Promoting Racial Literacy in Schools Jr. Stevenson, Howard C. Stevenson, 2014-01-03 Based on extensive research this provocative volume explores how schools are places where racial conflicts often remain hidden at the expense of a healthy school climate and the well being of other students of colour Most schools fail to act on racial microaggressions because the stress of negotiating such conflicts is extremely high due to fears of incompetence public exposure and accusation Instead of facing these conflicts head on schools perpetuate a set of avoidance or coping strategies The author of this much needed book uncovers how racial stress undermines student achievement Students educators and social service support staff will find workable strategies to improve their racial literacy skills to read recast and resolve racially stressful encounters when they happen This book features a model that applies culturally relevant behavioural stress management strategies to problem solve racial stress in schools examples demonstrating workable solutions relevant within predominantly White schools for students parents teachers and administrators measurable outcomes and strategies for developing racial literacy skills that can be integrated into the K 12 curriculum and teacher professional development and teaching and leadership skills that will create a more tolerant and supportive school environment for all students

The Influence of Race and Racial Identity in Psychotherapy Robert T. Carter, 1995 A revolutionary theory a clinical watershed a masterful text The Influence of Race and Racial Identity in Psychotherapy Robert T Carter changes the course of a century of psychological theory practice and education He debunks the traditional belief that race has a marginal impact on personality development and with compelling empirical evidence demonstrates that race is the defining factor above other experiences of living in the United States and a crucial ingredient in the therapeutic process Carter presents models of racial identity for all racial groups and offers numerous case studies of various psychosocial resolutions within racial groups He constructs the first racially inclusive model of psychotherapy a rigorous conceptual framework that affords clinicians a deeper awareness of how racial issues affect their dealings with patients and creates a means of integrating that knowledge into their practices The Influence of Race and Racial Identity in Psychotherapy Defines the decisive role of racial identity in personality development Presents a racially inclusive model of psychotherapy Describes how this model is applied in a clinical context Proposes new counselor training programs based on this model This immensely valuable text helps students in multicultural counseling and psychotherapy develop an awareness of their own levels of racial identity as well as those of their patients For practicing therapists it opens new vistas in the therapeutic process and provides new avenues through which to better understand and serve their patients

Racial

Baggage Sylvia Zamora, 2022-07-26 Upon arrival to the United States Mexican immigrants are racialized as simultaneously non White and illegal This racialization process complicates notions of race that they bring with them as the pigmentocracy of Mexican society in which their skin color may have afforded them more privileges within their home country collides with the American racial system *Racial Baggage* examines how immigration reconfigures U S race relations illuminating how the immigration experience can transform understandings of race in home and host countries Drawing on interviews with Mexicans in Los Angeles and Guadalajara sociologist Sylvia Zamora illustrates how racialization is a transnational process that not only changes immigrants themselves but also everyday understandings of race and racism within the United States and Mexico Within their communities and networks that span an international border Zamora argues immigrants come to define race in a way distinct from both the color conscious hierarchy of Mexican society and the Black White binary prevalent within the United States In the process their stories demonstrate how race is not static but rather an evolving social phenomenon forever altered by immigration

Is That Your Mom? Cyndy R. Snyder, 2017-05-01 While White parents raising Black children has become increasingly salient in the last 20 30 years the experience of those who grow up in these cross racial families is much more complicated Indeed much of the adoption studies literature has privileged White parent voices further silencing crossracially raised Black identified children *Is That Your Mom* challenges the dominant narrative that love trumps race and racism in family dynamics and reasserts the need for critical voices of those most impacted by being cross racially raised the very people who face extreme racism that is both similar to and uniquely different from that faced by people of color more broadly *Is That Your Mom* centers the voices of Cross Racially Raised individuals of the African Diaspora to illustrate that racial socialization is a process in which individuals have agency in their racial development In this book Cross Racially Raised adults both those who were adopted and those who were raised in cross racial birth families share their stories regarding experiences with racism in the following three ways 1 encounters with racism within and beyond educational settings 2 perceptions of parents or guardians efforts toward racial socialization and 3 strategies used to navigate racially hostile environments which sometimes are the families themselves The voices of the individuals in this book illuminate a deeper conceptual understanding of how racial socialization practices are linked with one's ability to cope with racism and ways of addressing racism particularly among those families that contradict monoracial assumptions of racial socialization processes The book concludes with a discussion of how schools educators and parents can help Cross Racially Raised children and youth develop skills necessary to cope and remain resilient in the face of racism particularly if the immediate family is not offering those supports

The Biracial and Multiracial Student Experience Bonnie M. Davis, 2009-06-29 What does it mean to be in between

Racial Trauma in the School System Connesia Handford, Ariel D. Marrero, 2021-08-17 *Racial Trauma in the School System* provides foundational and clinical information for school based mental health professionals to better understand and address the nuanced experience of racial trauma in their school The

book focuses on conceptualizing racial trauma and the impact it has on a child's development and academic functioning providing information on how to look at racially based experiences through a trauma informed lens Examining a wide range of racial and ethnic identities chapters explore critical issues such as ethno racial identity development and diagnostic classifications to help readers develop a conceptual lens to guide their approach The clinical application of theory to practice is emphasized using complex case studies and the explanation of practical interventions This text is the first of its kind to focus exclusively on discussing the impact of racial trauma on children and to discuss the intersection between identity and racism in the school system Geared toward school based professionals this book considers racial trauma across a wide range of contexts and clinical presentations for other mental health professionals to adapt and apply the content to their clinical practice
