**Holistic Aromatherapy for Animals** Kristen Leigh Bell, 2012-06-01 It is only in recent years that aromatherapy or essential oil therapy has gained substantial acceptance; this is primarily due to French veterinarians who have begun using essential oils and hydrosols in their practices. Laypeople of course have been enjoying great success treating animals with the very same substances for many years, for it is not just the medical professionals who can safely and effectively administer these aromatic oils. Anyone enabled with quality essential oils or hydrosols and adequate knowledge can use a plant's most concentrated and energetic byproducts to improve the health of their animals and treat and prevent various illnesses and common ailments. Aromatherapy is actually a science that has a much larger archive of supported scientific data than most other holistic care methods. However, most of these studies were originally published in French or German. Aromatherapy was the first natural holistic therapy the author began using, and she relies on it as my primary form of healthcare to treat and balance all sorts of minor ailments and discomforts in the lives of her family and their pets. She has rarely needed to use any other sort of remedy to achieve the desired result. These powerful substances are the most fascinating, sensual, and complex of all natural therapies, a combination that proves to be so

enthralling it eventually develops into a grand passion for many. *The Complete Guide to Akitas* Erin Hotovy, 2020-12-22 Author Erin Hotovy teamed up with several top Akita breeders to create the *ULTIMATE* book for new Akita owners. The Akita, also known as the Akita Inu, is an ancient spitz breed that is known worldwide for its loyalty and steadfast nature. Akitas have been used for several different purposes throughout the centuries, including hunting, military work, search and rescue, and show ring work. In 1931, the breed was named a national monument of Japan. These large, powerful dogs tend to be aloof with strangers but are exceptionally affectionate and loyal towards their family members. Akitas are a powerful and dignified breed but with a strong independent streak that can be too much to handle for some pet parents. While they are unwaveringly loyal towards their family, they can also be aggressive or territorial with other canines. This book will provide you with clear

insight into this breed's history, behavior and health as well as delivering actionable tips and tricks that you can use to refine your dog's behavior both at home and out in public. Covering crucial questions about owning an Akita including: What temperament does the Akita have? Selecting an Akita pup from a breeder. How do I prepare my home for an active Akita pup? Diet and nutrition for the Akita breed. Step by step instructions for training the Akita dog. What is the best way to train and socialize an Akita Inu. While these dogs are exceptionally devoted animals, they are also independent thinkers with strong protective instincts. Early socialization and training are essential to ensure that your active Akita pup develops into a dependable, well-mannered adult Akita. This comprehensive guidebook covers all of the essential information you will need to give your new Akita the best life possible, including: The history of the Akita Inu. Adopting an adult Akita. What to expect the first few days at home. House training your Akita. The importance of Akita socialization and training. Best practices for grooming your Akita. The travel savvy Akita: taking your canine companion on the road. Proper health and wellness guidance specific to the breed. Sharing your life with an Akita ensures that you will always have a devoted companion at your side, ready for adventure like all dog breeds; however, these exemplary animals have their own unique challenges. *The Complete Guide to Akitas* is a wide-ranging guidebook that offers you all the tools you need to not only choose the right canine companion for your household but also to provide your dog with the guidance he needs to grow into a happy, healthy and well-mannered companion animal. This book is required reading for anyone who is considering adding an Akita to their family.

*Paleo Dog* Hofve Jean, Celeste Yarnall, 2014-06-03 For health-conscious pet owners, a natural holistic guide to getting every canine back to his best, most primal state. From the tiniest teacup poodle to the most massive Great Dane, dogs' digestive systems are pure wolf. Fido's ancestors enjoyed a diet that was 45-50 percent protein, 40-50 percent fat, and less than 10 percent carbohydrates. Walk down the pet food aisle, however, and you'll find that typical commercial kibble is made mainly of starchy ingredients like peas, potatoes, corn, wheat, rice, and oats—nothing a prehistoric pup would dream of eating. This healthy mix is proving anything but. About 85 percent of dogs eat commercial dog food, and at least half of them are overweight or obese, with cancer killing 42 percent of all dogs and half of dogs over the age of 10. So how do you feed a wolf disguised as a pug? *Paleo Dog* guides readers through an assessment of their dog's diet and helps them find the right balance of healthy ingredients. In addition to recipes and nutrition info, the book offers advice on what treats are safe, training tips, minimizing veterinary care, the benefits of exercise and massage, and how to ensure dogs are receiving the love and attention they need. *Paleo Dog* is the ultimate manual for any pet owner who wants to give her pet the longest and best quality of life. [Pets Need Wholesome Food Also](#), [The Writer's Guide to Queries, Pitches and Proposals, Second Edition](#) Moira Allen, 2010-10-12 Every writer wants to publish as widely as possible, and this book gives writers the tools to achieve a competitive edge and break into a wide range of markets. The second edition has been updated throughout and expanded to cover e-mail pitches, letters of introduction, pitching to international markets, how to pitch agents at conferences, and new

markets such as greeting cards This sprightly guide enables readers to expand their markets and increase sales by learning how to make the perfect pitch to magazines publishers corporations and other potential clients This indispensable resource provides writers with successful approaches to such topics as how to craft a query letter create a nonfiction or fiction book proposal approach newspapers with a column or syndication idea get corporate freelancing jobs and win a writing grant Interviews with experts in a variety of fields and dozens of new examples of successful pitches queries and proposals enliven and illustrate the text Beginning and experienced writers will find this the perfect one of a kind desktop reference for developing the market approaches they need to sell their work      **Vegetarian Times** ,1996-11 To do what no other magazine does Deliver simple delicious food plus expert health and lifestyle information that s exclusively vegetarian but wrapped in a fresh stylish mainstream package that s inviting to all Because while vegetarians are a great vital passionate niche their healthy way of eating and the earth friendly values it inspires appeals to an increasingly large group of Americans VT s goal To embrace both
