Afifi, 2007-05-31 Using a relational approach to the study of interpersonal communication this text provides comprehensive coverage of popular theories and concepts in interpersonal communication The research base of the book draws heavily from communication but also emphasizes the interdisciplinary nature of the study of personal relationships The book focuses on communication within close relationships and is organized using a developmental approach The early chapters focus on processes that shape initial interaction and relational escalation with the caveat that some of these processes e g self disclosure uncertainty also play important roles in established relationships The middle chapters examine issues related to maintaining a loving fair and intimate relationship The latter chapters focus on challenges relational partners face including coping with privacy needs relational transgressions and conflict The last chapter is on relationship endings The book includes research from various disciplines such as social psychology and family studies but the primary focus is communication research **The Wisdom of the World, in Proverbs of All Nations** William John Shearer, 1904 **Trust** Pekka

Mäkelä, Cynthia Townley, 2013 Whatever matters to human beings trust is the atmosphere in which it thrives writes Sissela Bok Although trust is ubiquitous understanding trust is a non trivial challenge Trust Analytic and Applied Perspectives addresses critical and analytical issues of trust It examines trust from a conceptual perspective as well as considers it in practical contexts ranging from the public sphere broadly understood to particular social institutions such as universities and medical care Trust Analytic and Applied Perspectives explores what kind of good trust is what kind of goods it can protect and how it can bring about goods and develops subtle distinctions between trust and other virtues and between trust and other forms of dependence The pluralism of the volume reflects the diversity of the real world contexts and theoretical perspectives indispensable in the search of a deeper understanding of trust Without such an understanding of the nature of trust and the good reasons why people might trust one another or the institutions we are in danger of designing institutions that will reduce trust or even drive it out Trust Analytic and Applied Perspectives sheds new light on the intersecting dimensions of our social cooperation in which trust can be responsibly undertaken

Friendshipping Jenn Bane, Trin Garritano, 2020-12-22. With eight billion people in the world, why is it so hard to meet and make new friends? Navigating the world of adult friendships can be a real challenge when everyone is busy, overwhelmed, or too often too far away. Here to help are Jenn Bane and Trin Garritano, the duo behind the cult favorite podcast *Friendshipping*. Insightful, empathetic, and just a touch irreverent, Jenn and Trin give readers the tools they need to make new friends and revitalize the quality of existing friendships. The book covers it all: Meeting new people, Mastering the art of small talk, Deciphering the levels of friendship in the workplace, Making the first friend move, plus how to give a non-creepy compliment. You'll also learn why it's important to use the same IRL etiquette when making friends online, how to decide if a friendship is toxic, and know when it's time to move on, and most important, how to be a better friend to yourself and others.
