Naked Truth About Cults And Erroneous Teachings:

The Naked Truth about Cults and Erroneous Teachings Sam Henry, 1993 **Jehovah's Witnesses & the False Teachings of the Watchtower Society** Billy Crone, **Encyclopedic Dictionary of Cults, Sects, and World Religions** Larry A. Nichols, George Mather, Alvin J. Schmidt, 2010-02-23 Up to date well documented comprehensive coverage of cults sects and world religions from the historical to the contemporary INCLUDES Well known groups and world religions such as Jehovah s Witnesses Mormons Islam and Baha i Groups with a significant North American influence including Santeria Rastafarians Haitian Voodoo white supremacy groups Wicca and Satanism REVISED UPDATED AND EXPANDED TO INCLUDE NEW ENTRIES AND NEW INFORMATION Updated information on Islam and its global impact New entries the Branch Davidians Native American religions Heaven s Gate Aum Supreme Truth the Boston Movement the Masonic Lodge and many others Developments in the world of cults and the occult Encyclopedic Dictionary of Cults Sects and World Religions is arguably the most significant reference book on the subject to be published Formerly titled Dictionary of Cults Sects Religions and the Occult it provides reliable information on the history and beliefs of nearly every form of religion active today This extensively revised edition includes new topics updated information and a brand new format for a clearer more organized approach The authors evaluate the beliefs and practices of each group from the perspective of the Bible and the historic creeds of the Christian church You ll also find group histories numerous illustrations charts current statistics websites bibliographies and other useful information [The Spiritual Truth Series](#) Lucian Phoenix-Wolf, 2004-10 Have you ever had anything weird or unusual happen to you You are not alone Most people use religion to explain anything supernatural that may have happened to them The author did this and he soon found out how wrong he was Finding the truth is a very freeing experience This book is about opening your mind and finding out the power you have in your beliefs I bet you would be surprised at what you could do if you just change how you think That s right you control what you believe When you uncover the power that you have in your beliefs you could do almost anything All you have to do is accept the fact that truth is stranger than fiction Publisher description [Answers for the Honest Skeptic](#) Ted Even, 2022-10-03 It is true that mankind itself has probably always been characterized with the main desire to determine just what spiritual truth really is For centuries and centuries highly educated philosophers and religious men alike have always stood toe to toe disagreeing on spiritual truth Since they cannot all be right this would strongly indicate that education religious persuasion or even intelligence has little to do with our discovery of the real spiritual truth For if these things were truly critical then obviously the spiritual intellectual giants of history would have agreed on spiritual truth long ago In this work author Ted Even endeavors to show that the disagreeing intellectuals skeptics of the past only serves to reinforce Christ s radical statement about our need to just become like little children in order to discover the spiritual truth and that literally everyone has the same opportunity to enter the kingdom of heaven on that basis However while super intelligence or big degrees may not be

necessary the discovery of spiritual truth does require just one very reasonable quality of heart which little children have always possessed Find out just what this basic quality of heart is as you continue your search for spiritual truth within this simple to understand work which only leaves the real spiritual truth left standing *False Doctrines* John R Rice,1994-12
