

TYPES OF IRONY

Verbal Irony

It is used when a person wants to express something using speech which says the opposite of what they mean.

- E.g. If it were a very cold day, a person using verbal irony might say something like ; "Isn't it warm today!"

Situational Irony

This is used when a situation does not have the outcome which was expected in the first instance.

- E.g. If a fire station were to burn down, this would be situational irony as this is the building which is meant to protect from fire.

Dramatic Irony

In a real life situation, it is applied when something happens and the person within the situation is unaware of the true reality.

- E.g. If a person were to say "I am so glad that I wasn't in that car accident", only to be involved in a car accident moments later, this would be dramatic irony.

Irony in the Matthean Passion Narrative InHee C. Irony in Mark's Gospel Jerry Camery-Hoggatt, 2005-10-06 The author of this lucid and interdisciplinary study of Mark s Gospel believes that when applied to Gospel texts sociological analysis and literary criticism may be far closer together in purpose and intent than is often supposed Professor Camery Hoggatt therefore begins his work with an exploration of the social functions of narrative in general and of ironic narrative in particular He then turns to the literary functions of the internal elements of the narrative and draws the two discussions together into a single framework that can be used as a lens through which Mark s Gospel can be read The author s claim is that irony especially dramatic irony thoroughly permeates the Gospel and that this evinces a rhetorical strategy central to Mark s whole narrative The second half of the book shows that the presence of irony is especially powerful when the deeper

level of meaning is somehow hidden from the story's characters

Satire in Narrative Frank Palmeri, 2012-02-01 Virtually all theories of satire define it as a criticism of contemporary society Some argue that satire criticizes the present in favor of a standard of values that has been superseded and thus that satire is generally backward looking and conservative While this is often true of poetic satire in this study Frank Palmeri asserts that narrative satire performs a different function that it parodies both the established view of the world and that of its opponents offering its own distinctive critical perspective This theory of satire builds on the idea of dialogical parody in the work of Russian theorist Mikhail Bakhtin while revising Bakhtin's estimate of carnival In Palmeri's view the carnivalesque offers only an inverted mirror image of authoritative discourse while parodic narrative satire suggests an alternative to both the official world and its inverted opposite Palmeri applies this theory of narrative satire to five works of world literature each of which has generated sharp controversy about the genre to which it rightly belongs Petronius *Satyricon* Jonathan Swift's *A Tale of a Tub* Edward Gibbon's *Decline and Fall of the Roman Empire* Herman Melville's *The Confidence Man* and Thomas Pynchon's *The Crying of Lot 49* He analyzes the features that link these works and shows how the changing pairs of alternatives that are parodied in these satires reflect changes in the terms of social and cultural oppositions *Satire in Narrative* will appeal to comparatists specialists in eighteenth century and American literature and others interested in theories of genre and the relations between literary forms and social history

The Pragmalinguistic

Analysis of Narrative Texts Richard J. Watts, 1981 *Irony and the Logic of Modernity* Armen Avanessian, 2015-09-14 The logic of modernity is an ironical logic Modern irony a flash of genius produced by Romantic theorists is first discussed e g in Hegel and Kierkegaard as an ethical problem personified in figures such as the aesthete the seducer the flaneur or the dandy It fully develops in the novel the modern genre par excellence in novels of the early 19th century no less than in those of postmodernity or in those of the masters of citation parody and pastiche of classical modernism Musil Joyce and Proust This book however goes one step further Looking at how such different authors as Schmitt Kafka and Rorty identify the political conflicts contradictions and paradoxes of the 20th century as ironical and offers a comprehensive account of the constitutive irony of modernity s ethical poetical and political logic

Irony and Meaning in the Hebrew Bible Carolyn J. Sharp, 2008-12-23 Was God being ironic in commanding Eve not to eat fruit from the tree of wisdom Carolyn J Sharp suggests that many stories in the Hebrew Scriptures may be ironically intended Deftly interweaving literary theory and exegesis Sharp illumines the power of the unspoken in a wide variety of texts from the Pentateuch the Prophets and the Writings She argues that reading with irony in mind creates a charged and open rhetorical space in the texts that allows character narration and authorial voice to develop in unexpected ways Main themes explored here include the ironizing of foreign rulers the prostitute as icon of the ironic gaze indeterminacy and dramatic irony in prophetic performance and irony in ancient Israel s wisdom traditions Sharp devotes special attention to how irony destabilizes dominant ways in which the Bible is read today especially when it touches on questions of conflict gender and the Other

