

Narrative: Culture and Change

- “The myths, beliefs, and practices preferred by a culture or group of cultures will find their way into those cultures’ narratives where they can be reinforced, criticized, or simply reproduced. It is possible to apprehend social change through changes in thematic or formal trends in narrative over time” (Turner 89).

Narrative Cultures and the Aesthetics of Religion Dirk Johannsen, Anja Kirsch, Jens Kreinath, 2020-01-29 Narrative Cultures and the Aesthetics of Religion presents the aesthetics of narrativity in religious contexts by approaching narrative acts as situated modes of engaging with reality equally shaped by the immersive character of the stories told and the sensory qualities of their performances Introducing narrative cultures as an integrative framework of analysis the volume builds a bridge between classical content based approaches to narrative sources and the aesthetic study of religions as constituted by sensory and mediated practices Studying stories in conjunction with the role that performative acts of storytelling play in the cultivation of the senses the contributors explore the efficacy of storytelling formats in narrative cultures from ancient times until today in regions and cultures across the globe Contributors are Stefan Binder Arianna Borrelli Markus Altena Davidsen Laura Feldt Ingvild S lid Gilhus Dirk Johannsen Jens Kreinath Isabel Laack Martin Lehnert Brigitte Luchesi Bastiaan van Rijn Caroline Widmer Annette Wilke Katharina Wilkens Literacy, Narrative and Culture Jens Brockmeier, David R Olson, Min Wang, 2013-12-16 An important contribution to the multi disciplinary study of literacy narrative and culture this work argues that literacy is perhaps best described as an ensemble of socially and historically embedded activities of cultural practices It suggests viewing written language producing and distributing deciphering and interpreting signs are closely related to other cultural practices such as narrative and painting The papers of the first and second parts illustrate this view in contexts that range from the pre historical beginnings of tracking signs in hunter gatherer cultures and the emergence of modern literate traditions in Europe in the 17th to 19th century to the future of electronically mediated writing in times of the post Gutenberg galaxy The chapters of the third present results of recent research in developmental and educational psychology Contributions by leading experts in the field make the point that there is no theory and history of writing that does not presuppose a theory of culture and social development At the same time it demonstrates that every theory and history of

culture must unavoidably entail a theory and history of writing and written culture This book brings together perspectives on literacy from psychology linguistics history and sociology of literature philosophy anthropology and history of art It addresses these issues in plain language not coded in specialized jargon and addresses a multi disciplinary forum of scholars and students of literacy narrative and culture

Socialist Imaginations Stefan Arvidsson, Jakub Beneš, Anja Kirsch, 2018-09-21 This volume offers new perspectives on the appeal and profound cultural meaning of socialism over the past two centuries It brings together scholarship from various disciplines addressing diverse national contexts including Britain China France Germany Norway Sweden and the USA Taken together the contributions highlight the aesthetic narrative and religious dimensions of socialism as it has developed through three broad phases in the modern era

early nineteenth century beginnings mass based political organizations and the attainment of state power in the twentieth century and beyond Socialism did not attract millions of people primarily because of logical argument and empirical evidence important though those were Rather it told the most compelling story about the past present and future Refocusing attention on socialism s imaginative dimensions this volume aims to revive scholarly interest in one of the modern world s most

important political orientations **The Bloomsbury Handbook of the Cultural and Cognitive Aesthetics of Religion**

Anne Koch, Katharina Wilkens, 2019-09-05 Bridging the gap between cognition and culture this handbook explores both social scientific and humanities approaches to understanding the physical processes of religious life tradition practice and belief It reflects the cultural turn within the study of religion and puts theory to the fore moving beyond traditional theological philosophical and ethnographic understandings of the aesthetics of religion Editors Anne Koch and Katharina Wilkens bring together research in cultural studies cognitive studies material religion religion and the arts and epistemology Questions of identity gender ethnicity and postcolonialism are discussed throughout Key topics include materiality embodiment performance popular vernacular art and space to move beyond a sensory understanding of aesthetics Emerging areas of research are covered including secular aesthetics and the aesthetic of spirits This is an important contribution to theory and method in the study of religion and is grounded in research that has been taking place in Europe over the past 20 years Case studies are drawn from around the world with contributions from scholars based in Europe the USA and Australia The book is illustrated with over 40 color images and features a foreword from Birgit Meyer **After the Post-Cold War** Jinhua

Dai, 2018-10-25 In *After the Post Cold War* eminent Chinese cultural critic Dai Jinhua interrogates history memory and the future of China as a global economic power in relation to its socialist past profoundly shaped by the Cold War Drawing on Marxism post structuralism psychoanalysis and feminist theory Dai examines recent Chinese films that erase the country s socialist history to show how such erasure resignifies socialism s past as failure and thus forecloses the imagining of a future beyond that of globalized capitalism She outlines the tension between China s embrace of the free market and a regime dependent on a socialist imprimatur She also offers a genealogy of China s transformation from a source of revolutionary power into a fountainhead of globalized modernity This narrative Dai contends leaves little hope of moving from the capitalist degradation of the present into a radical future that might offer a more socially just world **Storying Humanity:**
