Secret Power of Tantric Breathing Swami Sivapriyananda,1996 The Book Secret Power Of Tantrik Breathing Explores The Secrets Of Alternate Breathing After A Short Discussion On The Physiology Of Breathing And Its Effect On The Mind And Emotions The Book Then Goes On To Survey On The Basis Of Authoritative Sanskrit Texts Of Siva Svarodaya How The Breath Alternates Between The Right And Left Nostrils With The Change In Mental States It Suggests Many Practical Methods That Help In Harmonising The Two Breaths To Achieve Mental And Physical Balance The Last Chapter Deals With Yogic And Tantrik Meditations Which Result In Good Health Calm Mind And Controlled Emotions

Secret Power of Tantrik Breathing Swami Sivapriyananda,2009-05-08 Explores the secrets and benefits of alternate nostril breathing practices Includes breathing techniques to help overcome infertility bad luck and illnesses Explains the interactions of the vital energy of breath with the chakras and energy channels nadis There is an intimate relationship between breathing and our emotional states When we are nervous or excited our breath rate increases Conversely if we alter our rate of breathing we can alter our emotional state

The ancient civilization of India developed methods for changing the emotions and states of consciousness through yogic meditation and pranayama breath control. Secret Power of Tantrik Breathing teaches the advanced pranayama system of svaraodaya which is based on the fact that we normally breathe freely through only one nostril at a time. In a healthy person breathing changes roughly every one and a half hours from one nostril to the other with each nostril imparting different qualities to one's mental and physical state. The left nostril is cool, soothing, passive and feminine in nature; the right is warm, energizing, active and masculine. When the breath remains in one nostril for longer than normal, mental and physical illness can result. The goal of svaraodaya is to harmonize the breath from each nostril with the life task needing to be accomplished. This book explains how to practice this breath control and how the vital energy of breath interacts with the chakras and energy channels nadis to create overall balance and harmony. It also includes svaraodaya breathing techniques to help overcome illnesses, infertility and bad luck, make predictions and attain liberation from the cycle of rebirth.

Secrets of Successful Pranayama T. Abrehamson, 2013-03

What is Pranayama? Pranayama is yogic breathing, a great variety of practices. Prana refers to a Vital Energy, an Energy not yet often recognized by Western science but which some Eastern thinking believes to be pervasive. Life Force might be one acceptable interpretation. Thus to think of Pranayama as merely yogic breathing exercises is an oversimplification that omits the most important aspects of the practice. With Pranayama you may harness Universal Energy by regulating your breath. This is of course an extremely important assertion. You can test its validity. Why Should You Practice Pranayama? On one level, Pranayama can make you feel great, utterly calm and quiet, light yet grounded and confident and empowered, and it is a wonderful lead-in to Meditation. It opens the body for improved progress in Yoga poses. This is all nice, yes, but relatively minor. On a higher level, Pranayama is Life Transforming. It links you up with the Universe. You trend in the right direction. Things start to knit together, to slot into place more easily. Your day and your life can flow more smoothly. You can become open to becoming more purposeful. At first hearing all this can sound incredibly mystical, otherworldly. But Tom Abrehamson's personal experiences are in harmony with those of others over the centuries. With persistent practice, your life will change for the better. Spontaneously, effortlessly and permanently. You are becoming whole. Becoming what you should be. You are forging an instrument of Will. The Big Question: Why is just working with our breath so hugely spiritual? Because it enables us to connect to Yoke Up Yoga. How does it do that? It strips away intervening blockages. It purifies us. It allows connection and flow. Breath is a key that unlocks us. Your Study Manual.

Secrets of Successful Pranayama is not a quick fix handbook. It is not an executive summary with bullet points. It is not Yoga Lite. It is a study manual. It is a reference book you can chew on productively for years. Pranayama is not about instant gratification. It is not like a pill you pop for an instant fix. It is like a cream that you rub into your skin each day for long-term self-betterment. The book consists of four helpful sections. The **FIRST** section introduces you to Pranayama and to the Guidebook. The **SECOND** tells you how to set up your own practice. The **THIRD** tells you what to do during your practice. The

FOURTH tells you some benefits to expect A Living Teacher or a Guidebook There are a myriad of cautions about progressing into Pranayama without being instructed in it by a living teacher Tom agrees in large part More important to his mind however is the question Why should the wonderful benefits of Pranayama be available only to those fortunate enough to live close enough to an experienced teacher The aim of the Guidebook is to make Pranayama accessible to anyone anywhere Give someone a Yoga Class feed their Day Give someone a Yoga Guidebook feed their Life Everything you need to know to practice beginning Pranayama is set out here And in coming years you will find guidance for Intermediate and Advanced practices in Volumes II and III That said Tom is firmly convinced from experience with the students in his classes workshops and private lessons that instruction from a living instructor is the very best way to insure you are on the right track And with that in mind he has tried to make the Guidebook as crystal clear as possible There is a tremendous amount of gobbledygook out there Your Teacher should be able to answer with clarity two questions What are we doing and Why are we doing it
