## **Nairobi To Vancouver The World Council Of Churches And The World 197587:**

**Nairobi to Vancouver** Ernest W. Lefever, 1987      **Ecumenical Babel** Jordan Joseph Ballor, 2010 A critical engagement of the ecumenical movement's approach to ethical and economic issues Ecumenical Babel updates a line of criticism articulated by Dietrich Bonhoeffer Paul Ramsey and Ernest W Lefever Arguing for the continuing importance of Christian ecumenism Jordan J Ballor seeks to correct the errors created by the imposition of economic ideology onto the social witness of ecumenical Christianity as represented by the Lutheran World Federation the newly formed World Communion of Reformed Churches and the World Council of Churches Ecumenical Babel is a voice for sustained ecumenical dialogue vital ecclesiastical witness and individual Christian conscience BACK COVER      **Ideology in America** Alan F. Geyer, 1997-01-01 In this prophetic and inspiring call to justice peace and economic democracy Alan Geyer proposes strategies for mainline churches and ecumenical institutions to counter the assault of damaging conservative ideologies With passion and trademark clarity he urges all people of goodwill to renew their commitment to the poor and the disadvantaged      *The Intellectual Temptation* Frits Bolkestein, 2013-03-29 an absorbing and beautifully written study that deserves a very wide audience Joshua Muravchik an erudite account of where the vision of individual liberty comes from why some ideologues set themselves against it and how our contemporaries have ceased to treasure it Christopher Caldwell Bolkestein exposes today's fashionable yet dangerous ideas doing a great service not only to Europe but indeed to the whole of Western civilization Ayaan Hirsi Ali The dangers of intellectuals and their ideas in politics have rarely been written about by politicians themselves This is not surprising for few politicians are up to the task However Frits Bolkestein is a notable exception bringing rare if not unique qualifications to this examination Not only has he held national and international office in Europe but he has also studied read taught and published broadly The thesis of *The Intellectual Temptation* is simple but penetrating intellectuals' ideas are problematic as political ideas because they are often neither derived from nor falsifiable by experience These ideas are frequently dreams attempting to become reality through power politics There is also a cultural problem Intellectuals are pack animals looking to one another for approval This affects the quality of their ideas as they are susceptible to fashionable ideology and group pressure frequently attracted to ideas that are appealing rather than sound Very few of them are brave enough to stand against the prevailing orthodoxy Beginning with a history of ideology Bolkestein traces a nearly 300 year trend of bad ideas making worse politics sometimes disastrously so From his own experience he offers a vision of a politics of prudence proper pragmatism and Classicism as a way out of the intellectual temptation that we have fallen under

**Pentecostalism and Christian Unity** Wolfgang Vondey, 2010-03-01 This volume of ecumenical documents key texts and critical essays is the first collection of its kind exclusively dedicated to Pentecostalism and its contributions to Christian unity In the first part a cadre of internationally renowned scholars addresses the ecumenical heritage and perspectives of the Pentecostal movement since the early twentieth century Part 2 offers a collection of final reports from international dialogues

with Pentecostal participation The final part contains programmatic essays in response to The Nature and Mission of the Church a major study on the doctrine of the church published by the World Council of Churches Most of these essays were first presented by the ecumenical studies group of the Society for Pentecostal Studies currently the only organized ecumenical think tank among Pentecostals in North America Since its formation in 2001 the group has encouraged Pentecostal participation in ecumenical concerns has hosted Roman Catholic Pentecostal conversations at the annual meeting of the Society has invited international scholarly debates on ecumenical matters and has engaged in the study of ecumenical consensus statements The essays and documents in this collection model the dedication and commitment among Pentecostals today that engage the challenges and opportunities of Christian unity from the perspective of a tradition that has often been falsely accused of being anti ecumenical This collection presents an invaluable resource for teachers scholars and pastors interested in engaging the global Christian arena from the worldwide and ecumenical image of Pentecostalism Of all of the dialogues with whom the Roman Catholics have been involved in the evangelical community the Pentecostal may be the most interesting and influential The Pentecostal and Catholic communities have experienced serious tension in certain parts of the world especially in Latin America Therefore these dialogues and the reflections brought together in this book should be a rich source for the task of making the results of the dialogues a common heritage in Catholic and Pentecostal seminaries colleges and universities and congregations around the world Dr Vondy has assembled a line up of Pentecostal scholars known for their depth scope and fairness a set of essays that should be of interest well beyond the Catholic and Pentecostal communities Jeffrey Gros FSC Memphis Theological Seminary In the field of ecumenism the common perception is that the youngest and fastest growing movement in global Christianity has been absent Pentecostalism and Christian Unity will not only expose this misunderstanding but also prove to be an invaluable resource Along with official bilateral documents a series of essays documents the nature of Pentecostal ecumenical engagement and provides mature theological reflection on how to proceed The ecumenical movement will be both enriched and challenged by this contribution Ralph Del Colle Marquette University      Anti-Americanism Paul Hollander, In its domestic manifestations anti Americanism may be equated with alienation or an embittered radical social criticism Abroad it may take the form of nationalism anti capitalism and protest against modernity This volume examines the phenomenon within American society and aboard especially among intellectuals      The coming century of commonism Philip C. Bom, 1992-03-01      The Sword and the Shield Christopher Andrew, 2000-08-29 The Sword and the Shield is based on one of the most extraordinary intelligence coups of recent times a secret archive of top level KGB documents smuggled out of the Soviet Union which the FBI has described after close examination as the most complete and extensive intelligence ever received from any source Its presence in the West represents a catastrophic hemorrhage of the KGB s secrets and reveals for the first time the full extent of its worldwide network Vasili Mitrokhin a secret dissident who worked in the KGB archive smuggled out copies of its most highly classified

