Israel from the Outside and Inside Nitza Davidovitch, Eyal Lewin, 2019-03-04 This book explores Israel's

relations with its friends and foes in the present and the past by looking into news media outlets and their effect. There are several international political players involved in Israel's tough neighborhood of the Middle East and some of them are portrayed in this book through the dimension of media coverage. Along with this, the volume highlights some of Israel's leading challenges in the sphere of international relations and public diplomacy. Hence, it integrates research in various topics: international relations, politics, media, and Israel studies. With Israel at its center, the book brings together insights drawn from a wide range of scholarly inquiries into current global issues. Thus, a large scope and a uniquely wide perspective is established, enabling researchers to rely on this work. The book is bound to be of interest to specialists and to both advanced and undergraduate students in the field of Israel studies, Middle Eastern studies, scholars of international relations, and researchers of specific countries. However, though academic in nature, this book is also suitable for readers of popular social science who are interested in media and communication, Israel, or in the fascinating sociological forces that influence the regional geopolitics of the Middle East.

**Jewish Serials of the World** Robert Singerman, 2000-11-30 Jewish journalism history is a growing field of active research as evidenced by the growing number of new serials devoted to it. Given the geographic extent of the Jewish diaspora, the Jewish press offers valuable primary source materials for any historical study of the Jewish people. The social and intellectual history of the Jews in modern times can similarly be advanced by an examination of the Jewish press of the world. This volume, the first supplement to *Jewish Serials of the World: A Research Bibliography*, continues and extends the bibliographic coverage to include 3,000 new entries. The new volume's classified arrangement, enhanced by author and subject indexes, provides up-to-date coverage of all pertinent research, including theses and dissertations on Jewish press and journalism history throughout the world in all languages. This new bibliography is indispensable for libraries supporting academic programs in Jewish Studies and journalism, as well as area studies. Singerman's coverage of the studies and research about the Jewish press is broadly defined; his scope is worldwide, and all pertinent languages are treated. The 3,000 entries are verified and bibliographically complete, and special efforts have been made to analyze hidden sections on the Jewish press buried within larger, more expansive studies of related topics. The entries are organized into regional subcategories. Together with the foundation volume, over 6,000 entries are provided, making this an important addition to any libraries with Jewish Studies or journalism collections.
