

DIFFERENCE BETWEEN 'SECULARISM' AND 'SECULARISATION'

SECULARISM

A position that religious belief should not influence public and governmental decisions. The related political belief in the separation of church and state.

SECULARISATION

The transformation of a society from close identification with religious values and institutions toward non-religious (or "irreligious") values and secular institutions.

Secularism Versus Biblical Secularity

Christopher B. Kaiser

Secularism Versus Biblical Secularity:

Secularism Versus Biblical Secularity Marianne Postiglione, Robert A. Brungs, 1994 *SEX Secular, Relativistic-Cultural, or Biblical?* John Sternfels, LPC, 2025-03-14 Sex Secular Relativistic Cultural or Biblical Sex Across Perspectives is a compelling exploration of the various perspectives on human sexuality This book dives deep into the ways society views and treats sex providing readers with a comprehensive understanding of the subject from multiple vantage points The book begins by examining the secular view of sex which often emphasizes personal freedom consent and individual satisfaction It highlights how modern media including television film and the internet have shaped contemporary attitudes toward sex often promoting a more liberal and open approach The secular perspective tends to prioritize personal autonomy and the pursuit of pleasure without necessarily considering traditional moral frameworks Next the book explores the relativistic approach which argues that morality and ethics including those concerning sexuality are not absolute but rather vary from person to person and culture to culture This viewpoint challenges readers to consider how different societies and communities develop their own unique sexual norms and values often influenced by historical social and economic factors The discussion then shifts to the cultural spiritual perspective which recognizes the profound influence of cultural traditions and spiritual beliefs on sexual behavior and attitudes This section delves into how various religions and spiritual practices view sex from the sacred and ritualistic to the ascetic and prohibitive It offers insights into how spirituality can shape individuals experiences of sex infusing it with deeper meaning and purpose beyond mere physicality Finally the book examines the Biblical perspective providing a thorough analysis of what the Bible says about sex It discusses the scriptural foundations for sexual ethics including the sanctity of marriage fidelity and the purposes of sex according to Biblical teachings This perspective underscores the idea that sex is a gift from God meant to be enjoyed within the boundaries of marriage and aligned with divine principles

A Christian Life Vs. a Secular Life , Christian Theology and the Secular University Paul A. Macdonald, Jr., 2017-02-24 If the secular university by definition is non sectarian or non denominational then how can it accommodate a discipline like Christian theology Doesn t the traditional goal of theological study which is to attain knowledge of the divine fundamentally conflict with the main goal of secular academic study which is to attain knowledge about ourselves and the world in which we live So why should theology be admitted or even care about being admitted into secular academic life And even if theology were admitted what contribution to secular academic life could it make Working from a Christian philosophical and theological perspective but also engaging a wide range of theologians philosophers and religious studies scholars Christian Theology and the Secular University takes on these questions arguing that Christian theology does belong in the secular university because it provides distinct resources that the secular university needs if it is going to fulfill what should be its main epistemic and educative ends This book offers a fresh and unique perspective to scholars working in the disciplines of theology philosophy and religious studies and to those in other academic disciplines

who are interested in thinking critically and creatively about the place and nature of theological study within the secular university

Debunking Secular Humanism: A Christian Critique Samuel James ,2024-08-14 Debunking Secular Humanism A Comprehensive Christian Critique Discover the compelling truths behind the limitations of secular humanism with Debunking Secular Humanism A Comprehensive Christian Critique This profound work authored by Dr Samuel James a seasoned Christian Apologist and medical doctor delves into the philosophical ethical and existential shortcomings of secular humanism Dr James systematically dismantles its foundational beliefs revealing the internal contradictions lack of moral grounding and failure to offer objective meaning that secular humanism presents In the 21st century the rise of secular humanism presents one of the most significant challenges for Christians as it seeks to redefine moral and existential truths through a lens that often excludes God and Christian values Learning to dismantle secular humanism is crucial because it directly conflicts with the core tenets of Christianity such as the belief in absolute truth divine purpose and moral accountability to a higher power As secular humanism continues to influence global culture politics and education it threatens to erode the spiritual foundations upon which Christian ethics and worldview are built For Christians equipping themselves with the knowledge and tools to critically engage and dismantle secular humanism is not just about defending their faith it s about preserving the integrity of the Gospel message and ensuring that future generations can discern and embrace the truth of Christianity in a world increasingly dominated by secular ideologies Dr Samuel James Author Who Should Read This Book Christians and religious scholars seeking a deep understanding of Christian critiques of secular ideologies Theologians and academics exploring the interplay between religion and philosophy Individuals questioning secular humanism or interested in a thorough analysis of its principles What Will You Gain Readers will gain a well researched theologically sound critique of secular humanism equipping them with the knowledge to understand and confront its beliefs This book also serves as a guide to exploring further resources on Christian apologetics with a call to action encouraging readers to engage more deeply with these critical issues

