, 2003-02-01 Marvin Meyer is one of the leading experts on the secret gospels: Gospel of Thomas, Secret Gospel of Mark, and others, who has changed forever how we read the canonical gospels and understand early Christianity. In this new collection of his work, Meyer looks at these revolutionary texts in original and illuminating ways. He writes, for example, about the naked youths in the villa of the Mysteries. On the walls of a villa in Pompeii, a famous mural depicts a naked male reading from a scroll, a look of wonder on his face. A naked youth again appears in the Gospel of Mark, abandoning his garment and fleeing naked when apprehended during Jesus' arrest. A similar youth appears in the Secret Gospel of Mark. These youths, Meyer proposes, serve as an image of religious initiation candidates for the mysteries of Dionysus or of Christ. This is one of the many aspects of the secret gospels that Meyer examines with expert insight and creativity. Topics range from gender and infancy stories to discipleship and the relationship of the Gospel of Thomas to Islamic literature. Meyer's spellbinding readings of these materials offer fresh understandings of the canonical gospels. Marvin Meyer is Grisct Professor of Bible and Christian Studies and Director of the Albert Schweitzer Institute at Chapman University, Orange, California. He is author of *The Secret Teachings of Jesus: Four Gnostic Gospels* and *The Gospel of Thomas: The Hidden Sayings of Jesus*, and co-editor of *Jesus Then and Now*. Trinity Press International.