files every day for twelve years In 1992 a U S ally succeeded in exfiltrating the KGB officer and his entire archive out of Moscow The archive covers the entire period from the Bolshevik Revolution to the 1980s and includes revelations concerning almost every country in the world But the KGB s main target of course was the United States Though there is top secret material on almost every country in the world the United States is at the top of the list As well as containing many fascinating revelations this is a major contribution to the secret history of the twentieth century Among the topics and revelations explored are The KGB s covert operations in the United States and throughout the West some of which remain dangerous today KGB files on Oswald and the JFK assassination that Boris Yeltsin almost certainly has no intention of showing President Clinton The KGB s attempts to discredit civil rights leader in the 1960s including its infiltration of the inner circle of a key leader The KGB s use of radio intercept posts in New York and Washington D C in the 1970s to intercept high level U S government communications The KGB s attempts to steal technological secrets from major U S aerospace and technology corporations KGB covert operations against former President Ronald Reagan which began five years before he became president KGB spies who successfully posed as U S citizens under a series of ingenious disguises including several who attained access to the upper echelons of New York society

**Blood and Politics** Leonard Zeskind,2009-05-12 More than fifteen years in the making Blood and Politics is the most comprehensive history to date of the white supremacist movement as it has evolved over the past three plus decades Leonard Zeskind draws heavily upon court documents racist publications and first person reports along with his own personal observations An internationally recognized expert on the subject who received a MacArthur Fellowship for his work Zeskind ties together seemingly disparate strands from neo Nazi skinheads to Holocaust deniers to Christian Identity churches to David Duke to the militia and beyond Among these elements two political strategies mainstreaming and vanguardism vie for dominance Mainstreamers believe that a majority of white Christians will eventually support their cause Vanguardists build small organizations made up of a highly dedicated cadre and plan a naked seizure of power Zeskind shows how these factions have evolved into a normative social movement that looks like a demographic slice of white America mostly blue collar and working middle class with lawyers and Ph D s among its leaders When the Cold War ended traditional conservatives helped birth a new white nationalism most evident now among anti immigrant organizations With the dawn of a new millennium they are fixated on predictions that white people will lose their majority status and become one minority among many The book concludes with a look to the future elucidating the growing threat these groups will pose to coming generations

*The Puzzle of the Soviet Church* Kent Richmond Hill,1989 Guidebook for Prudent and effective look at the church in Russia Complex history and current realities of believers in the Soviet Union

**The Price of Prophecy** Alexander F. C. Webster,1993 *The Soviet Union on the Brink* Kent Richmond Hill,1991

**Journal of Ecumenical Studies** ,1989 *America's Future* ,1986 [The Mitrokhin Archive](#) Christopher M. Andrew,Vasili Mitrokhin,1999 In 1992 the British Secret Intelligence Service exfiltrated from Russia a defector Vasili

Mitrokhin worked for almost 30 years in the foreign intelligence archives of the KGB which in 1972 he was made responsible for moving to a new HQ just outside Moscow He was congratulated by the head of foreign intelligence Vladimir Kryuchkov later the ringleader of the 1991 Moscow coup for his success in transferring the archives and his devoted service to the state security authorities Unknown to Kryuchkov Mitrokhin a secret dissident spent over a decade noting and copying highly classified files which at enormous personal risk he smuggled daily out of the archives and kept beneath his dacha floor

**Foreign Affairs** ,1988      **Newsletter** Ethics and Public Policy Center (Washington, D.C.),1998      Perestroika Mikhail Sergeevich Gorbachev,1989      **This World** ,1988      **Liberation and Orthodoxy** Yacob Tesfai,1996 This hard hitting volume probes the way in which the members of the World Council of Churches and other Christian world communions have carried on dialogue with member and non member churches and questions whether the canons of doctrinal orthodoxy that have prevailed are adequate How do these criteria for judging ecclesial authenticity stand up to third world churches canons of orthopraxy As the world church becomes increasingly the church of the Third World what is the future of the ecumenical movement According to Tesfai third world Christians demand that ecumenism be judged by its contribution to the struggle for liberation in a hostile world He shows convincingly that the weight given to canons of theological orthodoxy makes much of the ecumenical dialogue of the past fifty years unappealing to Christians in the Third World Here the criterion becomes how dialogue and ecclesial life direct the followers of Christ to open up to a broader ecumenism that seeks to overcome injustice and to realize the full freedom promised in the gospel
