Racial Profiling Limited Data Available On Motorist Stops:

Racial Profiling Laurie E. Ekstrand, Evi L. Rezmovic, 2000-12 Racial profiling of motorists by law enforcement that is using race as a key factor in deciding whether to make a traffic stop is an issue that has received increased attention in recent years. Numerous allegations of racial profiling of motorists have been made and several lawsuits have been won. This report provides info on the findings and methodologies that have been conducted on racial profiling of motorists and federal state and local data available on motorist stops. The analyses indicates that African American motorists in particular and minority motorists in general were proportionately more likely than whites to be stopped on the roadways studied. **POLICE**

TRAFFIC STOPS AND RACIAL PROFILING James T. O'Reilly, 2002-01-01 This text examines the numbers, the advocacy arguments and the practical realities of the racial profiling controversy. By applying law logic, electoral common sense and police community relations, the author shows how the successful police manager will deal with the issues without enduring personal or career disaster for the attempt. The first part of the text explains the racial profiling controversy in the context of traffic stops. The political and policy issues are covered along with the constitutional standards. Then the second part addresses the types of actions sought by those who assert a need for remedies against police investigatory stops. The third aspect of this text is an analysis of the mechanism by which challengers force elected officials into the defensive settlements seen in 1998-2001. Next, the roles of elected officials, police managers and police unions in dealing with this controversy are discussed. Finally, preventive steps are suggested that can practically be implemented to avoid this controversy from affecting successful police administration. By taking apart the complex topic and showing its meaning, significance and consequential events, it is hoped that this book will help facilitate solutions where currently there is confusion and alarm. Racial Profiling

Steven J. Muffler, 2006 In recent years, racial profiling has drawn the attention of state and federal governments. In this book, racial profiling is defined as the practice of targeting individuals for police or security interdiction, detention or other disparate treatment based primarily on their race, ethnicity or national origin in the belief that certain minority groups are more likely to engage in unlawful behaviour. Assertions that law enforcement personnel at all levels unfairly target certain racial and ethnic groups, particularly but not exclusively for traffic stops and searches, have raised concerns about violations of the Constitution. The major debate on racial profiling centres on whether the practice should be prohibited entirely and whether data on traffic stops and searches should be collected to determine if the practice is occurring. This book gathers and presents the major issues, available data and analyses important to understanding on the most dangerous and divisive practices of our time. **Racial Profiling** Anthony Gennaro Vito, 2016-12-08 Cover Title Copyright Dedication Contents

Myers, Inhyuck Ha, 2018-10-15 There are wide racial disparities in virtually every sphere of economic life African American workers earn less than whites They are more likely to be denied loans than whites Minority owned businesses are less likely to win lucrative bids on state and federal contracts than are white male owned businesses Black children are more likely than whites to be reported to child protective services for neglect or abuse There are even huge disparities in downing rates between blacks and whites What to do about these disparities There is a fundamental disagreement about the appropriate remedies to these varied indicators of racial inequality Part of the disagreement stems from differences in public perceptions about the underlying causes of the inequality But another form of disagreement relates to the opposition to the remedy of choice during much of the 1970s and 1980s Affirmative Action Race conscious remedies like affirmative action policies in hiring college admissions and business contracting suffer from legal and constitutional challenges compounded by hostility from the majority of Americans The alternative race neutral remedies attempt to address racial disparities without directly targeting benefits exclusively to racial minority group members In doing

so race neutral remedies putatively help minorities without hurting majority group members The authors of *Race Neutrality Rationalizing Remedies to Racial Inequality* make the case that policy analysts should shift from a focus on whether a remedy is race conscious or not to a focus on the underlying problem that the alternative remedies is attempting to resolve This type of rethinking of the problem of racial inequality will reveal that sometimes race neutral remedies hold great promise in reducing disparities Often however race neutral remedies fail to do what they are intended to do The authors challenge the reader to think about why race neutral remedies while desirable on their face might fail to resolve protracted and persistent patterns of racial inequality in market and non market contexts *Social Issues in America* James Ciment,2015-03-04 Truly comprehensive in scope and arranged in A Z format for quick access this eight volume set is a one source reference for anyone researching the historical and contemporary details of more than 170 major issues confronting American society Entries cover the full range of hotly contested social issues including economic scientific environmental criminal legal security health and media topics Each entry discusses the historical origins of the problem or debate past means used to deal with the issue the current controversy surrounding the issue from all perspectives and the near term and future implications for society In addition each entry includes a chronology a bibliography and a directory of Internet resources for further research as well as primary documents and statistical tables highlighting the debates
