Mary Schafer, American Quilt Maker Gwen Marston, 2004-03-25 The story of the woman who helped create the

modern American quilting revival **Quilts Around the World** Spike Gillespie, 2010-11-21 This essential book for all quilters and quilt collectors tells the fascinating story of quilting around the world illuminated by the international quilt community's top experts and more than 300 glorious color photographs. Covering Japan, China, Korea, and India, England, Ireland, France, and The Netherlands, Australia, Africa, Central America, North America, and beyond, *Quilts Around the World* explores both the diversity and common threads of quilting. Discover Aboriginal patchwork from Australia, intricate Rallis from the Middle East, Amish and Hawaiian quilts from the United States, Sashiko quilts from Japan, vivid Molasses from Central America, and art quilts from every corner of the globe. Also included are twenty patchwork and applique patterns to use in your own quilt projects inspired by designs from the world's most striking quilts. *Women and the American Civil War* Theresa McDevitt, 2003-09-30 The first reference work to draw together the stories and studies of women in the American Civil War, this annotated bibliography offers access to the literature that documents the history of women who experienced the war, changed it, and were changed by it. Offering nearly 800 entries, it lists both primary and secondary sources, classic and current works, and items in print and available on the Internet. Drawing together over one hundred years of writings, *Women in the American Civil War: An Annotated Bibliography* is an invaluable resource for readers and researchers interested in this neglected topic. During the American Civil War, women played a highly significant role, yet modern writers often overlook their experiences and contributions. *Women in the American Civil War: An Annotated Bibliography* is the first reference work to focus exclusively on women in the war. Sections list sources on such diverse topics as women as nurses and medical relief workers, women's changing economic roles, their lives as refugees, as spies and scouts, or in military camps. It also looks at the literature on the miscellaneous topics of women in public, wives of politicians and military commanders, family life, and women on the wrong side of the law. *Crafting Dissent* Hinda Mandell, 2019-10-25 Pussyhats, typically crafted with yarn, quite literally created a sea of pink the day after Donald J. Trump became the 45th president of the United States in January 2017, as the inaugural Women's March unfolded throughout the U.S. and sister cities globally. But there was nothing new about women crafting as a means of dissent. *Crafting Dissent: Handicraft as Protest from the American Revolution to the Pussyhats* is the first book that demonstrates how craft, typically involving the manipulation of yarn, thread, and fabric, has also been used as a subversive tool throughout history and up to the present day to push back against government policy and social norms that crafters perceive to be harmful to them, their bodies, their families, their ideals relating to equality and human rights, and their aspirations. At the heart of the book is an exploration of how craft is used by makers to engage with the rhetoric and policy shaping their country's public sphere. The book is divided into three sections: *Crafting Histories*, *Politics of Craft*, and *Crafting Cultural Conversations*. Three features make this a unique contribution to the field of craft activism and history: The inclusion of diverse contributors from a global perspective, including from England, Ireland, India, New Zealand, Australia; Essay formats including photo essays, personal essays, and scholarly investigations; The variety of professional backgrounds among

the book's contributors including academics museum curators art therapists small business owners provocateurs artists and makers This book explains that while handicraft and craft motivated activism may appear to be all the rage and of the moment a long thread reveals its roots as far back as the founding of American Democracy and at key turning points throughout the history of nations throughout the world **Textile Collections** Amanda Grace Sikarskie,2016-04-08 Collections of textiles historic costume quilts needlework samplers and the like have benefited greatly from the digital turn in museum and archival work Both institutional online repositories and collections based social media sites have fostered unprecedented access to textile collections that have traditionally been marginalized in museums How can curators interpreters and collections managers make best use of these new opportunities To answer this question the author worked with sites including the Great Lakes Quilt Center at the Michigan State University Museum the Design Center at Philadelphia University the International Quilt Study Center and Museum at the University of Nebraska Lincoln and the WGBH Boston Media Library and Archives as well as user curated social sites online such as Tumblr and Polyvore to create four compelling case studies on the preservation access curation and interpretation of textile objects The book explores The nature of digital material culture The role of audience participation versus curatorial authority online Audience friendly collections metadata and tagging Visual rather than text based searching and cataloging The legality of ownership and access of museum collections online Gender equity in museums and archives This book is essential reading for anyone who cares for collects exhibits or interprets historic costume or textile collections but its broad implications for the future of museum work make it relevant for anyone with an interest in museum work online And because the focus of this volume is theory and praxis rather than specific technologies that are likely to become obsolete it will be staple on your bookshelf for years to come

to much current scholarship on women and material culture which focuses primarily on women as consumers this essay collection provides case studies of women who produced material objects The essays collected here make an original contribution to material culture studies by focusing on women s social practices in relation to material culture The essays as a whole are concerned with women s complex and active engagement with material culture in the various stages of the material object s life cycle from design and production to consumption use and redeployment Also theorized and described are the ways in which women engaged in meaning making identity formation and commemoration through their manipulation of materials and techniques ranging from taxidermy and shell work to collecting autographs and making scrapbooks This volume takes as its object of investigation the overlooked and often despised categories of women s decorative and craft activities as sites of important cultural and social work This volume is interdisciplinary with essays by art historians social historians literary critics rhetoricians and museum curators The scope of the volume is international with essays on eighteenth century German silhouettes Australian aboriginal ritual practices Brittany mourning rites and Soviet era recipes that provide a comparative framework for the majority of essays which focus on British and North American women who lived and worked in the long nineteenth century This volume will appeal to a broad range of students and scholars in women s history art history cultural studies museum studies anthropology cultural and social history literature rhetoric and material culture studies

Women Designers in the USA, 1900-2000 Pat Kirkham, 2000-01-01 A celebration of the many contributions of women designers to 20th century American culture Encompassing work in fields ranging from textiles and ceramics to furniture and fashion it features the achievements of women of various ethnic and cultural groups including both famous designers Ray Eames Florence Knoll and Donna Karan and their less well known sisters