Toward a Theology of Scientific Endeavour Christopher B. Kaiser,2007-01-01 This book explores four foundations of scientific endeavour the cosmos human intelligence cultural beliefs and technological structures and investigates some of the paradoxes each of them raises The concurrent study of all four together reveals several tensions and interconnections among them that point the way to a greater unification of faith and science Kaiser shows that the resolution of these paradoxes inevitably leads us into theological discourse and raises new challenges for theological endeavour In order to address these challenges Kaiser draws on the wider resources of the Judeo Christian tradition and argues for a refocusing of contemporary theology from the perspective of natural science

The Dark Side of Leadership Dr Tessie Herbst,2014-03-28 This book highlights the fact that leaders do indeed affect the performance of organizations or the well being of society for better or worse to cast either a shadow or light by the exercise of their leadership Modern psychology with its theories of human behavior which does not acknowledge

the existence of the spiritual realm cannot explain the carnage and evil often associated with the dark side of leadership This book focuses on the dark side of leadership in a multidimensional manner and provides a psychospiritual approach toward understanding personality disorders and leader derailment It highlights an area that has not been widely studied by leadership researchers to date the dynamic relationship between the psychological and spiritual domains in shaping the dark side which lead to leadership failure and derailment This book calls for a more interdisciplinary approach and holistic understanding of the dark side of leadership inseparably relating body soul and spirit as they function individually and relationally It highlights the fact that the restoration of personality will require sustained dialogue between theologians and the medical and psychological professions Such a theoretical perspective would help us better understand how personality disorders develop not only emotionally and psychologically but spiritually

God and the Secular Legal System Rafael Domingo, 2016-09-29 This is a timely contribution to the debate on the rights and liberties of religion beliefs and conscience in an age of secularization

The Bible for a Shifting Secular Age Domenic Ruso, 2025-08-26 The Bible for a Shifting Secular Age is an invitation to reimagine the uniqueness of the Bible at a time when we need its living words more than ever Domenic Ruso is a pastor church planter and theological practitioner in one of the most religiously complex places in North America Readers will sense the need for a new dialogue about the shifts in culture revealing a secular age we did not anticipate While a challenge a fresh perspective on the Bible as God's living words to us will be key to address the deepest longings bubbling up in our present secular age

Christian Theology for a Secular Society Mark G. McKim, 2008-01-01 It's hard to be the only one That single sentence from a teenage congregant sums up the conviction that motivated Christian Theology for a Secular Society In these dying days of Christendom the reality that most Western Christians face is living out their faith as a minority in the midst of a culture that is at every level personal institutional and societal secular in nature While most living in Western societies still affirm belief in God and often other vaguely recognizable Christian beliefs these affirmations frequently have little to do with how daily life is lived The idea that the God best known to us in Jesus Christ is actually in charge of life is foreign For most Christianity simply does not form an overarching system of meaning that shapes life Instead life is lived largely without reference to God And to live any other way is often hard In this volume Mark McKim sets out to do theology in this context How does one explain the core historic Christian doctrines in a way that makes sense in a secular culture and in a way that will gain a hearing What does it mean to be the church in this new situation Throughout McKim asks the question so what as he relates Christian teachings to a secular society and to what is actually happening in the local church McKim's goal is to enable the singing of the Lord's song in the new and strange land of a secular society

