Noone, and Amy Spector. They comprise five MM romance novellas featuring being naked in a garden somehow somewhere to mark World Naked Gardening Day on the first Saturday of May. Grayson wants to grow vegetables and he has a plan for how to do it. Cam loves flowers in perfect rows but Grayson is incapable of growing things in lines. Most days end in conflict at least until Grayson realizes he can shut Cam up by kissing him. But will they ever be able to agree about the garden? Strike a Pose by Nell Iris: Didrik would do anything for his BFF Filip, including taking naked pictures for a charity calendar of his dad Johan, the stunning man responsible for Didrik's gay awakening. Now a widower, Johan is ready to move on. As they start the project, the attraction between them grows. Their connection is easy but not without challenges. Will they get their happily ever after? The Death of Digby Catch by Amy Spector: When August Catch arrives at the Arachne's Loom estate to collect his late Uncle Digby's things, he is thrown together with Theo Webb, the heir to the Webb family fortune. The attraction is instant. When Theo begins to suspect Digby may have been murdered, he and August will need to work together to discover the killer and not let the thing growing between them be a distraction. The Hermit of Aldershill Manor by K.L. Noone: Charlie's ready to start a new job and life at Aldershill Manor. As a historian, he's thrilled to dive into the archives. And he can run from a messy break-up. And explore lovely gardens too. Lionel does not like tourists, conversations, or social niceties. But he loves his job helping beauty grow. When he finds the new historian caught in a storm, he offers shelter which might bloom into more. Warning Deep Water by A.L. Lester: Spring 1947. England has just come through the worst winter in living memory. Peter's been drifting since he left the army a year ago. George is lonely despite the busy horticultural nursery he owns. Peter's decision to take a swim in the irrigation tank presents them both with the chance to reach out and help each other. Can two misfits find a way to fit together with someone after all? The Garden, 1874

Naked Brian Hoffman, 2015-05-01 In 1929 a small group of men and women threw off their clothes and began to exercise in a New York City gymnasium, marking the start of the American nudist movement. While countless Americans had long enjoyed the pleasures of skinny dipping or nude sunbathing, nudists were the first to organize a movement around the idea that exposing the body corrected the ills of modern society and produced profound benefits for the body as well as the mind. Despite hostility and skepticism, American nudists enlisted the support of health enthusiasts, homemakers, sex radicals, and even ministers, and in the process redefined what could be seen, experienced, and consumed in twentieth-century America. *Naked* gives a vibrant, detailed account of the American nudist movement and the larger cultural phenomenon of public nudity in the United States. Brian S. Hoffman reflects on the idea of nakedness itself in the context of a culture that wrestles

with an inherent sense of shame and conflicting moral attitudes about the body In exploring the social and legal history of nudism Hoffman reveals how anxieties about gender race sexuality and age inform our conceptions of nakedness The book traces the debates about distinguishing deviant sexualities from morally acceptable display the legal processes that helped bring about the dramatic changes in sexuality in the 1960s and 1970s as well as the explosion in eroticism that has increasingly defined the modern American consumer economy Drawing on a colorful collection of nudist materials films and magazines *Naked* exposes the social cultural and moral assumptions about nakedness and the body normally hidden from view and behind closed doors
