**The Thinking Space** Leona Rittner, W. Scott Haine, 2016-03-03 The cafe is not only a place to enjoy a cup of coffee it is also a space distinct from its urban environment in which to reflect and take part in intellectual debate Since the eighteenth century in Europe intellectuals and artists have gathered in cafes to exchange ideas inspirations and information that has driven the cultural agenda for Europe and the world Without the cafe would there have been a Karl Marx or a Jean Paul Sartre The cafe as an institutional site has been the subject of renewed interest amongst scholars in the past decade and its role in the development of art ideas and culture has been explored in some detail However few have investigated the ways in which cafes create a cultural and intellectual space which brings together multiple influences and intellectual practices and shapes the urban settings of which they are a part This volume presents an international group of scholars who consider cafes as sites of intellectual discourse from across Europe during the long modern period Drawing on literary theory history cultural studies and urban studies the contributors explore the ways in which cafes have functioned and evolved at crucial moments in the histories of important cities and countries notably Paris Vienna and Italy Choosing these sites allows readers to understand both the local particularities of each cafe while also seeing the larger cultural connections between these places By revealing how the cafe operated as a unique cultural context within the urban setting this volume demonstrates how space and ideas are connected As our global society becomes more focused on creativity and mobility the intellectual cafes of past generations can also serve as inspiration for contemporary and future knowledge workers who will expand and develop this tradition of using and thinking in space Nelson Algren Richard F.

Bales, 2024-11-07 This book addresses critical gaps in existing biographies of Nelson Algren providing new perspectives on his writing style literary contributions professional colleagues and personal life especially his relationship with Simone de Beauvoir Although Beauvoir maintained a simultaneous relationship with philosopher Jean Paul Sartre the correspondence exchanged between Beauvoir Algren and Sartre as this book discusses sheds new light on her transatlantic love affair with

Algren Moreover this work challenges the assertion that Algren's writing aligns seamlessly with the New Journalism style popularized by Tom Wolfe It investigates how Algren's literary legacy might have diverged had he embraced more of the principles associated with New Journalism

**New Perspectives on Sartre** Adrian van den Hoven, Adrian Mirvish, 2010-05-11 This volume deals with a number of topics that have not previously been specifically addressed before in a single text A chapter on Sartre and religion talks about his thought in relation to Christianity Judaism and Buddhism while one on Sartre and children discusses his work in relation to the issues of freedom pregnancy and autism Beyond this there are an additional seven chapters covering a wide variety of topics by leading scholars in the fields of philosophy literature psychology history and political thought While prior publications on Sartre have generally divided his work into two periods pre and post Marxist this volume deliberately stresses a middle and final period as well As representative of the middle period there is an emphasis on Notebooks for an Ethics while Sartre's last work Hope Now is also treated as being philosophically significant in its own right This approach helps to cast a new light on what Sartre has to say about authenticity childhood and consciousness as embodied among other subjects The volume also addresses many and diverse issues of current interest including those of freedom Marxism and Sartre's relation to ethics There are sections of the book that deal with history and the historical situations that helped to shape Sartre's thought as well as articles that deal with Sartre as a specifically French thinker A chapter deals with Sartre's relation to women and here the issues of maternity as problematic plus authentic adult relationships are discussed Finally in addition to authors in philosophy and literature there are articles by a child psychiatrist and a clinical psychologist to help to provide new insights on Sartre's work Even as an academic philosopher Sartre always remained an iconoclast and the aim of this book is at least partially to capture and provide the reader with insight into this spirit

**Thinking about and Enacting Curriculum in "frames of War"** Rahat Naqvi, Hans Smits, 2012-01-01 Rahat Naqvi and Hans Smits edited collection Thinking about and Enacting Curriculum in Frames of War is centered on the theme of how the current global order creates precarious conditions for human life The contributors respond to the challenges Judith Butler posed about the fragility of life and questions about how we apprehend and take up ethically our responsibilities for those who are considered Other The overarching objective of the book is the meaning of a call to ethics and how discussion of framing and frames is a provocation to think about our responsibilities as curriculum scholars and practitioners

**Volume 9: Kierkegaard and Existentialism** Jon Stewart, 2016-12-05 There can be no doubt that most of the thinkers who are usually associated with the existentialist tradition whatever their actual doctrines were in one way or another influenced by the writings of Kierkegaard

This influence is so great that it can be fairly stated that the existentialist movement was largely responsible for the major advance in Kierkegaard's international reception that took place in the twentieth century. In Kierkegaard's writings one can find a rich array of concepts such as anxiety, despair, freedom, sin, the crowd, and sickness, that all came to be standard motifs in existentialist literature. Sartre played an important role in canonizing Kierkegaard as one of the forerunners of existentialism. However, recent scholarship has been attentive to his ideological use of Kierkegaard. Indeed, Sartre seemed to be exploiting Kierkegaard for his own purposes, and suspicions of misrepresentation and distortions have led recent commentators to go back and reexamine the complex relation between Kierkegaard and the existentialist thinkers. The articles in the present volume feature figures from the French, German, Spanish, and Russian traditions of existentialism. They examine the rich and varied use of Kierkegaard by these later thinkers and most importantly they critically analyze his purported role in this famous intellectual movement.