Religion, the Secular, and the Politics of Sexual Difference Linell E. Cady, Tracy Fessenden, 2013-11-12 Global struggles over women's roles rights and dress have taken center stage in a drama that casts the secular and the religious in tense if not violent opposition Advocates for equality speak of the issue in terms of rights and modern progress while reactionaries ground their

authority in religious and scriptural appeals Both sides presume women s emancipation is tied to secularization This volume upsets these certainties by blending diverse voices and traditions both secular and religious in studies historicizing questioning and testing the implicit links between secularism and expanded freedoms for women Rather than treat secularism as the answer to conflicts over gender and sexuality these essays show how it structures the conditions generating them

Creational Theology and the History of Physical Science: The Creationist Tradition from Basil to Bohr Christopher B. Kaiser, 2021-12-06 This volume documents the role of creational theology in discussions of natural philosophy medicine and technology from the Hellenistic period to the early twentieth century Four principal themes are the comprehensibility of the world the unity of heaven and earth the relative autonomy of nature and the ministry of healing Successive chapters focus on Greco Roman science medieval Aristotelianism early modern science the heritage of Isaac Newton and post Newtonian mechanics The volume will interest historians of science and historians of the idea of creation It simultaneously details the persistence of tradition and the emergence of modernity and provides the historical background for later discussions of creation and evolution

Secular Review , 1877 *Rethinking the Secular Origins of the Novel* Kevin Seidel, 2021-03-25 Literary histories of the novel tend to assume that religion naturally gives way to secularism with the novel usurping the Bible after the Enlightenment This book challenges that teleological conception of literary history by focusing on scenes in seventeenth and eighteenth century fiction where the Bible appears as a physical object Situating those scenes in wider circuits of biblical criticism Bible printing and devotional reading Seidel cogently demonstrates that such scenes reveal a great deal about the

artistic ambitions of the novels themselves and point to the different ways those novels reconfigured their readers relationships to the secular world With insightful readings of the appearance of the Bible as a physical object in fiction by John Bunyan Daniel Defoe Samuel Richardson Sarah Scott Frances Sheridan and Laurence Sterne this book contends that the English novel rises with the English Bible not after it Secular World and Social Economist George Jacob Holyoake,1854 The History of the Fleet Street House 20 p at the end of v 18 M.M. Thomas's Secular Commentaries on Scripture Thomas Philip,2025-08-18 This book investigates M M Thomas s biblical commentaries and their unique position at the intersection of religion and society It explores how Thomas inspired in part by Bonhoeffer s religionless Christianity adapted Western theological ideas and transformed them to reflect the social political and religious complexities of his own pluralistic context By examining these commentaries the book offers a fresh perspective on how Thomas engaged with the dynamic relationship between faith and society It also contributes a new dimension to the study of Indian Christianity marking the first in depth study of Thomas s secular biblical commentaries This book provides a pioneering contribution to the field of the study of Indian Christianity and the study of non Western contextual theologies It enriches the growing literature on biblical hermeneutics by offering new insights into how scripture can be interpreted in diverse cultural and political contexts By focusing on Thomas s unique theological approach this work not only enhances our understanding of Indian Christian thought but also broadens the scope of contemporary theological studies particularly within the global South It invites readers to consider how the intersection of theology and society shapes religious thought in pluralistic settings This book is intended for scholars graduate students and those involved in church studies as well as anyone interested in contextual theology and hermeneutics It is especially relevant for readers keen on understanding Indian Christianity and exploring how theology interacts with the social and political issues present in non Western contexts The book will appeal to those looking to deepen their understanding of how faith adapts to and engages with the complexities of modern society

Christian Ethics in Secular Worlds Robin Gill,2004-08-23 A challenging book examining issues such as biotechnology AIDS and nuclear weapons and demonstrating that Christian ethics has something important and distinctive to contribute to secular worlds Secular Steeples Conrad Ostwalt,2003-03-24 Conrad Ostwalt explores the confluence of religion and popular cultural forms in the secular world demonstrating that a secular religiosity has co opted some of the functions previously reserved for religions institutions
