Race And Ethnicity Sociology In Focus Series:

The Rowman & Littlefield Handbook on Workplace Diversity and Stratification Tsedale M. Melaku, Angie Beeman, Christoph Winkler, 2023-11-01 Organizations and institutions use diversity and inclusion mantras to signal opportunity and access for all. However, the real world results are often underwhelming and people are demanding that organizations recognize the value that diversity brings to a workplace and be held accountable to the diversity and inclusion mission statements on their websites. The Rowman Littlefield Handbook on Workplace Diversity and Stratification provides a comprehensive yet concise overview of important issues, themes, and research regarding workplace diversity and stratification. The book analyzes present day and future implications of diversity in the workplace and offers concrete ways of developing policies and practices that will make diversity an intrinsic part of any organizational culture. Taking an interdisciplinary approach, the book covers topics including racism, sexism, socio-economic status, LGBTQ workers, education, intersectionality, neurodiversity, religion, and allyship. Practical, contemporary, and relevant, this is an excellent resource for anyone interested in understanding what workplace diversity and stratification mean for everyday people, institutions, and society as a whole.

Handbücher zur Sprach- und Kommunikationswissenschaft Hans Goebl, Herbert Ernst Wiegand, 1996 **Society in Focus** William E. Thompson, Joseph V. Hickey, Mica L. Thompson, 2018-11-13 Society in Focus: An Introduction to Sociology Ninth Edition emphasizes how society and social forces affect everything from globalization and international policies to day-to-day activities in our personal lives. In this edition, the authors go beyond the mere questioning of issues to take a closer look at the social world in which we live. They provide an integrated approach that uses sociological thinking to help students analyze and understand key concepts. To focus increased attention on sociological thinking and research methods, they have chosen four key themes: media and technology, globalization, cultural diversity, and trends for the future. Because sociology is about all of us and our daily lives, it is an eminently practical and useful discipline for understanding our social world. This Ninth Edition includes specific student outcomes for each chapter, as well as assessment items linked to those outcomes. New chapter opening vignettes that give real life examples illustrating important terms, concepts, and theories included in that chapter, updated data, statistics, maps, charts, boxes, and tables citing the latest research available, examples of the powerful impact of media and technology on society, especially the role social media play in helping to shape and define our daily social lives, new photos and cartoons accompanied by critical thinking questions that reinforce and illustrate important sociological terms, concepts, and theories.

World Focus, 1987 **Handbook of Social Psychology** Lisa Slattery Walker, Gretchen Peterson, 2025-06-09 This thought-provoking handbook presents an overview of social psychology as a sub-discipline of sociology and psychology. Chapters analyse how social interactions and environments influence human behaviours and emotions, providing critical insights into identity theory, group processes, social structures, and the sociology of emotions.

Beacham's Encyclopedia of Social Change Veryan Khan, 2001 This volume traces the

evolution of social ideas and values in the United States during the twentieth century using such indicators as music race and class retirement sex and gender and others *Ethnicity and Social Divisions* Elias le Grand,Karin Halldén,Zenia Hellgren,2009-03-26

The anthology *Ethnicity and Social Divisions Contemporary Research in Sociology* is a collection of studies presented at the annual Aage S rensen Memorial Conferences in 2006 and 2007 The volume reflects a number of important tendencies in contemporary social research the increasing interest in questions that concern ethnicity and immigration on the one hand the remaining centrality of social stratification and class analysis on the other hand and the intersection between these fields Eight young sociologists all PhD Candidates at the universities of Harvard Oxford or Stockholm at the time they wrote their contributions participate in this volume Representing a new generation of social scientists they have conducted empirical research on social inequality related to class and ethnicity from different perspectives

Religion and Family Life Richard J. Petts,2019-05-03 There has been increased interest among scholars in recent decades focused on the intersection of family and religion Yet there is still much that is not well understood in this area This aim of this special issue is to further explore the influence of religion on family life In particular this issue includes a collection of studies from leading scholars on religion and family life that focus on ways in which religion and spirituality may influence various aspects of family life including family processes family structure family formation family dissolution parenting and family relationships The studies included incorporate both qualitative and quantitative analyses incorporate a number of different religious traditions focus on religiosity among both adults and youth and explore a number of important issues such as depression intimacy sexual behavior lying divorce and faith transmission

