Philip Schofield, Xiaobo Zhai

Securities Against Misrule And Other Constitutional Writings For Tripoli And Greece:

Securities Against Misrule and Other Constitutional Writings for Tripoli and Greece Jeremy Bentham, 1990

The Collected Works of Jeremy Bentham: Securities Against Misrule and Other Constitutional Writings for Tripoli and Greece Jeremy Bentham, 1990-11-15 The writings collected in this volume make an important addition to The Collected Works of Jeremy Bentham They lend credence to Bentham's claim that his ideas were appropriate for the use of all nations and all governments professing liberal opinions The essays dating mainly from late 1822 and early 1823 are based exclusively on manuscripts many of which have not been previously published Turning his attention towards the Mediterranean basin Bentham here attempts to legislate for one Islamic state and offers advice to another in the process of throwing off Islamic rule The Writings for Tripoli include the famous Securities against Misrule in which Bentham draws up a constitutional charter with an accompanying explanation of its provisions He also discusses the social political and religious institutions of the country and proposes a scheme for the introduction of constitutional reform both there and in the other Barbary states The Writings for Greece include a rare commentary on the first Greek constitution of 1822 and advice and warnings to the Greek legislators against the temptation of sinister appetites The main theme in both groups of writings is the efficacy of representative institutions and the publicity of official actions in preventing the abuse of government power

Securities against misrule and other constitutional writings for Tripoli and Greece Jeremy Bentham, 1990 *Bentham on Democracy, Courts, and Codification* Philip Schofield, Xiaobo Zhai, 2022-09 Offers a comprehensive account of Bentham's mature distinctive thought on democracy courts codification and cosmopolitanism Enlightenment and Utility Emmanuelle de Champs, 2015-05-12 A major new study of Jeremy Bentham's engagement with contemporary French culture from the Enlightenment through to the post Revolutionary era Legislature by Lot Erik Olin Wright, John Gastil, 2019-04-09 Democracy means rule by the people but in practice even the most robust democracies delegate most rule making to a political class The gap between the public and its public officials might seem unbridgeable in the modern world but Legislature by Lot presents a close examination of an inspiring solution a legislature chosen through sortition the random selection of lay citizens It's a concept that has come to the attention of democratic reformers across the globe Proposals for such bodies are being debated in Australia Belgium Iceland the United Kingdom and many other countries Sortition promises to reduce corruption and create a truly representative legislature in one fell swoop In Legislature by Lot John Gastil and Erik Olin Wright make the case for pairing a sortition body with an elected chamber within a bicameral legislature Gastil is a leading deliberative democracy scholar and Wright a distinguished sociologist and series editor of the Real Utopias books of which this is a part In this volume they bring together critics and advocates of sortition who studied ancient Athens deliberative polling political theory social movements and civic innovation The constellation of voices in this book lays out a wide variety of ideas for how to implement sortition without obscuring its limitations and examine its potential for reshaping

modern politics Legislature by Lot includes sixteen essays that respond to Gastil and Wright's detailed proposal. Essays comparing it to contemporary reforms see it as a dramatic extension of deliberative minipublics which gather random samples of citizens to weight public policy dilemmas without being empowered to enact legislation. Another set of essays explores the democratic principles underlying sortition and elections and considers for example how a sortition body holds itself accountable to a public that did not elect it. The third set of essays consider alternative paths to democratic reform which limit the powers of a sortition chamber or more quickly establish a pure sortition body.

Rethinking Ethical Foreign Policy David Chandler, Volker Heins, 2006-11-28 This new volume moves beyond the limits of current debate to show how today's foreign policy is increasingly about values rather than interests and why ethics are now playing a central role. Rather than counterposing interests and ethics trying to find hidden agendas or emphasizing the double standards at play in ethical foreign policy this book brings together leading international theorists and a variety of stimulating approaches to develop a critical understanding of the rise of ethical foreign policy and to analyze the limits of ethical policy making on its own terms. They deal with the limits of ethical foreign policy both in the light of the internal dynamic of these policies themselves and with regard to the often unintended consequences of policies designed to better the world. This book also shows how the transformation of both the domestic and the international spheres of politics means that ethics has become a rallying point for non state actors and experts who gather around values and norms in order to force institutions to justify their behavior. This process results from different structural changes and the transformation of the international system the individualization of Western societies and the growing importance of expertise in the justification of decisions in risk adverse societies. It leads to a transformation of norms and to a redefinition of a global ethical framework that needs to be clarified. This book will be of great interest to all students and researchers of foreign policy formation politics and international relations.

The Bloomsbury Encyclopedia of Utilitarianism James E. Crimmins, 2017-01-26 The idea of utility as a value goal or principle in political moral and economic life has a long and rich history. Now available in paperback The Bloomsbury Encyclopedia of Utilitarianism captures the complex history and the multi faceted character of utilitarianism making it the first work of its kind to bring together all the various aspects of the tradition for comparative study. With more than 200 entries on the authors and texts recognised as having built the tradition of utilitarian thinking it covers issues and critics that have arisen at every stage. There are entries on Plato Epicurus and Confucius and progenitors of the theory like John Gay and David Hume together with political economists legal scholars historians and commentators. Cross referenced throughout each entry consists of an explanation of the topic a bibliography of works and suggestions for further reading. Providing fresh juxtapositions of issues and arguments in utilitarian studies and written by a team of respected scholars The Bloomsbury Encyclopedia of Utilitarianism is an authoritative and valuable resource.

