Narrative Theology in Early Jewish Christianity William Richard Stegner, 1989 Spine title Narrative theology Includes bibliographical references

Israel in the Wilderness Kenneth Pomykala, 2008 This collection of essays examines how stories from the biblical narrative of Israel in the Wilderness Exodus 16 Deuteronomy 34 were interpreted by later Jewish and Christian writers ca 400 BCE 500 CE Stories such as those about manna and water from a rock the Golden Calf incident Korah's rebellion and the death of Moses provided later Jewish and Christian writers with a treasure trove of material for reflection and interpretation Whereas individual essays investigate how particular literary works such as Ben Sira Qumran documents New Testament writings the Apostolic Fathers and Targums appropriated the biblical text taken together the essays form an exercise in uncovering the hermeneutical imagination of interpreters during formative periods of Jewish and Christian thought This volume will be valuable to those interested in ancient Judaism and early Christianity the history of interpretation of the Hebrew Bible and the hermeneutical appropriation of sacred texts

A Narrative Theology of the New Testament Timo Eskola, 2015-07-21 Focusing on the metanarrative of exile and restoration Timo Eskola claims that a post liberal narrative New Testament theology is both consistent and explanative Combining a post New Quest perspective on Jesus with an eschatological reading of Paul the author states that Jesus temple criticism aims at restoration eschatology Jesus starts a priestly community that expects God's jubilee to begin with Jesus work and proceed with the preaching of the new gospel The reception of this message in the post Easter church results in resurrection Christology that proclaims Jesus Davidic kingship on God's throne of glory Both Paul and Jewish Christian teachers later present Christ's community as a new temple where believers serve the Lord as priests of the new covenant Furthermore restoration eschatology provides a new basis for understanding Paul's contrast with the words of the law and his teaching of justification

New Narratives for Old Anthony Briggman, Ellen Scully, 2022-06-17 Guilds and conferences have grown up around historical theology yet no volume has ever been dedicated to the definition and illustration of the method undergirding historical theology This volume both defines and illustrates the methodology of historical theology especially as it relates to the study of early Christianity and situates historical theology among other methodological approaches to early Christianity including confessional apologetics constructive theology and socio cultural history Historical theology as a discipline stands in contrast to these other approaches to the study of early Christianity In contrast to systematic or constructive approaches it remains essentially historical with a desire to elucidate the past rather than speak to the present In contrast to socio historical approaches it remains essentially theological with a concern to value and understand the full complexity of the abstract thought world that stands behind the textual tradition of early Christian theology Moreover historical theology is characterized by the methodological presupposition that unless good reason exists to think otherwise the theological accounts of the ancient church articulate the genuine beliefs of their authors The significance of this volume lies in the methodological definition it

offers The strength of this volume lies in the fact that its definition of the historical method of studying theology is not the work of a single mind but that of over twenty respected scholars many of whom are leaders in the field The volume begins with an introductory essay that orients readers to various approaches to early Christian literature it moves to two technical essays that define the historical method of studying early Christian theology and then it illustrates the practice of this method with more than twenty essays that cover a period stretching from the first century to the dawn of the seventh *Turmoil, Trauma and Tenacity in Early Jewish Literature* Nicholas P. L. Allen, Jacob J. T. Doedens, 2022-08-01 This volume is written in the context of trauma hermeneutics of ancient Jewish communities and their tenacity in the face of adversity i e as recorded in the MT LXX Pseudepigrapha the Deuterocanonical books and even Cognate literature In this regard its thirteen chapters are concerned with the most recent outputs of trauma studies They are written by a selection of leading scholars associated to some degree with the Hungaro South African Study Group Here trauma is employed as a useful hermeneutical lens not only for interpreting biblical texts and the contexts in which they were originally produced and functioned but also for providing a useful frame of reference As a consequence these various research outputs each in their own way confirm that an historical and theological appreciation of these early accounts and interpretations of collective trauma and its implications perceived or otherwise is critical for understanding the essential substance of Jewish cultural identity As such these essays are ideal for scholars in the fields of Biblical Studies particularly those interested in the Pseudepigrapha the Deuterocanonical books and Cognate literature *A Guide to Early Jewish Texts and Traditions in Christian Transmission* Gabriele Boccaccini, Lorenzo DiTommaso, David Hamidovic, Michael E. Stone, 2019-10-14 The Jewish culture of the Hellenistic and early Roman periods established a basis for all monotheistic religions but its main sources have been preserved to a great degree through Christian transmission This Guide is devoted to problems of preservation reception and transformation of Jewish texts and traditions of the Second Temple period in the many Christian milieus from the ancient world to the late medieval era It approaches this corpus not as an artificial collection of reconstructed texts a body of hypothetical originals but rather from the perspective of the preserved materials examined in their religious social and political contexts It also considers the other non Christian channels of the survival of early Jewish materials including Rabbinic Gnostic Manichaeism and Islamic This unique project brings together scholars from many different fields in order to map the trajectories of early Jewish texts and traditions among diverse later cultures It also provides a comprehensive and comparative introduction to this new field of study while bridging the gap between scholars of early Judaism and of medieval Christianity *Narratives about Jews among Muslims in Norway* Vibeke Moe Bjørnbekk, 2024-06-17 What is the nature of Muslim Jewish relations in Europe today Based on qualitative interview data this book explores narratives about Jews among Muslims in Norway Drawing on culturally embedded narratives as well as personal experiences interviewees reflect on the relationship between Jews and Muslims The interreligious exchange between Islam and Judaism is as old as Islam Today the Arab Israeli conflict