Radical and Marxist Theories of Crime Paul B. Stretesky,2017-03-02 The essays selected for this volume show how radical and Marxist criminology has established itself as an influential critique since it emerged in the late 1960s Unlike orthodox criminology which emphasizes individual level explanations of criminal behavior radical and Marxist criminology emphasizes power inequality and structures especially those related to class as key factors in crime law and justice This collection of essays draws attention to the way in which structural forces shape and influence both individual and institutional for example governmental behavior highlights neglected crime corporate governmental state corporate and environmental which causes more extensive damage than the street crimes examined by orthodox criminology and discusses the ways in which law and criminal justice processes reinforce power structures and contribute to class control

Juvenile Delinquency James Burfeind,Dawn Jeglum Bartusch,2015-12-14 This book offers a comprehensive introduction to juvenile delinquency by defining and describing juvenile delinquency examining explanations for delinquent behavior and considering contemporary efforts to control delinquency through prevention and juvenile justice The text cultivates an understanding of juvenile delinquency by examining and linking key criminological theories and research Coverage includes the historical origins and transformation of juvenile delinquency and juvenile justice the nature of delinquency addressing the extent of delinquent offenses the social

correlates of offending and victimization age gender race and ethnicity and social class and the developmental patterns of offending theoretical explanations of delinquency with insights from biosocial criminology routine activities rational choice social control social learning social structure labeling and critical criminologies evidence based practice in delinquency prevention and contemporary juvenile justice Fully revised and updated the new edition incorporates the latest theory and research in the field of juvenile delinquency and provides expanded discussion of contemporary juvenile justice reform evidence based practice in delinquency prevention and disproportionate minority contact throughout the juvenile justice process This book is essential reading for courses on juvenile delinquency and juvenile justice The book is supported by a range of compelling pedagogical features Each chapter includes key terms learning objectives an opening case study box inserts that provide practical application of theory and research critical thinking questions suggested reading useful websites and a glossary of key terms A companion website offers an array of resources for students and instructors For students this website provides chapter overviews flashcards of key terms and useful websites The instructor site is password protected and offers a complete set of PowerPoint slides and an extensive test bank for each chapter all prepared by the authors

Figures of the Future Michael Rodríguez-Muñiz, 2024-06-04 An in depth look at how U S Latino advocacy groups are using ethnoracial demographic projections to bring about political change in the present For years newspaper headlines partisan speeches academic research and even comedy routines have communicated that the United States is undergoing a profound demographic transformation one that will purportedly change the face of the country in a matter of decades But the so called browning of America sociologist Michael Rodríguez Muñiz contends has less to do with the complexion of growing populations than with past and present struggles shaping how demographic trends are popularly imagined and experienced Offering an original and timely window into these struggles Figures of the Future explores the population politics of national Latino civil rights groups Based on eight years of ethnographic and qualitative research spanning both the Obama and Trump administrations this book investigates how several of the most prominent of these organizations including UnidosUS formerly NCLR the League of United Latin American Citizens and Voto Latino have mobilized demographic data about the Latino population in dogged pursuit of political recognition and influence In census promotions get out the vote campaigns and policy advocacy this knowledge has been infused with meaning variously serving as future oriented sources of inspiration emblems for identification and weapons for contestation At the same time Rodríguez Muñiz considers why these political actors have struggled to translate this demographic growth into tangible political gain and how concerns about white backlash have affected how they forecast demographic futures Figures of the Future looks closely at the politics surrounding ethnoracial demographic changes and their rising influence in U S public debate and discourse

