Profound silence reigned in the valleys and gorges of Jena and Auerstadt The battles were over The victorious French had marched to Jena to repose for a few days while the defeated Prussians had fled to Weimar or were wandering across the fields and in the mountains anxiously seeking for inaccessible places where they might conceal their presence from the pursuing enemy A panic had seized the whole army All presence of mind and sense of honor seemed to be lost Every one thought only of saving his life and of escaping from the conquering arms of the invincible French Here and there it is true officers succeeded by supplications and remonstrances in stopping the fugitives and in forming them into small detachments with which the commanders attempted to join the defeated and retreating main force But where was this main army Whither had the Prince of Hohenlohe directed his vanquished troops Neither the officers nor the soldiers knew They marched along the high roads not knowing whither to direct their steps But as soon as their restless eyes seemed to discern French soldiers at a distance the Prussians took to their heels throwing their muskets away to relieve their flight and surrendering at discretion when there was no prospect of escape In one instance a troop of one hundred Prussians surrendered to four French dragoons who conducted their prisoners to headquarters and once a large detachment hailed in a loud voice a few mounted grenadiers who intended perhaps to escape from their superior force and gave the latter to understand by signals and laying down their arms that they only wished to surrender and deliver themselves to the French The Prussians had reached Jena and Auerstadt confident of victory and now had left the battle field to carry the terrible tidings of their defeat like a host of ominously croaking ravens throughout Germany The battle field on which a few hours previously Death had walked in a triumphant procession and felled thousands and thousands of bleeding victims to the ground was now entirely deserted Night had thrown its pall over the horrors of this Calvary of Prussian glory the howling storm alone sang a requiem to the unfortunate soldiers who with open wounds and features distorted with pain lay in endless rows on the blood stained ground At length the night of horror is over the storm dies away the thick veil of darkness is rent asunder and the sun of a new day arises pale and sad pale and sad he illuminates

the battle field reeking with the blood of so many thousands What a spectacle How many mutilated corpses lie prostrate on the ground with their dilated eyes staring at the sky and among them the happy the enviable how many living groaning bleeding men writhing with pain unable to raise their mutilated bodies from the gory bed of torture and death The sun discloses the terrible picture hidden by the pall of night it illuminates the faces of the stark dead but awakens the living and suffering the wounded and bleeding from their benumbed slumber and recalls them to consciousness and the dreadful knowledge of their wretched existence With consciousness return groans and wails and the dreadful conviction of their wretched existence opens their lips and wrings from them shrieks of pain and despair How enviable and blissful sleep the dead whose wounds bleed and ache no longer How wretched and pitiable are the living as they lie on the ground tortured by the wounds which the howling night wind has dried so that they bleed no more Those poor deserted ones in the valley and on the hills the sun has awakened and the air resounds with their moans and cries and despairing groans and heart rending entreaties for relief But no relief comes to them no cheerful voice replies to their wails Hundreds perhaps thousands had been placed in the ambulances and during the sudden panic the surgeons had left the battle field with them But hundreds nay thousands remained behind and with no one to succor them

The Cambridge Modern History: Napoleon ,1906 *Napoleon's Master* David Lawday,2007-11-13 Born into the high aristocracy where rank meant more than wealth Charles Maurice de Talleyrand Perigord was to become one of the great politicians of all time His early career in politics was marked with turmoil a liberal who saw the need to curb the powers of

the monarchy Talleyrand fled from France when the violence of the revolution turned extreme in 1792 first to England and then to the United States It was not until his return to France after the dust had settled in 1796 that his star would begin to rise in earnest First he was appointed Foreign Minister In this position he aligned himself with the charismatic general who would become Emperor of France Napoleon Bonaparte In the course of the next three decades Talleyrand would prove himself perhaps the most adept politician of all time his political pliability allowed him to survive the fall of Bonaparte and the consequent second Bourbon restoration He was in the shadow of power in Europe through more upheaval than perhaps any other person of his generation Napoleon s Master is a riveting portrait of an eternally fascinating man **Napoleon's**

Poisoned Chalice Dr Martin Howard,2009-04-01 In 1815 Napoleon Bonaparte arrived on the island of St Helena to begin his imprisonment following Waterloo By 1821 he was dead During his brief stay he crossed paths with six medical men all of whom would be changed by the encounter whether by court martial the shame of misdiagnosis or resulting celebrity What would seem to be a straightforward post became entangled with politics as Governor Hudson Lowe became paranoid as to the motivations of each doctor and brought their every move into question In Napoleon s Poisoned Chalice Martin Howard addresses the political pitfalls navigated with varying success by the men who were assigned to care for the most famous man in Europe The hostility that sprang up between individuals thrown together in isolation the impossible situations the doctors found themselves in and the fear of censure when Napoleon finally began to die [Introduction to Saint Helena](#)

Gilad James, PhD, Saint Helena is an isolated volcanic island in the South Atlantic Ocean located approximately 1 200 miles west of the coast of Africa The island was discovered by the Portuguese in 1502 and was later occupied by the British in 1659 becoming an important British outpost during the 19th century Saint Helena is known for being the final resting place of the exiled Napoleon Bonaparte who was exiled on the island from 1815 until his death in 1821 Today the island is a British Overseas Territory with a population of approximately 4 000 inhabitants Despite its remote location Saint Helena has a rich history and culture The island s isolation has contributed to the development of a distinct culture and language known as Saints English which is a mixture of English Portuguese and African dialects In addition to Napoleon s tomb the island is also home to a number of historic landmarks including the Jacob s Ladder staircase which has 699 steps and the 16th century Plantation House which serves as the residence of the island s governor Today Saint Helena s economy is largely dependent on tourism as visitors come to explore the island s natural beauty and rich history
