Narrow Gate Churches Atallah Mansour, 2004 Photographs have a crucial place in the representation of the atomic age and its anxieties Camera Atomica examines narratives beyond the technological sublime that dominates much nuclear photography suppressing representations of the human form in favor of representations of B 52 bombers and mushroom clouds The book proposes that the body is the site where the social environment interacts with the so called atomic road uranium mining and processing radiation research nuclear reactor construction and operation and weapons testing Cameras have both recorded and in certain instances provided motivation for the production of nuclear events Their histories and technological development are intimately intertwined at McGill University in the early 1900s for example Ernest Rutherford employed photography to identify the properties of radioactive materials winning a Nobel Prize for his research and at Los Alamos in the mid 1940s Julian E Mack and Berlyn Brixner designed specialized cameras for measuring the blast yield of nuclear weapons All photographs including nuclear photographs have the capability to function affectively by working on the emotions and fascinating audiences Through a wide range of visual documentation Camera Atomica raises questions such as what has the role of photography been in underwriting a public image of the bomb and nuclear energy Has the circulation of photographic images heightened or lessened anxieties or done both at the same time How should the different visual protocols of photography scientific journalistic documentary touristic and artistic be understood [Palestine's Christians and the Nationalist Cause](#) Erik Freas, 2024-12-23 This book provides an historical overview of Palestine s Christian communities and their role in the Palestinian nationalist movement during the late Ottoman and British mandatory periods More than being a history of Palestine s Christian Arabs the book focuses on Palestine s Christians during the formative period of Palestinian Arab national identity attentive to the broader topic of the relationship between nationalism and religion in this case between Arab identity and Islam Whereas until recently historians have tended to assume that national and religious identities are distinct and mostly mutually exclusive things more recent scholarship has addressed the fact that often there exists considerable overlap between the two though it should be noted often in ways that are not by any means inherently exclusive of those not belonging to the majority faith as is the case here The relationship is also an ever changing one hence the final chapter of the book which functions as something of an epilogue regarding the current status of Palestine s Christians vis vis their place in the nationalist cause and relationship with the broader Muslim population The book will be of interest to historians and scholars focused on the modern Middle East Palestinian history Muslim Christian intercommunal relations and the relationship between nationalism and religion *Palestinian Christians in Israel* Una McGahern, 2012-06-25 Although Christians form a significant proportion of the Palestinian Arab minority in Israel very little research has until now been undertaken to examine their complicated position within Israel This book demonstrates the limits of analyses which characterise state minority relations in Israel in terms of a so called Jewish Muslim conflict and of

studies which portray Palestinian Christians as part of a wider exclusively religious based transnational Christian community This book locates its analysis of Palestinian Christians within a broader understanding of Israel as a Jewish ethnocratic state It describes the main characteristics of the Palestinian Christian community in Israel and examines a number of problematic assumptions which have been made about them and their relationship to the state Finally it examines a number of intra communal conflicts which have taken place in recent years between Christians and Muslims and between Christians and Druze and probes the role which the state and various state attitudes have played in influencing or determining those conflicts and as a result the general status of Palestinian Christians in Israel today **Holy Places in the**

Israeli-Palestinian Conflict Marshall J. Breger,Yitzhak Reiter,Leonard Hammer,2009-12-16 This book addresses the major generators of conflict and toleration at shared holy places in Palestine and Israel Examining the religious political and legal issues the authors show how the holy sites have been a focus of both conflict and cooperation between different communities Bringing together the views of a diverse group of experts on the region Holy Places in the Israeli Palestinian Conflict provides a new and multifaceted approach to holy places giving an in depth analysis of relevant issues Themes covered include legal regulation of holy places nationalization and reproduction of holy space sharing and contesting holy places identity politics and popular legends of holy sites Chapters cover in detail how recognition and authorization of a new site come about the influence of religious belief versus political ideology on the designation of holy places the centrality of such areas to the surrounding political developments and how historical background and culture affect the perception of a holy site and relations between conflicting groups This new approach to the study of holy places and the Israeli Palestinian conflict has great significance for a variety of disciplines and will be of great interest in the fields of law politics religious studies anthropology and sociology The Encyclopedia of the Arab-Israeli Conflict Spencer C. Tucker,Priscilla

Roberts,2008-05-12 This exhaustive work offers readers at multiple levels key insights into the military political social cultural and religious origins of the Arab Israeli conflict The Encyclopedia of the Arab Israeli Conflict A Political Social and Military History is the first comprehensive general reference encompassing all aspects of the contentious Arab Israeli relationship from biblical times to the present with an emphasis on the era beginning with World War I The Encyclopedia of the Arab Israeli Conflict goes beyond simply recapping military engagements In four volumes with more than 750 alphabetically organized entries plus a separate documents volume it provides a wide ranging introduction to the distinct yet inextricably linked Arab and Israeli worlds and worldviews exploring all aspects of the conflict The objective analysis will help readers understand the dramatic events that have impacted the entire world from the founding of modern Israel to the building of the Suez Canal from the Six Day War to the Camp David Accords from the assassinations of Anwar Sadat and Yitzhak Rabin to the rise and fall of Yasser Arafat the 2006 Palestinian elections and the Israeli Hezbollah War in Lebanon

