Nancy Grossman Nancy Grossman, 2012 Nancy Grossman's work continually returns to the human body and the charged relationships that make up our world. She began as a painter in the late 1950s working in a style that combined the energy of Abstract Expressionism with figuration. In the mid 1960s she began incorporating found leather and metal parts into chaotic and explosive wall reliefs. Coming of age in the 1960s Grossman was painfully aware of the condescending environment in which she and many women artists worked. Soon she began carving lifelike human heads and covering them with black leather, a body of work she continued to create until the early 1990s. Frequently described as disturbing, these images blew conventional images of femininity to smithereens as critic Holland Cotter noted. Alongside her three-dimensional art, Grossman has consistently produced masterful drawings and revealing collages that give presence to emotional and physical struggle. This retrospective volume surveys all aspects of her independent and inspiring career.     *Nancy Grossman* Nancy Grossman, 1978     **Diane Arbus** Patricia Bosworth, 2012-06-05 A spellbinding portrait of the tumultuous life and artistic career of one of the most creative photographers of the 1960s. New York magazine Diane Arbus became famous for her intimate and unconventional portraits of twins, dwarfs, sideshow performers, eccentrics, and everyday freaks. Condemned by some for voyeurism, praised by others for compassion, she was nonetheless a transformative figure in twentieth-century photography and hailed by all for her undeniable genius. Her life was cut short when she committed suicide in 1971 at the peak of her career. In the first complete biography of Arbus, author Patricia Bosworth traces the arc of Arbus's remarkable life: her sheltered upper-class childhood and passionate, all-consuming marriage to Allan Arbus; her roles as wife and devoted mother; and her evolution from fashion photographer to critically acclaimed artist, one who forever altered the boundaries of photography.     **Nancy Grossman** Nancy Grossman, Cordier & Ekstrom (New York, N.Y.), 1976     **Abstract Bodies** David J. Getsy, 2015-11-03 Original and theoretically astute, *Abstract Bodies* is the first book to apply the interdisciplinary field of transgender studies to the discipline of art history. It recasts debates around abstraction and figuration in 1960s art through a discussion of gender's mutability and multiplicity. In that decade, sculpture purged representation and figuration but continued to explore the human as an implicit reference. Even as the statue and the figure were left behind, artists and critics asked how the human and particularly gender and sexuality related to abstract sculptural objects that refused the human.

form This book examines abstract sculpture in the 1960s that came to propose unconventional and open accounts of bodies persons and genders Drawing on transgender and queer theory David J Getsy offers innovative and archivally rich new interpretations of artworks by and critical writing about four major artists Dan Flavin 1933 1996 Nancy Grossman b 1940 John Chamberlain 1927 2011 and David Smith 1906 1965 *Abstract Bodies* makes a case for abstraction as a resource in reconsidering gender s multiple capacities and offers an ambitious contribution to this burgeoning interdisciplinary field
