Locating Postcolonial Narrative Genres

Walter Goebel,Saskia Schabio,2013 This volume explores how postcolonial texts have determined the evolution or emergence of specific formal innovations in narrative genres While the prominence of questions of cultural identity in postcolonial studies has prevented due attention to concerns of literary form and aesthetics this book gives premium to the literary aiming to delineate the evolution of specific narrative techniques as part of an emerging postcolonial aesthetics Essays delineate elements of an emergent postcolonial narratology across a variety of seminal generic forms such as the epic the novel the short story the autobiography and the folk tale focusing on genre as a powerful tool for the historicizing of literature and orature within cultural discourses Investigating the heuristic value of concepts such as mimicry writing back translation negotiation or subversion the book considers the value of explanatory paradigms for postcolonial generic models It also explores the status of postcolonial comparative aesthetics versus globalization studies and liberal concepts of the transnational taking issue with the prominence of Western concepts of identity in discussions of postcolonial literature and the favoring of mimetic forms This volume offers a unique contribution to the study of narrative genre in postcolonial literatures and provides valuable insight into the field of postcolonial studies on the whole

Time and Narrative, Volume 3

Paul Ricoeur,2014-02-08 In the first two volumes of this work Paul Ricoeur examined the relations between time and narrative in historical writing fiction and theories of literature This final volume a comprehensive reexamination and synthesis of the ideas developed in volumes 1 and 2 stands as Ricoeur s most complete and satisfying presentation of his own philosophy Ricoeur s aim here is to explicate as fully as possible the hypothesis that has governed his inquiry namely that the effort of thinking at work in every narrative configuration is completed in a refiguration of temporal experience To this end he sets himself the central task of determining how far a poetics of narrative can be said to resolve the aporias the doubtful or problematic elements of time Chief among these aporias are the conflicts between the phenomenological sense of time that

experienced or lived by the individual and the cosmological sense that described by history and physics on the one hand and the oneness or unitary nature of time on the other In conclusion Ricoeur reflects upon the inscrutability of time itself and attempts to discern the limits of his own examination of narrative discourse As in his previous works Ricoeur labors as an incomparable mediator of often estranged philosophical approaches always in a manner that compromises neither rigor nor creativity Mark Kline Taylor Christian Century In the midst of two opposing contemporary options either to flee into ever more precious readings or to retreat into ever more safe readings Ricoeur's work offers an alternative option that is critical wide ranging and conducive to new applications Mary Gerhart Journal of Religion

ENGLISH LITERATURE ADVANCING THROUGH HISTORY 4 - The Eighteenth Century Petru Golban, 2022-12-28 It appears that literary work possesses eternal temporal validity due to its autonomous aesthetic value whereas criticism provides points of view having temporary and transitory significance Despite such claims the vector of methodology in our series of books dealing with the history of English literature relies on Viktor Shklovsky T S Eliot Mikhail Bakhtin and especially Yuri Tynyanov whose main reasoning would be that literature is a system of dominant central and peripheral marginalized elements to us tradition centre versus innovation margin engaged in a battle for supremacy demarginalization and the right to form a new literary system and the development or historical advancement of literature is the substitution of systems Roman Jakobson and French structuralism on the whole later Linda Hutcheon with her system and constant and Bran Nicol with the dominant to say nothing about Itamar Even Zohar and his theory of polysystem to a certain extent Julia Kristeva and even Homi Bhabha as well as our humble contribution we would like to believe maintain Tynyanov's line of thinking and concepts alive which have developed and emerged nowadays more like a kind of neo formalism Focusing on literary practice applying critical theory and emerging from within our own teaching experience the books in the present series are theoretical and surveyistic like a monograph whereas their more practical and text oriented aspect should appeal as a student handbook for didactic purposes in which certain literary works belonging to various writers of different trends movements and periods are analysed and compared with regard to their source form thematic arrangements ideas motifs character representation strategies intertextual perspectives structural or narrative techniques and other aspects

