not love a child that he did and a special lover that waited for him to marry her and whisk her away What would Harold do What would the women in his life do Here s a hint from Proverbs 6 Can a man take fire in his bosom and his clothes not be burned A fitting question for the designer Hal Prince who wowed his employer with his creative instinct and attracted just about every woman who eyed him As you are drawn deep into Fire in the Bosom ponder the question of whether we can create our own truths or if some truth will ring eternally true

Base Towns Claudia Junghyun Kim, 2023-01-10 When do we see social movements mobilize against the American military overseas and what explains their varying intensity Despite increasing interest in the vast network of U S military bases on foreign soil it is still not well understood why some host communities resist the bases in their backyards while others remain compliant In Base Towns Claudia Junghyun Kim addresses this puzzle by investigating the contentious politics surrounding twenty U S military bases across Korea and Japan In particular she looks at municipalities hosting these bases and differing levels of community acceptance and resistance over time Drawing on fieldwork interviews participant observation and protest event data from 2000 2015 Kim shows that activists occasionally manage to join hands with the otherwise politically inactive local populations when they deliberately subordinate their radical movement goals to more immediate mundane demands that form the basis of everyday local grievances Specifically the activists in base towns successfully build broad anti base movements when they take advantage of quotidian disruption adopt culturally resonant movement frames and ally with local political elites These activist strategies however sometimes end up reinforcing the widely presumed inevitability of the American presence In examining activist actions strategies and dilemmas this book sheds light on marginalized actors in domestic and international

politics far removed from elite decision making processes that shape interstate base politics and yet living with their consequences who sometimes manage to complicate the operations of America's military behemoth