has become an important frame of reference in the public discourse on Muslim Jewish relations The narratives presented in this book delineate shifting community boundaries and identifications that transcend dichotomised notions of Muslims versus Jews The analysis shows how Jewish history in Europe and the history of modern antisemitism serve as interpretative keys in the narratives used for explaining the situation of the Muslim minority today Furthermore the book demonstrates how interviewees perceptions of society s attitudes toward Muslim and Jewish experiences also strongly influence their perceptions of Muslim Jewish relations

Rabbinic Theology and Jewish Intellectual History Meir Seidler, 2013 Rabbi Loew the Maharal of Prague remains one of the most influential and prolific Jewish thinkers of his time Widely considered one of the fathers of Hassidic thought and a harbinger of Modern Jewish philosophy his life and work have retained their influence and remain prevalent today Adopting a multi disciplinary approach this book ranges from an analysis of the historical background to Maharal s thought to examining the relevance of this thought in the modern era before addressing the popular cultural and folkloristic reception of Maharal s impact on modern Western culture This book presents a new understanding of familiar material and will be an invaluable asset to students and scholars of Modern and Early Modern Jewish History and Intellectual thought

Passion, Persecution, and Epiphany in Early Jewish Literature Nicholas Peter Legh Allen, Pierre J. Jordaan, József Zsengellér, 2020-04-08 This volume examines Jewish literature produced from c 700 B C E to c 200 C E from a socio theological perspective In this context it offers a scholarly attempt to understand how the ancient Jewish psyche dealt with times of extreme turmoil and how Jewish theology altered to meet the challenges experienced The volume explores various early Jewish literature including both the canonical and apocryphal scripture Here reference is often made to a divine epiphany a moment of unexpected and prodigious revelation or insight as a response to abuse suffering and passion Many of the chapters deal with these issues in relation to the Antiochan crisis of 169 to 164 B C E in Judea one of the more notable periods of oppression This watershed event appears to have served as a catalyst for the new apocalyptic texts which were produced up until c 200 C E and which reflect a new theological dynamic in Judaism one that informed subsequent Christianity and Rabbinic Judaism Passion Persecution and Epiphany in Early Jewish Literature will be of interest to anyone working on the Bible both Masoretic and LXX and early Jewish literature as well as students of Jewish history and the Levant in the classical period

The Media Matrix of Early Jewish and Christian Narrative Nicholas Elder, 2019-11-14 Generically theologically and concerning content Mark and Joseph and Aseneth are quite different The former is a product of the nascent Jesus movement and influenced by the Greco Roman Bioi Lives It details the life ministry death and resurrection of a wandering Galilean The latter is a Hellenistic Jewish narrative influenced by Greek romances and Jewish novellas It expands the laconic account of Joseph s marriage to Aseneth in Genesis 41 into a full fledged love and adventure story Despite these differences Elder finds remarkable similarities that the texts share Elder uses both texts to examine media and modes of composition in antiquity arguing that they were both composed via dictation from their

antecedent oral traditions Elder's volume offers a fresh approach to the composition of both Joseph and Aseneth and Mark as well as to many of their respective interpretive debates **Narrative Analogy in the Hebrew Bible** Joshua

Berman, 2004-07-01 This volume sheds fresh light upon the phenomenon of narrative doubling in the Hebrew Bible Through an innovative interdisciplinary model the author defines the notion of narrative analogy in relation to other literatures where it has been studied such as English Renaissance drama and makes extensive critical use of contemporary literary theory particularly that of the Russian formalist Vladimir Propp His exploitation of narrative doubling with a focus upon the metaphorical reorients our reading by uncovering a major dynamic in biblical literature The author examines several battle reports and demonstrates how each could be interpreted as an oblique commentary and metaphor for the non battle account that immediately precedes it Battle scenes are revealed to stand in metaphoric analogy with among others accounts of a trial a rape a drinking feast and a court deliberation Joshua Berman offers new insights to the ever growing concern with the relationship between historiography and literary strategies and succeeds in articulating a new aspect of biblical ideology concerning human and divine relationship Narrative Hermeneutics, History, and Rhetoric , 2024-12-23 David P Moessner

