Hearts are softened, expectations become more realistic, sexual relations take on a soulful sweetness, even fights get better. Take your marriage to the next level with the help of Steve and Valerie Bell. Develop a deeper love relationship with you, God, and in doing so, create a whole new atmosphere in your marriage. *What If the Bible Had Never Been Written?* D. James Kennedy, Jerry Newcombe, 2008-01-01

But the Bible more than any other book is also the most maligned on the market. Many of the cities of our culture dismiss the Word of God. In *What If the Bible Had Never Been Written*, D. James Kennedy and Jerry Newcombe show that this collection of books was indeed the inspiration for almost all of the great explorers, scientists, writers, artists, politicians, and educators the world has ever known. That such a book, which has influenced so many and stood the test of time for so long, is dismissed as folklore or myth just goes to show what extremes nonbelievers will go to rationalize their behavior. From the Ten Commandments, which many of our laws and government are based upon, to the Golden Rule, a verse taken straight out of the New Testament, to many of today's most common phrases and expressions, there is no doubt as to the influence the Bible has on everyone in some degree every day. *What If the Bible Had Never Been Written* provides a well-documented and in-depth look at the impact the Book of Books has had on humanity, pointing to specific areas in today's society that would not be as they are now if it were not for the Bible. *In the Highest Degree: Volume Two* P. H. Brazier, 2018-10-31

The theological and philosophical works of C. S. Lewis were grounded in the argument from reason, being a form of revelation that predates nature and relates to the divine, i.e., the Word of God, Christ, the Logos. These essays provide some understanding of the essentials to Lewis's philosophical theology, that is, the *essentia* in the highest degree. Lewis's corpus can seem disparate, but here we find unity in his aims, objectives, and methodology, a consistency that demonstrates the deep roots of his philosophical theology in Scripture, Greek philosophy, patristic and medieval theology, and some of the Reformers, all framed by a reasoned discipline from a perceptive and critical mind, method and form, content and reason, for the glory of God. From an analysis of reason to the evidence of Christ as the light of the world, across human endeavors and religions, a doctrine of election, and an understanding of Scripture, the Philosophy of the Incarnation, as Lewis termed it, in fundamental arguments with various modern liberal theologians, we find evidence for the actuality of the incarnation, the divinity of Christ. *In the Highest Degree: Volume One* P.
