New Political Entities in Public and Private International Law Amos Shapira, Mala Tabory, 1999-03-01 New political entities usually come into being in the midst of political wrangling often accompanied by security problems and not infrequently violence This book taking the Israeli Palestinian conflict as its starting point goes on to deal with the general problems of new entities including such core concepts as sovereignty autonomy and legal personality In exploring human rights issues the complex notions of nationality and minority rights are examined On a more practical level several authors inquire into issues of legal assistance in civil and criminal matters security arrangements fiscal and monetary policies foreign investment guarantees economic privatization and transboundary water pollution On many of these topics German and European legal experience is introduced to shed a useful comparative light Altogether this volume represents an attempt to provide a primer for those responsible for or interested in the various aspects of new political entities at the end of the second millennium

Justice and Fairness in International Negotiation Cecilia Albin, 2001-03-15 International negotiations have become an

increasingly widespread feature of international affairs as the number of parties involved have grown and regional and global fora have multiplied Cecilia Albin examines the role of considerations of justice and fairness in these negotiations She argues that negotiators do not simply pursue their narrow interests or those of their countries but regularly take principles of justice and fairness into account These principles come into play at an early stage as talks are structured and agendas set in the bargaining process itself and in the implementation of and compliance with agreements The analysis is based on cases in four important areas the environment international trade ethnic conflict the Israeli Palestinian conflict and arms control Drawing on a mass of empirical data including a large number of interviews this book relates the abstract debate over international norms and ethics to the realities of international relations

The New Israel Gershon Shafir, 2018-02-13 The New Israel Peacemaking and Liberalization argues that the ongoing Israeli Palestinian peace process will be expedited by increased economic liberalization Israel has undergone dramatic economic change in the 1990s shifting from a strongly protectionist state centered economy to a more international neoliberal one The book maintains that these fundamental changes have in turn transformed Israeli society as a whole resulting in a significant moderation of attitudes toward the Palestinian people and Palestinian nationalism The New Israel contains contributions from both established Israeli sociologists and promising young scholars The New Israel Peacemaking and Liberalization is an insightful commentary on one of the most crucial international issues of our time

Index Islamicus, 1996 **Palestine and the Palestinians** Samih K. Farsoun, 2018-05-04 Palestine and the Palestinians is a sweeping social economic ideological and political history of the Palestinian people from antiquity to the Road Map to Peace This second edition is thoroughly revised and updated including entirely new chapters on the most current issues confronting Palestine today including Palestinians in Israel the Oslo Accords and the Second Intifada Palestinian refugees and the right to return Jerusalem the diplomatic peace process and two state single state solutions

Water Matters Franklin M. Fisher, 2020-01-16 Water Matters is a book that dispels the myth of economics as the dismal science The book puts a noted microeconomist author Franklin M Fisher in the midst of one of the most intractable clashes of the twentieth century the ongoing Arab Israeli conflict and in particular the conflict over water between Israel the Palestinians and the Jordanians Fisher found himself drawn to an academic challenge how could economics inform the resolution of a dispute over a natural resource desperately needed by people and drawn into a complex and fascinating maze of political and institutional intrigue Along the way Fisher met and worked with a host of people from politics academia bureaucracies many with what seem like larger than life personalities Some of them became his friends The story in Water Matters is told as part memoir and part explication of the technical organizational and institutional challenges an academic economist faced in developing a model aimed at helping guide negotiations to solve an obstinate geopolitical problem It is also a narrative about how negotiation happens along with what works and what does not The technical challenges the author and his colleagues faced are explained in lay terms that will teach many readers and the memoir is a rich narrative of
