

# Katie's Autobiography

My name is Mohammed and I am 11 years old. I was born in Dubai. When I was a baby I drank from a bottle. My mom took good care of me. When I started to grow, my little sister was born. Our bedroom was filled with toys. Then, I started Kindergarten. I learned a lot. My teacher was very nice and taught me how to read. Next, I went to first grade. First grade is a little harder, but I am still learning a lot. My best friend is Moayed. He's really funny. We like to play tag at recess. I like my teacher this year because he reads us stories. My favorite subject is reading. I read lots of books. My favorite one is called "Diary of a Spider." My favorite color is purple and my favorite thing to do is sing. I live with my mom, my dad, and my sister. We go on walks together around the neighborhood. After school I always eat a snack. When I grow up, I want to be a doctor just like my dad.

spring night in 1988 when her father was killed by teenagers just blocks from their public housing estate Her mother's dysfunctional reliance on the church deepened following the tragedy and King suffering from undiagnosed anxiety stopped attending school The account of her father's death remained hazy made worse by the fact that four of the accused teenagers neighborhood boys she could not avoid were never charged What could have triggered such an act of aggression Clinging to hearsay and what little information she had from the police King allowed her imagination to fill in the rest Over the years in a bid to balm her grief and gaps in formal education King journeyed through multiple belief systems she distanced herself from fundamentalism searching for clarity instead in the occult paranormal beliefs and conspiracy theories Amid the chaos of her coming of age she stumbled upon a copy of Carl Sagan's *The Demon Haunted World* on the shelves of a Birmingham bookshop a discovery that proved transformative Sagan's sage caveat But I could be wrong became King's guiding light empowering her to confront her demons An eloquently written and often sharply funny account that is ever sensitive to the fallibility of memory and the nuances of truth *Learning to Think* is a resounding battle cry for the value of education and the freedom to think critically imaginatively and for oneself *La Follette's Magazine*, 1916