The Short Story Valerie Shaw, 2014-07-21 Throughout this text Valerie Shaw addresses two key questions What are the special satisfactions afforded by reading short stories and How are

these satisfactions derived from each story's literary techniques and narrative strategies She then attempts to answer these questions by drawing on stories from different periods and countries by authors who were also great novelists like Henry James Flaubert Kafka and D H Lawrence by authors who specifically dedicated themselves to the art of the short story like Kipling Chekhov and Katherine Mansfield by contemporary practitioners like Angela Carter and Jorge Luis Borges and by unfairly neglected writers like Sarah Orne Jewett and Joel Chandler Harris

Irony in The Twilight Zone David Melbye, 2015-12-14 Rod Serling's pioneering series The Twilight Zone 1959 to 1964 is remembered for its surprise twist endings and pervading sense of irony While other American television series of the time also experimented with ironic surprises none depended on these as much as Serling's However irony was not used merely as a structural device Serling and his writers used it as a provocative means by which to comment on the cultural landscape of the time Irony in The Twilight Zone How the Series Critiqued Postwar American Culture explores the multiple types of irony such as technological invasive martial sociopolitical and domestic that Serling Richard Matheson Charles Beaumont and other contributors employed in the show David Melbye explains how each kind of irony critiqued a specific aspect of American culture and how all of them informed one another creating a larger social commentary This book also places the show's use of irony in historical and philosophical contexts connecting it to a rich cultural tradition reaching back to ancient Greece The Twilight Zone endures because it uses irony to negotiate its definitively modernist moment of high social consciousness and low cultural escapism With its richly detailed frequently unexpected readings of episodes Irony in The Twilight Zone offers scholars and fans a fresh and unique lens through which to view the classic series

Translating Irony Katrien Lievois, Pierre Schoentjes, 2010 Irony is a salient feature of common discourse and of some of contemporary art's more sophisticated representations An intriguing characteristic of art and speech irony's power and relevance reaches well beyond the enclaves of academic research and reflection Translating irony involves a series of interpretative gestures which are not solely provoked by or confined to the act of translation as such Even when one does not move between languages reading irony always involves an act of interpretation which translates a meaning out of a text that is not given The case studies and in depth analyses in *Translating irony* aim to monitor and explain the techniques and challenges involved in the translation of irony

Interludes and Irony in the Ancestral Narrative Jonathan A. Kruschwitz, 2020-12-18 The stories of Hagar Dinah and Tamar stand out as strangers in the ancestral narrative They deviate from the main plot and draw attention to the interests and fates of characters who are not a part of the ancestral family Readers have traditionally domesticated these strange stories They have made them familiar all about the ancestral family Thus Hagar's story becomes a drama of deselection Shechem and the Hivites become emblematic for ancestral conflict with the people of the land and Tamar becomes a lens by which to read providence in the story of Joseph This study resurrects the

question of these stories strangeness Rather than allow the ancestral narrative to determine their significance it attends to each interlude s particularity and detects ironic gestures made toward the ancestral narrative These stories contain within them the potential to defamiliarize key themes of ancestral identity the ancestral divine relationship ancestral relations to the land and its inhabitants and ancestral self identity Perhaps the ancestral family are not the only privileged partners of God the only heirs to the land or the only bloodline fit to bear the next generation *Handbook of Research on Narrative Advertising* Yilmaz, Recep, 2019-06-28 Narration can be conceptualized as conveying two or more events or an event with a situation that are logically interrelated and take place over time and have a consistent topic The concept includes every storytelling text The advertisement is one of the text types that includes a story and the phenomenon conceptualized as advertising narration has gained new dimensions with the widespread use of digital media The Handbook of Research on Narrative Advertising is an essential reference source that investigates fundamental marketing concepts and addresses the new dimensions of advertising with the universal use of digital media Featuring research on topics such as branding mobile marketing and consumer engagement business professionals copywriters students and practitioners will find this text useful in furthering their research exposure to evolutionary techniques in advertising **F.G.