*At the Existentialist Café* Sarah Bakewell, 2016-03-01. Named one of the Ten Best Books of 2016 by the New York Times, a spirited account of a major intellectual movement of the twentieth century and the revolutionary thinkers who came to shape it by the best-selling author of *How to Live*. Sarah Bakewell. Paris 1933: three contemporaries meet over apricot cocktails at the Bec de Gaz bar on the rue Montparnasse. They are the young Jean-Paul Sartre, Simone de Beauvoir, and longtime friend Raymond Aron, a fellow philosopher who raves to them about a new conceptual framework from Berlin called Phenomenology. You see, he says, if you are a phenomenologist, you can talk about this cocktail and make philosophy out of it. It was this simple phrase that would ignite a movement inspiring Sartre to integrate Phenomenology into his own French humanistic sensibility, thereby creating an entirely new philosophical approach inspired by themes of radical freedom, authentic being, and political activism. This movement would sweep through the jazz clubs and cafés of the Left Bank before making its way across the world as Existentialism. Featuring not only philosophers but also playwrights, anthropologists, convicts, and revolutionaries, *At the Existentialist Café* follows the existentialists' story from the first rebellious spark through the Second World War to its role in postwar liberation movements such as anti-colonialism, feminism, and gay rights. Interweaving biography and philosophy, it is the epic account of passionate encounters, fights, love affairs, mentorships, rebellions, and long partnerships, and a vital investigation into what the existentialists have to offer us today at a moment when we are once again confronting the major questions of freedom, global responsibility, and human authenticity in a fractious and technology-driven world.

**Ashes of Wars** Radka Yakimov, 2011-07. It is 1890 when three young women head toward a meadow hidden in the woods outside the village of Shipkovtsi, Bulgaria. As Trina Vella and Dobrinka meet in front of an old monastery, a family treasure held secret for generations is revealed. In the end, there are three piles of gold, one in front of each sister, but one pile is bigger than the others. An inheritance has been unfairly divided, leaving two sisters feeling cheated. In *ASHES of WARS*, Radka Yakimov narrates the story of the descendants of two of those Bulgarian sisters. Reconstructed historically on the basis of recorded facts, stories handed down from generation to

generation and her own personal recollections Yakimov chronicles the main events that impacted the lives of four generations of Bulgarians throughout the twentieth century As she relays a saga about the twenty three men women and children who escaped in search of a safer place Yakimov takes her readers beyond the confines of Bulgaria into Yugoslavia to a refugee camp in Trieste and finally to new lives in Canada and America ASHES of WARS profiles the courage grit and determination of the people of a beautiful Balkan country torn by wars and oppression but sustained by hopes for a brighter future

**Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office,1973 The Wars of Reconstruction Douglas R. Egerton,2014-01-21 A groundbreaking new history telling the stories of hundreds of African American activists and officeholders who risked their lives for equality in the face of murderous violence in the years after the Civil War By 1870 just five years after Confederate surrender and thirteen years after the Dred Scott decision ruled blacks ineligible for citizenship Congressional action had ended slavery and given the vote to black men That same year Hiram Revels and Joseph Hayne Rainey became the first African American U S senator and congressman respectively In South Carolina only twenty years after the death of arch secessionist John C Calhoun a black man Jasper J Wright took a seat on the state s Supreme Court Not even the most optimistic abolitionists thought such milestones would occur in their lifetimes The brief years of Reconstruction marked the United States most progressive moment prior to the civil rights movement Previous histories of Reconstruction have focused on Washington politics But in this sweeping prodigiously researched narrative Douglas Egerton brings a much bigger even more dramatic story into view exploring state and local politics and tracing the struggles of some fifteen hundred African American officeholders in both the North and South who fought entrenched white resistance Tragically their movement was met by ruthless violence not just riotous mobs but also targeted assassination With stark evidence Egerton shows that Reconstruction often cast as a failure or a doomed experiment was rolled back by murderous force The Wars of Reconstruction is a major and provocative contribution to American history
