M. McDermott, 2015-11-04 If the current economic malaise accomplishes nothing else it should help awaken us all to the realization that our country has been on a path of self destructive behavior for several decades a reversal of the progressive path that had made major gains in economic and political equality for a large majority of the U S population starting in the 1870s It is John McDermott s purpose in this ambitious book to explain why that reversal happened how society has changed in dramatic ways since the 1960s and what we can do to reverse this downward spiral In Part 1 he endeavors to lay out the overall narrative of change from the 1960s to the present emphasizing how a novel social structure came to be developed around corporate America to form what he calls corporate society Part 2 analyzes what the nature of this corporate society is how it is a special type of fabricated structure and why it came to dominate society generally eventually including the government and university systems which themselves became increasingly corporatized The aim of Part 3 is to outline a path of reform that can if all its parts can be integrated sufficiently to be effective put us on the path to restarting the progressive movement **When Whites Riot** Sheila Smith McKoy, 2012-11 In a bold work that cuts across racial ethnic cultural and national boundaries

Sheila Smith McKoy reveals how race colors the idea of violence in the United States and in South Africa two countries inevitably and inextricably linked by the central role of skin color in personal and national identity Although race riots are usually seen as black events in both the United States and South Africa they have played a significant role in shaping the concept of whiteness and white power in both nations This emerges clearly from Smith McKoy s examination of four riots that demonstrate the relationship between the two nations and the apartheid practices that have historically defined them North Carolina s Wilmington Race Riot of 1898 the Soweto Uprising of 1976 the Los Angeles Rebellion in 1992 and the pre election riot in Mmabatho Bhoputhatswana in 1994 Pursuing these events through narratives media reports and film Smith McKoy shows how white racial violence has been disguised by race riots in the political and power structures of both the United States and South Africa The first transnational study to probe the abiding inclination to blacken riots When Whites Riot unravels the connection between racial violence both the white and the raced in the United States and South Africa as well as the social dynamics that this connection sustains

written accounts of LAPD officer informants who describe their observations of the department's meltdown as it occurred. These accounts explain why the crime fighting enforcement style of the once highly regarded Professional Reform Model of policing coined at the LAPD was abandoned in police departments across the nation in favor of the less aggressive community based policing model. Lost for some 20 years under mysterious circumstances after collection and storage at the LAPD, these officer informant materials were recently retrieved and made available for analysis. They are presented in their entirety in this book. In every respect, this work is the final word on why and how the LAPD, a police organization emulated throughout the world, ultimately self-destructed after 41 years of serving and protecting the City of Angels.

Crimes and Trials of the Century Frankie Y. Bailey, Steven Chermak Ph.D., 2007-10-30 What do O J Simpson, the Lindbergh baby, and Gary Gilmore have in common? They were all the focus of famous crimes and/or trials in the United States. In this two volume set, historical and contemporary cases that not only shocked the nation but that also became a part of the popular and legal culture of the United States are discussed in vivid and sometimes shocking detail. Each chapter focuses on a different crime or trial and explores the ways in which each became famous in its own time. The fascinating cast of characters, the outrageous crimes, the involvement of the media, the actions of the police, and the trials that often surprised combine to offer here one of the most comprehensive sets of books available on the subject of famous U.S. crimes and trials. The public seems fascinated by crime. News and popular media sources provide a steady diet of stories, footage, and photographs about the misfortunes of others in order to satisfy this appetite. Murder, rape, terrorism, gang related activities, and other violent crimes are staples. Various crime events are presented in the news every day, but most of what is covered is quickly forgotten. In contrast, some crimes left a lasting impression on the American psyche. Some examples include the assassination of President John F. Kennedy, the bombing of the Murrah building in Oklahoma City, and the September 11th attacks. These events and other significant cases are immediately or on reflection talked about as crimes of the century. They earn this title not only because they generate enormous publicity but because of their impact on American culture; they help define historical eras, influence public opinion about crime, change legal process, and focus concern about important social issues. They seep into many other shared aspects of social life: public conversation, fiction, and nonfiction, songs, poems, films, and folk tales. This set focuses on the many crimes of the century of the last 100 years. In vivid detail, each crime is laid out, the investigation is discussed, the media reaction is described, the trial, if there was one, is narrated, the resolution is explored, and the significance of the case in terms of its social, political, popular, and legal relevance is examined. Illustrations and sidebars are scattered throughout to enliven the text. Print and electronic resources for further reading and research are offered for those wishing to dig deeper. Cases include the Scopes Monkey trial, Ted Bundy, Timothy McVeigh, O J Simpson, Leopold and Loeb, Fatty Arbuckle, Al Capone, Jon Benet Ramsey, the Lacy Peterson murder, Abu Ghraib, Columbine, and more.