Churches and Monasteries in the Holy Land David Rapp,2014-11-17 The defining events of early Christianity are

memorialized in churches and monasteries throughout the Holy Land many of which date back to ancient times This beautiful book is a wonderful written and visual guide to those religious monuments and the artistic treasures that lie within their walls The author David Rapp is an art historian and critic who opens a window into the fascinating geographical theological sphere where Christianity was conceived and born Each chapter features spectacular pictures by Hanan Isachar an acclaimed photographer Christianity s roots extend deep into the earth of the Holy Land This book is dedicated to those who wish to learn more about that heritage and the religious sites that stand as testimonies to it Encyclopedia of the Palestinians Philip Mattar,2005 Presents the history of modern Palestine and biographies of important Palestinians

Radical Christianity in Palestine and Israel Samuel J. Kuruvilla,2013-03-27 Christianity arose from the lands of biblical Palestine and regardless of its twentieth century associations with the Arab Israeli conflict to Christians around the world it remains first and foremost the birthplace of Christianity Nevertheless the size of the Christian population among Palestinians today living in Israel and the Palestinian territories is now relatively insignificant In *Radical Christianity in the Middle East* Samuel J Kuruvilla argues that Christian Palestinians often employ politically astute as well as theologically radical means in their efforts to prove relevant as a minority community within Israeli and Palestinian societies Examining the political background of the gradual collapse of secular Arab Nationalism to be replaced by Islamic liberation movements he reveals a trend within the Christian Palestinian Church which saw increasing politicisation in the 1980s and 1990s In the face of often restrictive Israeli policies such as land confiscation along with the First Intifada there was a drive towards setting up inter Church and faith activism with the goal of Palestinian liberation Kuruvilla charts the development of a theology of Christian liberation in particular through the work of Palestinian Anglican cleric Naim Stifan Ateek and Palestinian Lutheran Pastor Mitri Raheb From its roots in 1960s Latin America liberation theology has been adapted and contextualised within the specific situation within Israel and Palestine to produce a framework that emphasises peace and reconciliation while recognising the importance of resistance and national unity Theology has impacted Christian perceptions of Palestinians struggle with Israel the idea of a land promised to the sons of Abraham and the moral responsibilities that come with this are pitted against Israeli oppression of both Christian and Muslim inhabitants of the Holy Land and their desire for independence and justice Through this comprehensive study of the often overlooked theological political and practical position of Christians in Palestine Kuruvilla provides a new and insightful perspective on one of the most written about conflicts *Arab*

Evangelicals in Israel Azar Ajaj,Duane Alexander Miller,Philip Sumpter,2016-07-11 The essays contained in this book provide an introduction to the history challenges and hopes of contemporary evangelical Arab Christians in Israel and to a lesser degree in the West Bank After opening with a general overview of Arab Christianity in the Holy Land the following chapters treat different aspects of the evangelical Arab experience the founding of the Convention of Evangelical Churches in Israel CECI as well as a theological seminary for the training of church workers Nazareth Evangelical Theological Seminary NETS

the self understanding of Arab Baptists in terms of their identity and relation to other groups in Israel an Arab perspective on the relationship between Arab evangelicals and Messianic Jews as well as the struggles hopes and fears of another evangelical community that is usually hidden from view namely that of Muslim converts to Christianity in Israel the West Bank and the Middle East in general The final chapter offers a detailed bibliography on Arabophone Christianity in Israel and Palestine

Conflict in the Holy Land Robert C. DiPrizio,2020-02-07 With more than 250 cross referenced entries covering every aspect of conflict in the Holy Land this illuminating book will help students understand the volatile history of Palestine and Israel and its impact on the rest of the world Palestine is considered a sacred land by Christians Jews and Muslims This has contributed to the violence that has ravaged the Holy Land throughout its long history This A Z reference work which defines the Holy Land as historic Palestine the combined territories of Israel the West Bank and the Gaza Strip covers such ancient conflicts as Egypt s rule over Canaan the reign of King David and the Jewish Revolts against the Roman Empire In addition the title includes detailed entries on medieval conflicts such as the Crusades and contemporary conflicts such as the Arab Israeli wars The introduction provides readers with the necessary context to understand the region s bloody history and a comprehensive chronology that will help students construct a more complete picture of conflict in the Holy Land Then come hundreds of key entries on the events individuals groups places and ideologies that have played an important role The title concludes with an expansive bibliography that will aid students looking to do more research on the topic and a thorough index

Theology of Reconciliation in the Context of Church Relations Rula Khoury Mansour,2020-01-31 Christians are called to be peacemakers in a world rife with conflict but how should Christians respond when the source of strife is not outside the church but within it Built on an in depth analysis of three Palestinian church splits this text examines the cultural and theological implications of intra church conflict in Arab evangelical communities in Israel Translating Miroslav Volf s formative theology of reconciliation into her contemporary Palestinian context Dr Rula Khoury Mansour provides a critical evaluation of both Volf s theory and Palestinian peacemaking models Through her research and analysis Dr Mansour develops a Middle Eastern theology of reconciliation and encourages congregations around the world to develop greater cultural and theological awareness in their quest to experience lasting peace within their churches and wider communities