has pioneered the study of early Christian narrative both through the investigation of the principles and methods of good storytelling outlined by ancient authors and through the demonstration that Christians especially the author of Luke Acts used these principles and methods in crafting their own stories The contributors to this volume recognize Moessner's enormously valuable research and warm collegiality with twenty one essays on narrative hermeneutics characterization genre intertextuality and reception history Several focus fittingly on Luke and Acts while others press the implications of Moessner's work for comprehension of the wider world of Jewish Christian and Greco Roman storytelling *Polemical and Exegetical Polarities in Medieval Jewish Cultures* Ehud Krinis, Nabih Bashir, Sara Offenberg, Shalom Sadik, 2021-10-25 In his academic career that by now spans six decades Daniel J Lasker distinguished himself by the wide range of his scholarly interests In the field of Jewish theology and philosophy he contributed significantly to the study of Rabbinic as well as Karaite authors In the field of Jewish polemics his studies explore Judeo Arabic and Hebrew texts analyzing them in the context of their Christian and Muslim backgrounds His contributions refer to a wide variety of authors who lived from the 9th century to the 18th century and beyond in the Muslim East in Muslim and Christian parts of the Mediterranean Sea and in west and east Europe This *Festschrift* for Daniel J Lasker consists of four parts The first highlights his academic career and scholarly achievements In the three other parts colleagues and students of Daniel J Lasker offer their own findings and insights in topics strongly connected to his studies namely intersections of Jewish theology and Biblical exegesis with the Islamic and Christian cultures as well as Jewish Muslim and Jewish Christian relations Thus this wide scoped and rich volume offers significant contributions to a variety of topics in Jewish Studies *Early Christian Interpretation of the Scriptures of Israel*

Craig A. Evans, James A. Sanders, 1997-09-01 This book explores the ways in which early Christian writers and communities

from late antiquity through the New Testament period interpreted the scriptures of Israel as they sought to understand Jesus and the Gospel in relation to God's revelation and past acts in history. These essays represent work on the growing edge of studies of the relationship of the Old Testament to the New Testament. The contents authored by both veteran and younger scholars treat methods and canons, Jesus and the Gospels and Acts and the Epistles.

The Hymns of Luke's Infancy Narratives Stephen Farris, 2015-01-29. These hymns, the Magnificat, Benedictus, and Nunc Dimittis, are a familiar part of Christian liturgy, but their origin is uncertain, their meaning debated, and their significance within Luke Acts often ignored. This monograph argues that they were composed in Hebrew by Jewish Christian poets and were incorporated by the evangelist as anticipating certain key themes of his own work.

Theology and the Future Trevor Cairney, David Starling, 2014-07-31. Theology was once queen of the sciences, the integrating centre of Christendom's conceptual universe. In our own time, the very idea of systematic theology is frequently called into question, derided as an arcane and superstitious pseudo-discipline. Even within the church, it is commonly disregarded in favour of unreflective piety and pragmatism. At the same time, the southward shift in world Christianity's centre of gravity prompts crucial questions about the future form and content of theology. Within this context, *Theology and the Future* offers a case for the continuing viability of theology, exploring how it might adapt to changing circumstances and discussing its implications for how we are to imagine and help shape our shared human future. Beginning with the question of God, this book explores what might be meant by the future of God and what its implications are for Christian theology. Chapters follow on the location of theology in global Christianity, the church and the academy, and on its sources and method. The second half of the book explores a wide variety of dimensions of the human future that theology might address and illuminate. The essays bring together a mix of specialist theologians and interdisciplinary thinkers to support the assertion that there can be no more critical endeavor to the future than understanding God and all things in relationship to him.

Studies in Rabbinic Narratives, Volume 1 Jeffrey L. Rubenstein, 2021-03-31. Explore new theoretical tools and lines of analysis of rabbinic stories. Rabbinic literature includes hundreds of stories and brief narrative traditions. These narrative traditions often take the form of biographical anecdotes that recount a deed or event in the life of a rabbi. Modern scholars consider these narratives as didactic fictions, stories used to teach lessons, promote rabbinic values, and grapple with the tensions and conflicts of rabbinic life. Using methods drawn from literary and cultural theory, including feminist, structuralist, Marxist, and psychoanalytic methods, contributors analyze narratives from the Babylonian Talmud, midrash, Mishnah, and other rabbinic compilations to shed light on their meanings, functions, and narrative art. Contributors include Julia Watts Belser, Beth Berkowitz, Dov Kahane, Jane L. Kanarek, Tzvi Novick, James Adam Redfield, Jay Rovner, Jeffrey L. Rubenstein, Zvi Septimus, Dov Weiss, and Barry Scott Wimpfheimer.

Song and Story in Biblical Narrative Steven Weitzman, 1997-10-22. A book which asks and answers a new, interesting question using a rich range of biblical and humanistic methodologies. *Journal of Biblical Literature*. This book examines a literary form within

the Bible that has slipped through the cracks of modern scholarship the mixing of song and story in biblical narrative Journeying from ancient Egyptian battle accounts to Aramaic wisdom texts to early retellings of biblical tales in the Dead Sea Scrolls Jewish Hellenistic literature and rabbinic midrash Steven Weitzman follows the history of this form from its origins as a congeries of different literary behaviors to its emergence as a self conscious literary convention **Dictionary of Jesus and the Gospels** Joel B.