Health and Health Care Concerns among Women and Racial and Ethnic Minorities Jennie Jacobs Kronenfeld, 2017-08-31 This volume covers macro and micro level issues involving health and health care concerns for women and racial and ethnic minorities The book

includes an examination of health and health care issues of patients providers of care especially those related to concerns for women and for racial and ethnic minorities in different countries **Ethnicity Housing** Frederick W. Boal,2020-09-29 This title was first published in 2000 This work has its origins in the 1995 Congress of the International Federation for Housing and Planning held in Belfast The theme was Accommodating Differences Differences were defined in broad terms and included ethnic and social economic and political differences However Frederick W Boal s own interest in ethnic differences motivated him to invite a number of Congress participants to make available their papers for inclusion in this book of essays It seeks to offer experience that can be drawn on by housing practitioners who are operating in multi ethnic contexts It also provides empirical material that should contribute to the development of more soundly based theoretical insights in both urban sociology and social geography **Eliminating Racism** Phyllis A. Katz,Dalmas A. Taylor,2013-06-29 The chapters presented here provide the reader with an awareness of the divergent views of what constitutes racism and frameworks for reducing it This book points out that the dialogue and research on this subject since the mid 1970s have yielded increased controversy over the theories foundation and continued existence of racism Ironically what we viewed in the 1954Brown decision and the Civil Rights Act of 1964as the beginning of the end of racism turned out to be the beginning of confusion over the course of action to ensure societal acceptance of political mandates Hence the title of this book captures the essence of the emotional core of any forum for examining racism past and present One of the most controversial forums has been that of education beginning with the D S Supreme Court s 1954ruling in Brown v Board oi Education Behind every event that has spawned controversy is a profile in courage It was not a simple decision for the players in the scenario of the Brown v Board oi Education case to step forward and present themselves as evidence of discrimination Blackparents supported by black organizations viewed this legal action as a chance for equal opportunity Yet the 1950s were a time when black communities were pained by the thought that bigotry and institutional racism would forever stand in the way of their achieving equality

21st Century Sociology: A Reference Handbook Clifton D. Bryant,Dennis L. Peck,2007 Publisher Description

Ethnicity and Urban Life in China Xiaowei Zang,2007-04-13 Using both qualitative and quantitative data derived from fieldwork in Lanzhou between 2001 and 2004 this much needed work on ethnicity in Asia offers a major sociological analysis of Hui Muslims in contemporary China *Society in Focus* William Edwin Thompson,Joseph V. Hickey,2002 PLEASE PROVIDE SUMMARY **Immigration, Racial and Ethnic Studies in 150 Years of Canada** ,2019-01-21 Canada s history since its birth as a nation one hundred and fifty years ago is one of immigration nation building and contested racial and ethnic relations In Immigration Racial and Ethnic Studies in 150 Years of Canada Retrospects and Prospects scholars provide a wide ranging overview of this history with a core theme being one of enduring racial and ethnic conflict and inequality The volume is organized around four themes where in each theme selected racial and ethnic issues are examined critically Part 1 focuses on the history of Canadian immigration and nation building while Part 2 looks at situating contemporary Canada in

terms of the debates in the literature on ethnicity and race Part 3 revisits specific racial and ethnic studies in Canada and finally in Part 4 a state of the art is provided on immigration and racial and ethnic studies while providing prospects for the future Contributors are Victor Armony David Este Augie Fleras Peter R Grant Shibao Guo Abdolmohammad Kazemipur Anne Marie Livingstone Adina Madularea Ayesha Mian Akram Nilum Panesar Yolande Pottie Sherman Paul Pritchard Howard Ramos Daniel W Robertson Vic Satzewich Morton Weinfeld Rima Wilkes Lori Wilkinson Elke Winter Nelson Wiseman Lloyd Wong and Henry Yu *The Ethnic Enigma* Peter Kivisto, 1989 This collection seeks to advance understanding of the shifting character and salience of ethnicity by abandoning the debate between the assimilationist and the cultural pluralist The case studies presented define culture as a flexible tool ethnicity as a complex and variable phenomenon and social actors as knowledgeable agents who make their own history **Sociological Abstracts** Leo P. Chall, 2003 CSA Sociological Abstracts abstracts and indexes the international literature in sociology and related disciplines in the social and behavioral sciences The database provides abstracts of journal articles and citations to book reviews drawn from over 1 800 serials publications and also provides abstracts of books book chapters dissertations and conference papers
