Yadav, 2022-11-30 This volume analyzes the trial of Bahadur Shah a watershed moment in the 19th century colonial history of India The trial of Bahadur Shah raises the contentious issue of sovereignty trial of Emperor Bahadur Shah de jure power by de facto claimant to power the English East India Company There has been a lot of confusion and controversy over the trial ever since the proceedings began its main architects could not define if it really was a juristic trial a court of enquiry a court martial or a general enquiry This book sheds light on this event through the original unprinted manuscript of the Trial

at the end of the uprising of the 1857 It critically investigates the trial mainly its architecture grammar functioning and findings from historical political and juridical perspectives to determine as far as possible the actual position of Emperor Bahadur Shah his strengths and his weaknesses Further it examines the Rebellion of 1857 particularly in Delhi and Bahadur Shah s role therein A key reading on justice in colonial history this volume will be of interest to researchers and scholars of colonial and imperial history modern history political theory and South Asia studies It will also be of great interest to general readers interested in learning about the colonization of India by the British and its commercial arm East India Company

independence however these sites have been rededicated in honour of the First War of Independence and are thus sacred to the memory of those who revolted against colonial rule rather than those who saved it The 1857 Indian Uprising and the Politics of Commemoration tells the story of these and other commemorative landscapes and uses them as prisms through which to view over 150 years of Indian history Based on extensive archival research from India and Britain Sebastian Raj Pender traces the ways in which commemoration responded to the demands of successive historical moments by shaping the events of 1857 from the perspective of the present By telling the history of India through the transformation of mnemonic space this study shows that remembering the past is always a political act **Old Melbourne Memories** Rolf

Boldrewood,1899 *An Economic History of India 1707-1857* Tirthankar Roy,2021-09-09 This new edition of An Economic History of Early Modern India extends the timespan of the analysis to incorporate further research This allows for a more detailed discussion of the rise of the British Empire in South Asia and gives a fuller context for the historiography In the years between the death of the emperor Aurangzeb 1707 and the Great Rebellion 1857 the Mughal Empire and the states that rose from its ashes declined in wealth and power and a British Empire emerged in South Asia This book asks three key questions about the transition Why did it happen What did it mean How did it shape economic change The book shows that during these years a merchant friendly regime among warlord ruled states emerged and state structure transformed to allow taxes and military capacity to be held by one central power the British East India Company The author demonstrates that the fall of warlord ruled states and the empowerment of the merchant in consequence shaped the course of Indian and world economic history Reconstructing South Asia s transition starting with the Mughal Empire s collapse and ending with the great rebellion of 1857 this book is the first systematic account of the economic history of early modern India It is an essential reference for students and scholars of Economics and South Asian History Catalogue of the Books in the Senior Section Johannesburg (South Africa).
