South to the Future Fred C. Hobson, 2002 Until recently the American South has often been treated in isolation by historians and literary critics In these essays five scholars of southern history and literature evaluate elements of contemporary and future southern experience including place community culture class gender and racial roles Fred Hobson observes in his introductory essay that the U S South must be seen in relation to a larger world the Caribbean and Central and South America as well as European countries with a similar grounding in hardship and defeat Moreover the South can no longer be viewed in black and white terms especially if the subject is race Joel Williamson's essay challenges fellow historians to broaden their purview by getting acquainted with Gone with the Wind Elvis Presley and other phenomena of southern culture s Linda Wagner Martin discusses the innovative ways in which contemporary southern writers such as Charles Frazier take on traditional southern concerns and shows us how place becomes space for Alice Walker Barbara Kingsolver Cormac McCarthy and other southern born writers whose works are often set outside the geographical South Thadious Davis looks at the youngsters of southern poetry fiction and drama revealing how their work reflects a racially and ethnically mixed digitized and otherwise reconfigured South In the writings of Shay Youngblood Randall Kenan Donna Tartt Mona Lisa Salloy and others one can see the collapsing of distinctions between the literary and the popular and a greater comfort with social fluidity and mobility The concluding essay by Edward Ayers set in 2076 offers a witty glimpse of things perhaps to come Through a series of short dispatches from a sixteen year old narrator of Scottish Ghanian Honduran Korean Cherokee descent Ayers transports us to the Consolidated South that counts Incarceration Incorporated among its largest employers As these writings signal new depths and directions in southern historical and literary studies they compose a witty and erudite album of snapshots revealing a region on the verge of big changes **Opening Acts** Catherine Romagnolo, 2015-10 In the beginning there was the beginning And with the beginning came the power to tell a story Few book length studies of

narrative beginnings exist and not one takes a feminist perspective Opening Acts reveals the important role of beginnings as moments of discursive authority with power and agency that have been appropriated by writers from historically marginalized groups Catherine Romagnolo argues for a critical awareness of how social identity plays a role in the strategic use and critical interpretation of narrative beginnings The twentieth century U S women writers whom Romagnolo studies Edith Wharton H D Toni Morrison Julia Alvarez and Amy Tan have seized the power to disrupt conventional structures of authority and undermine historical master narratives of marriage motherhood U S nationhood race and citizenship Using six of their novels as points of entry Romagnolo illuminates the ways in which beginnings are potentially subversive thereby disrupting the reinscription of hierarchically gendered and racialized conceptions of authorship and agency of Transparency in Modern American Fiction Paula Martín Salván, Sascha Pöhlmann, 2024 A much needed contribution to and critique of debates in the newly emerging field of transparency studies from the perspective of American literary studies In the twenty first century transparency has become an ambiguous buzzword both in the public and the private realms e q Wikileaks and the Snowden affair social media This volume takes its cue from the emerging field of transparency studies recent scholarly work in sociology political theory and cultural studies that identifies a hegemonic rhetoric of transparency in public and political life While scholars in this new field routinely gesture toward literature as the realm where secrecy may be productive they rarely engage with literature directly and literary studies itself remains notably absent from their debates This collection of essays seeks to redress that state of affairs by focusing on literary texts written in an American cultural tradition steeped in the interplay between transparency and exposure fear and secrecy security and surveillance and information and disinformation The essays draw on authors ranging from Whitman James and Ellison to Pynchon Morrison and Eggers to argue that American literature complicates theoretical assumptions about transparency made in other disciplines They question the field's strong theoretical emphasis on present day technopolitical practices and discourses as the location of hegemonic discourse on transparency and instead historicize such phenomena and extend them to discursive spheres that have so far been neglected such as issues of sexuality and race Edited by Paula Mart in Salv an and Sascha P ohlmann Contributors Tomasz Basiuk Jes us Blanco Hidalga Cristina Chevere san Julia Faisst Michel Feith Juli an Jim enez Heffernan Tiina K akel a Juan L P erez de Luque Umberto Rossi Jelena Sesni c Toon Staes Julia Straub Alice Sundman Turbulent Voyage Floyd W. Fultz, 2012-11-22 Toni Morrison features a collection of ten new essays by metaphorical terrain noted Morrison scholars including recipients of the Toni Morrison Society Book Award Focusing upon Morrison s most recently published novels Paradise Love A Mercy the contributors to this volume revisit issues that continue to engage Morrison and are part of the currency of contemporary American literary and cultural history These selections examine

This interdisciplinary study traces the development of father daughter incest narratives published in the last hundred years from male authored fiction to female authored memoir bringing new readings to Fitzgerald's Tender Is the Night Ellison's Invisible Man and the Dylan Farrow Woody Allen case This study builds on the work of those ushering in a second wave of trauma theory which has argued that the difficulty of speaking about a traumatic experience is not necessarily caused by neurobiological changes that prevent victims from recalling details Rather it s from social and political repercussions In other words they argue that many who experience trauma aren t unable to deliver accounts they fear the results There is a significant gender component to trauma whose implications along with those of race and class have largely gone unexamined in the first wave of trauma theory Exploring two additional questions about articulating trauma this book asks what happens when the voice of trauma is crying out from what Toni Morrison has called the most delicate most vulnerable member of society a female child and second what happens when the trauma is not just a time limit event but chronic and cumulative experiences Some traumatic experiences namely father daughter incest are culturally reduced to the untellable and yet accounts of paternal incest are readily available in American literature This book is written in part as a response to the psychological community which failed to include complex PTSD in the latest edition of the DSM 5 denying victims many of whom are father daughter incest survivors the validation and recognition they deserve and leaving many misdiagnosed and thereby mistreated **Critical Life of Toni Morrison** Susan Neal Mayberry, 2021 The first book to trace the critical reception of the great African American woman writer attending not only to her fiction but to her nonfiction and critical writings Iames Baldwin and Toni Morrison: Comparative Critical and Theoretical Essays Lovalerie King, L. Scott, 2006-10-16 This collection of comparative critical and theoretical essays examines James Baldwin and Toni Morrison's reciprocal literary relationship By reading these authors side by side this collection forges new avenues of discovery and interpretation related to their representations of African American and American literature and cultural experience **#MeToo and Literary Studies** Mary K.

Holland, Heather Hewett, 2021-09-23 Literature has always recorded a history of patriarchy sexual violence and resistance Academics have been using literature to expose and critique this violence and domination for half a century But the continued potency of MeToo after its 2017 explosion adds new urgency and wider awareness about these issues while revealing new ways in which rape culture shapes our everyday lives This intersectional guide helps readers students teachers and scholars face and challenge our culture of sexual violence by confronting it through the study of literature MeToo and Literary Studies gathers essays on literature from Ovid to Carmen Maria Machado by academics working across the United States and around the world who offer clear ways of using our reading teaching and critical practices to address rape culture and sexual violence It also examines the promise and limitations of the MeToo movement itself speaking to the productive use of social media as well as to the voices that the movement has so far muted In uniting diverse voices to enable the MeToo movement to reshape literary studies this book is also committed to the idea that the way we read and write about literature can make real change in the world The Cambridge Companion to the Literature of Los Angeles Kevin R.