Romantic Prose Fiction
Gerald Ernest Paul Gillespie, Manfred Engel, Bernard Dieterle, 2008 In this volume a team of three dozen international experts presents a fresh picture of literary prose fiction in the Romantic age seen from cross cultural and interdisciplinary perspectives The work treats the appearance of major themes in characteristically Romantic versions the power of Romantic discourse to reshape imaginative writing and a series of crucial reactions to the impact of Romanticism on cultural life down to the present both in Europe and in the New World Through its combination of chapters on thematic generic and discursive features Romantic Prose Fiction achieves a unique theoretical stance by considering the opinions of primary Romantics and their successors not as guiding truths by which to define the permanent meaning of Romanticism but as data of cultural history that shed important light on an evolving civilization SPECIAL OFFER 30% discount for a complete set order 5 vols The Romanticism series in the Comparative History of Literatures in European Languages is the result of a remarkable international collaboration The editorial team coordinated the efforts of over 100 experts from more than two dozen countries to produce five independently conceived yet interrelated volumes that show not only how Romanticism developed and spread in its principal European homelands and throughout the New World but also the ways in which the affected literatures in reaction to Romanticism have redefined themselves on into Modernism A glance at the index of each volume quickly reveals the extraordinary richness of the series total contents Romantic Irony sets the broader experimental parameters of comparison by concentrating on the myriad expressions of irony as one of the major impulses in the Romantic philosophical and artistic revolution and by combining cross cultural and interdisciplinary studies with special attention also to literatures in less widely diffused language streams Romantic Drama traces creative innovations that deeply altered the understanding of genre at large fed popular imagination through vehicles like the opera and laid the foundations for a modernist theater of the absurd Romantic Poetry demonstrates deep patterns and a sharing of crucial themes of the revolutionary age which underlie the lyrical expression that flourished in so many languages and environments Nonfictional Romantic Prose assists us in coping with the vast array of writings from the personal and intimate sphere to modes of public

discourse including Romanticism's own self commentary in theoretical statements on the arts society life the sciences and more Nor are the discursive dimensions of imaginative literature neglected in the closing volume *Romantic Prose Fiction* where the basic Romantic themes and story types the romance novel novella short story and other narrative forms are considered throughout Europe and the New World This enormous realm is seen not just in terms of Romantic theorizing but in the light of the impact of Romantic ideas and narration on later generations As an aid to readers the introduction to *Romantic Prose Fiction* explains the relationships among the volumes in the series and carries a listing of their tables of contents in an appendix No other series exists comparable to these volumes which treat the entirety of Romanticism as a cultural happening across the whole breadth of the Old and New Worlds and thus render a complex picture of European spiritual strivings in the late eighteenth and the nineteenth centuries a heritage still very close to our age *Romanticism, History, and the Possibilities of Genre* Tiltottama Rajan, Julia M. Wright, 1998-02-13 Romanticism has often been associated with the mode of lyric or otherwise confined within mainstream genres As a result we have neglected the sheer diversity and generic hybridity of a literature that ranged from the Gothic novel to the national tale from monthly periodicals to fictionalized autobiography In this volume leading scholars of the period explore the ways in which the Romantics developed genre from a taxonomical given into a cultural category so as to make it the scene of an ongoing struggle between fixed norms and new initiatives Focusing on non canonical writers such as Thelwall Godwin and the novelists of the 1790s or placing authors such as Wordsworth and Byron in a non canonical context these essays explore the psychic and social politics of genre from a variety of theoretical perspectives while the introduction looks at how genre itself was rethought by Romantic criticism [The Language of Leadership Narratives](#) Jonathan Clifton, Stephanie Schnurr, Dorien Van De Mierop, 2019-11-22 Fascination with leadership and its relation to world events seems to be ever growing and leadership narratives are a key element through which leader identities are constructed Contemporary research into leadership tends to recycle the same old myths of the heroic white male leader By looking at stories told by leaders in Australasia Asia North America the Middle East and Africa this book explores different aspects of leadership narratives *The Language of Leadership Narratives* brings linguistics and leadership research together showcasing different analytical and methodological approaches and enabling a more critical approach Each chapter focuses on a specific area of leadership research from dark leadership to gendered leadership This book introduces the advantages of analysing leadership narratives as social practice and discusses some of the main themes in contemporary leadership research This volume is key reading for scholars and students of linguistics communication studies and business studies and for those working in business and intercultural communication in the workplace
