Charters Duchess Constance Br Judith Everard, Michael C. E. Jones, 1999 Ducal charters illuminate politics external relations and the conduct of government and also Breton society and institutions The indispensable charter collection for the Breton lands in the complex period of the break up of the Angevin hegemony ENGLISH HISTORICAL REVIEW Around 1200 sovereignty over the duchy of Brittany was disputed by the Angevin kings of England and the Capetian kings of France With few local chronicle sources concerning Brittany in this important period ducal charters provide crucial evidence for politics external relations and the conduct of government They are also an essential source for Breton society and institutions in a period of rapid change and development Collected here for the first time are the acts of Duchess Constance 1171 1201 her mother dowager duchess Margaret of Scotland Constance s three husbands Geoffrey son of King Henry II Ranulf III earl of Chester and Guy de Thouars and her three children Eleanor Arthur of Brittany and Alice who succeeded in 1213 to a duchy under Capetian sovereignty The subject matter concerns not only Brittany but also the Breton rulers extensive lands in England the honour of Richmond and even the counties of Anjou Maine and Touraine while they were under Arthur s rule The charters are also of wider general significance for the light they cast on the exercise of political power by female rulers MICHAEL JONES is Emeritus Professor of Medieval French History at the University of Nottingham *Marianne in Chains* Robert Gildea, 2024-03-26 A startling and original view of the occupation of the French heartland based on a new investigation of everyday life under Nazi rule In France the German occupation is called simply the dark years There were only the good French who resisted and the bad French who collaborated *Marianne in Chains* a broad and provocative history uncovers a rather different story one in which the truth is more complex and humane Drawing on previously unseen archives firsthand interviews diaries and eyewitness accounts Robert Gildea reveals everyday life in the heart of occupied France He describes the pressing imperatives of work food transportation and family obligations that led to unavoidable compromise and negotiation with the army of occupation In the process he sheds light on such subjects as forced labor the role of the Catholic Church the horizontal collaboration between French women and German soldiers and most surprisingly the ambivalent attitude of ordinary people toward the Resistance A great work of reconstruction *Marianne in Chains* provides a clear view unobscured by romance or polemics of the painful ambiguities of living under tyranny **Usages locaux et règlements du Département de la Loire-Inférieure ...
