Nagy Plays 1:

Nagy Plays: 1 Phyllis Nagy, 2013-12-10 Young playwrights don't come much hotter than Phyllis Nagy Daily Telegraph Includes her three Royal Court performed plays Weldon Rising Here is the best new play I have seen in many months This play is exciting because it is well written unusually constructed and morally serious Financial Times in Butterfly Kiss Nagy captures the texture of a life and writes short vivid often disturbingly erotic scenes it's a play that leaves me proclaiming Nagy a writer of real talent Guardian Disappeared winner of the Mobil Prize 1995 A piece that gets right under your skin There's no neat solution to Nagy's conundrum just a fog of fear despair and most remarkably of all a final mirage of escape Spine tingling stuff Daily Telegraph The Strip kaleidoscopic and hugely accomplished dissection of fate love and chance Independent Each play I see by Phyllis Nagy confirms me in the belief that she is the finest playwright to have emerged in the 1990s Financial Times

Rape on the Contemporary Stage Lisa Fitzpatrick, 2018-01-22 This book investigates the representation of rape in British and Irish theatre since the second wave of the Women's Movement Mainly focusing on the period from the 1990s to the present it identifies key feminist debates on rape and gender and introduces a set of ideas about the function of rape as a form of embodied gendered violence to the analysis of dramaturgical and performance strategies used in a range of important and/or controversial works The chapters explore the dramatic representation of consent feminist performance strategies that interrogate common attitudes to rape and rape survivors the use of rape as an allegory for political oppression the relationships of vulnerability eroticism and affect in the understanding and representation of sexual violence and recent work that engages with anti rape activism to present women's personal experiences on stage

Staging Motherhood J. Komporaly, 2006-10-31 Focusing on post 1956 British women playwrights this book questions to what extent transformations in women's lives have impacted on theatre Contributing to a range of discourses including gender studies cultural studies and theatre and performance studies this timely volume is crucial to our understanding of women's drama in this period

Contemporary Scenes for Actors Michael Earley, Philippa Keil, 2013-09-13 Contemporary Scenes for Actors Women collects scenes from the most acclaimed and award winning playwrights of the 1990s It contains over 40 two character scenes for women women and women men with the selection of scenes encompassing the widest range of styles from serious to comic and shades in between A fuller appreciation of the dramatic context of the scenes is enhanced by the editors introductions and commentaries Each of the scenes offers the actor the opportunity to develop and explore the vital dynamic and unique challenge of working with a partner on stage

Performing Human Consciousness Vanessa Dodd, 2024-09-30 Is the mind like a theatrical performance This comparison has often been used as a conceptual tool by neuroscientists philosophers and psychologists in trying to understand what constitutes the human mind and in particular how the comings and goings and the character transformations on the stage and in the scripted text give us visible access to the hidden workings of the human mind Performing Human Consciousness makes use of this metaphor to explore the variety

of ways in which the private thoughts and feelings we all have bring into play many aspects of persistent philosophical questions over how the essentially private world of personal experiences can relate to and communicate with the common public world To investigate this generalisation in more detail the author brings into play her own conscious experiences by making use of an auto inscribed play *Being Me Through* this dramatic medium she seeks to show in detail how phenomenal consciousness is captured through the dramatic play text and thereby made known to others through performance of that text Broadening out her argument further the author then embarks on an enquiry into a selection of play texts from an historical variety of perspectives from the early Greek and Mediaeval dramas through to the Symbolist period and onwards to the present day demonstrating the variety of ways in which they illustrate her argument This book will be of great interest to students and scholars of theatre performance and scriptwriting [Catalog of Copyright Entries](#) Library of Congress.