Friends in Christ: Paths to a New Understanding of Church Brother John of Taizé,2012 This book for both seekers and practicing Christians highlights the importance of friendship for human community Beginning with stories of friendship in biblical accounts and the teachings of the early leaders of the church Brother John describes friendship as the basis for community throughout the world and at Taizé an international ecumenical community that draws thousands of young people from around the globe together in worship and prayer Back cover

Church at Church Ronald Andrew Rienstra,2022-01-01 Jean Jacques von Allmen s work was animated by three key insights the Church both learns and becomes what it truly is when it gathers to worship worship tells the story of God s salvation history and invites God s people

into it and by doing so the church offers the world both a stern warning and a hopeful promise The Swiss Reformed pastor and professor is among the most admired liturgical theologians of the twentieth century but his work is largely and lamentably unknown to most worship leaders In Church at Church Ron Rienstra provides an introduction to this important thinker He offers methodological and biographical context and then explores von Allmen s most generative insights concerning the church as it engages in its most foundational activity worship Viewed through the lens of the Nicene marks Rienstra s exploration yields the outlines of a liturgical ecclesiology a way to help the church think more deeply about its identity and to help its leaders shape the worship they prepare and lead today **The Great Betrayal** Sheldon W.

Liebman,2018-11-27 In the view of many contemporary scholars both Jesus and Judaism have been misrepresented by the church for the past two thousand years Their main point is that Judaism was not a superficial rigid and outdated religion and Jesus did not reject it In fact along with his disciples he remained a Law abiding Jew his entire life However as Christianity developed from a Jewish sect in the first century AD to the official religion of the Roman Empire in the fourth century the church was transformed Jesus was redefined and both Jews and their religion were repudiated and marginalized In short both Christians and Jews were deeply affected by what many scholars now call the de Judaization of Jesus This book is an attempt to correct the traditional theological and scholarly misinterpretations of Jesus and Judaism that emerged over the first four centuries of the life of the church **This Is My Beloved Son** Andreas Andreopoulos,2012-03-01 This

misunderstood moment is essential to what it means to be Christian The Transfiguration of Christ is one of the most impressive and mysterious miracles of Christ and yet one of the least known and understood biblical events Yet it spawned a long tradition of spiritual ascent and contemplative prayer This book examines the Transfiguration in the context of the Gospel Christian spirituality and the traditions of the church Andreopoulos explains the Transfiguration the revelation of the full divinity of Christ in front of his disciples as a continuous event He also explains threads that are common in the event of the Transfiguration and in other parts of the gospels such as the voice of the Father heard first at John s baptism of Jesus This Is My Beloved is a book that bridges East and West in its pursuit of understanding the power and meaning of what transfiguration meant then and now **Practicing Ministry in the Presence of God** John Jefferson Davis,2015-07-13

Practicing Ministry in the Presence of God presents a new paradigm for church ministry one that is based on fundamental truths of the Christian faith such as the Trinity union with Christ and the already presence of the Holy Spirit in the church This new paradigm can help busy pastors avoid burnout in the ministry and model Trinitarian New Testament patterns of ministry to their people Practicing Ministry in the Presence of God reflects the best of recent New Testament scholarship sensitivity to the contexts of globalized postmodern cultures dominated by digital media and practical applications for Christian life discipleship worship and mission Faith to Act Jack Boozer,William A. Rising Harold Eriksen,2020-03-06 One World Church Rising points a need for discernment among church attendees

concerning church doctrines and teachings There are seven simultaneous developments occurring on the contemporary religious scene that will make this a must read book and a page turner for every informed Christian First careful examination of many of the Catholic Church teachings that have developed during the past 1 900 years do not square with Scripture Second there is the sudden increase in heretical teaching coming from the Vatican that has alienated many cardinals and bishops Third is the widespread development of liberties theologians are taking to alter the interpretation of the Bible to dilute its meaning and to make it reflect what the theologian wants it to reflect Some offer interpretations that are clearly condemned in the Bible Fourth is an emerging acceptance of Catholic Church teachings among Protestants that they have been rejected since the Reformation A number of Protestant preachers have aligned themselves with the Catholic Church contradicting what they themselves have preached Fifth there is increasing emphasis being placed on the shared theological roots between Christians and Islam all directed toward establishing a common ground between Christendom and Islam Sixth are the soft solicitations of the Catholic Church to anti Christian religions Finally and most importantly is the apparent rise of a deity within the Catholic Church that would replace Christ as redeemer advocate and intercessor between God and man One of the most important trends in the past seventy years has been the evolution of greater emphasis on the Virgin Mary A new Marian dogma appears to be developing in the Netherlands that may replace Christ as our redeemer mediator and advocate Apart from the world s search from some mystical divine reality there is powerful political motivation behind this development Collectively all of the above point to the emergence of a one world church as predicted in Revelation 13 117
