School of Library Science, Katharine Lucy Ball, 1968 **Insuring and Valuing Research Library Collections** ,2002 **An HR Guide to Workplace Fraud and Criminal Behaviour** Michael J. Comer, Timothy E. Stephens, 2004

It is reliably estimated that over 70 per cent of all job applications contain misleading information. If that was the limit of deception at work faced by HR and line managers then maybe things wouldn't be too bad. But deception isn't limited simply to the area of recruitment; there's also absenteeism, minor theft, misuse of information, not to mention the tissue of half truths and falsehoods thrown up by an employee seeking to camouflage theft responsibility for a fatal accident or a multi million pound fraud.

An HR Guide to Workplace Fraud and Criminal Behaviour is full of advice, best practice and case studies of deception from around the world. In fact, everything you need to protect your workplace and the employees within it from incompetent or dangerous co-workers, theft, violence and criminality in all its forms, ensure your company's continued reputation and compliance with employment criminal and other legislation, safeguard your shareholders or other stakeholders from the consequences of fraud litigation or other loss. HR managers have an important part to play both in ensuring the ethical development of any organization and in protecting that organization from dishonest employees.
