Pau, 2025-02-26 The book probes the lesser known history of the Great Wars in the India Myanmar borderland from the perspective of the indigenous people of the area It critically studies how the indigenous hill people saw the Wars as an opportunity to defend their land and free themselves from the bondage of colonial rule The volume provides an in depth analysis of the effectiveness of unconventional warfare during the First and Second World Wars where conventional methods of fighting seemed to be irrelevant in the mountainous Indo Burma frontier and studies the role played by the indigenous hill people who had traditional expertise in jungle warfare An important contribution to indigenous studies this book will be an essential read for scholars and researchers of history Northeast India frontier studies military history insurgency and counterinsurgency colonialism tribal studies and the history of modern Southeast Asia **Too Far from the Path** Tamara

North-East India: Nagaland Suresh K. Sharma, 2021 **Against State, against History** Jangkhomang Guite, 2018-11-20 Life on the margins of the state is not a dark static and silent world It is in fact a radiant world involving multiple processes of reenactment of life lifeways and individual community relations This book is a radical reevaluation of the dominant civilizational narratives on the tribes that normally demonize them as a nuisance to the civilized Northeast India The book

delves into the migration history and the conditions in Northeast India in which sections of the valley population escaped to the hills against the state. It explores how in this physical dispersion to the highland terrain they choose an independent village polity defended by trained warriors, fortified at the top of hills connected by repulsive pathways following the jhum economy and adopting pliable social, cultural, ethnic and gender formations. This condition of the society is understood as one of statelessness or unstate, the process involving disowning the state and becoming an egalitarian society where freedom of individuals is located at the core of their cultural collective. Modern Practices in North East India Lipokmar

Dzüvichü, Manjeet Baruah, 2017-11-13. This book brings together essays on North East India from across disciplines to explore new understandings of the colonial and contemporary realities of the region. Departing from the usual focus on identity and politics, it offers fresh representations from history, social anthropology, culture, literature, politics, performance and gender. Through the lens of modern practices, the essays in this volume engage with diverse issues including state-making practices, knowledge production and its politics, history writing, colonialism, role of capital institutions, changing locations of orality and modernity, production and reception of texts, performances and literatures, social change and memory, violence and gender relations along with their wider historical, geographical and ideational mappings. In the process, they illustrate how the specificities of the region can become useful sites to interrogate global phenomena and processes, for instance, in what ways ideas and practices of modernity played an important role in framing the region and its people. Further, the volume underlines the complex ways in which the past came to be imagined, produced and contested in the region. With its blend of interdisciplinary approach, analytical models and perspectives, this book will be useful to scholars, researchers and general readers interested in North East India and those working on history, frontiers and borderlands, gender, cultural studies and literature.

Military Anthropology Montgomery McFate, 2018-05-01. In almost every military intervention in its history, the US has made cultural mistakes that hindered attainment of its policy goals. From the strategic bombing of Vietnam to the accidental burning of the Koran in Afghanistan, it has blundered around with little consideration of local cultural beliefs and for the long-term effects on the host nation's society. Cultural anthropology, the so-called handmaiden of colonialism, has historically served as an intellectual bridge between Western powers and local nationals. What light can it shed on the intersection of the US military and foreign societies today? This book tells the story of anthropologists who worked directly for the military, such as Ursula Graham Bower, the only woman to hold a British combat command during WWII. Each faced challenges, including the negative outcomes of exporting Western political models and errors of perception. Ranging from the British colonial era in Africa to the recent wars in Iraq and Afghanistan, *Military Anthropology* illustrates the conceptual, cultural and practical barriers encountered by military organisations operating in societies vastly different from their own. The Naga Queen Vicky Thomas, 2011-11-30. In 1937, Ursula Bower visited Nagaland at the invitation of a friend and on a dispensary tour encountered the Naga people. She was so taken with their striking dignity, tribal pride and unique culture that she

arranged to live among them to write an anthropological study But she became more than an observer living alone among them Ursula was integrated into their village life becoming their figurehead when in 1944 the Japanese invaded the jungles of Nagaland from Burma The Nagas turned to her for leadership and with the support of General Slim her Naga guides were armed and trained to patrol and repel the Japanese incursions The Nagas courage and loyalty were duly recognised and after the conflict Ursula with Naga support went on to run a jungle training school for the RAF Later with her husband Tim Betts as Political Officer she worked among the volatile tribes of the remote Apa Tani Valley bordering Tibet Following the Independence of India in 1947 Ursula returned to her highland roots but to her death in 1988 her experiences among the Naga people shaped and directed her life The Lhota Nagas James Philip Mills, John Henry Hutton, 1922 **The Sema**

Nagas John Henry Hutton, 1921 *The Secret of the Nagas* Amish Tripathi, 2015-12-01 At a crucial moment after the cliffhanger ending of book one The Immortals of Meluha the warrior hero Shiva the man who is the prophesied Neelkanth or destroyer of evil is fighting to protect his wife Sati from an invasion by the Nagas a mysterious militaristic society Evil forces are growing in strength all around the conflict and Shiva's own philosopher guides have betrayed his unquestioning faith by accepting aid from the dark side Even the idyllic empire of Meluha hides a terrible secret Accompanied by his troop of warriors Shiva travels East to the land of Branga in hopes of discovering clues as to the whereabouts of the Naga people The journey concludes in the Naga capital of Panchavati where a surprise awaits him that will change the balance of power

The Gaidinliu Uprising in British India Sajal Nag, 2024-03-19 This book studies the Gaidinliu uprising led by Rani Gaidinliu a spiritual and political leader from Northeast India It follows the journey of Gaidinliu who was at the forefront of the revolt which turned into a political movement seeking to drive out the British from Manipur and the surrounding Naga areas The book looks at the Gaidinliu movement as one of many tribal responses to colonial transformation deprivation alienation and extreme oppression of the tribal formations in India It also critically analyses the diverse colonial modes of tackling the different types of opposition to its rule and examines how the State devised to permanently erase the idea of rebellion from the minds of its subjects as a future strategy A unique contribution the book will be indispensable to political science modern history gender studies subaltern studies political theory tribal studies political sociology political history colonialism post colonial studies and South Asia studies particularly those interested in Northeast India Women and War Bernard A. cultural dislocations women suffer in war float as background without detailed coverage This work represents a first devoted in its entirety to thorough examination of all aspects of women in war For the first time readers have a single source for information on the scope of women's role in war and war's effects on them **In the Shadows of Naga Insurgency** Jelle J.P.