Beyond Foucault Anne Brunon-Ernst, 2016-04-15 In his hugely influential book *Discipline and Punish* Foucault used the example of Jeremy Bentham's Panopticon prison as a

means of representing the transition from the early modern monarchy to the late modern capitalist state In the former power is visibly exerted for instance by the destruction of the body of the criminal while in the latter power becomes invisible and focuses on the mind of the subject in order to identify marginalize and treat those who are regarded as incapable of participating in or unwilling to submit to the disciplines of production The Panopticon links the worlds of Bentham and Foucault scholars yet they are often at cross purposes with Bentham scholars lamenting the ways in which Foucault is perceived to have misunderstood panopticon and Foucauldians apparently unaware of the complexities of Bentham's thought This book combines an appreciation of Bentham's broader project with an engagement of Foucault's insights on economic government to go beyond the received reading of panopticism as a dark disciplinary technology of power Scholars here offer new ways of understanding the Panopticon projects through a wide variety of topics including Bentham's plural Panopticons and their elaboration of schemes of panoptic Utopia the inverted Panopticon panoptic governance political panopticism and legal panopticism French studies on the Panopticon are groundbreaking and this book brings this research to an English speaking audience for the first time It is essential reading not only for those studying Bentham and Foucault but also those with an interest in intellectual history of the eighteenth and nineteenth centuries and those studying contemporary surveillance and society

The Blackwell Guide to Mill's Utilitarianism Henry West, 2008-04-15 The Blackwell Guide to Mill's Utilitarianism volume is an ideal commentary for students on Mill's classic essay Contains the complete text of Utilitarianism and twelve related essays Essays cover the background to Mill's classic essay analyses of the arguments and contemporary debates within the utilitarian tradition Also includes a case study demonstrating the application of utilitarian theory to military or non violent responses to terrorism Each contribution is an original essay written by a specialist at the cutting edge of philosophical scholarship

The Greek Revolution Paschalis M. Kitromilides, Constantinos Tsoukalas, 2021-03-25 Winner of the 2022 London Hellenic Prize On the bicentennial of the Greek Revolution an essential guide to the momentous war for independence of the Greeks from the Ottoman Empire The Greek war for independence 1821-1830 often goes missing from discussion of the Age of Revolutions Yet the rebellion against Ottoman rule was enormously influential in its time and its resonances are felt across modern history The Greeks inspired others to throw off the oppression that developed in the backlash to the French Revolution And Europeans in general were hardly blind to the sight of Christian subjects toppling Muslim rulers In this collection of essays Paschalis Kitromilides and Constantinos Tsoukalas bring together scholars writing on the many facets of the Greek Revolution and placing it squarely within the revolutionary age An impressive roster of contributors traces the revolution as it unfolded and analyzes its regional and transnational repercussions including the Romanian and Serbian revolts that spread the spirit of the Greek uprising through the Balkans The essays also elucidate religious and cultural dimensions of Greek nationalism including the power of the Orthodox church One essay looks at the triumph of the idea of a Greek homeland which bound the Greek diaspora and its

financial contributions to the revolutionary cause Another essay examines the Ottoman response involving a series of reforms to the imperial military and allegiance system Noted scholars cover major figures of the revolution events as they were interpreted in the press art literature and music and the impact of intellectual movements such as philhellenism and the Enlightenment Authoritative and accessible The Greek Revolution confirms the profound political significance and long lasting cultural legacies of a pivotal event in world history *Utilitarian Philosophy and Politics* James E.

Crimmins,2011-06-02 Exploring the life work and ideas of the great 19th century utilitarian philosopher Jeremy Bentham this study takes a unique look at his intellectual project from the point of view of the development of his political thought and later reassessment of his own ideas Placing Bentham s work in its historical and intellectual context *Utilitarian Philosophy and Politics* considers in particular Bentham s utilitarianism in relation to his later engagement with political and constitutional reform James Crimmins argues that despite being one of the most argued over philosophers of the 19th century Bentham remains one of the most misunderstood of political philosophers By attempting to look again at the context in which Bentham was writing and his self conscious concern with his own legacy this book offers a new account of this major political thinker **Utility, Publicity, and Law** Gerald J. Postema,2019-07-29 The essays in this volume offer a

reassessment of Jeremy Bentham s strikingly original legal philosophy Early on Bentham discovered his genius for legislation legislation included not only lawmaking and code writing but also political and social institution building and engineering of public spaces for effective control of the exercise of political power In his general philosophical work Bentham sought to articulate a public philosophy to guide and direct all of his legislative efforts Part I explores the philosophical foundations of his public philosophy his theory of meaning and framework for analysis and definition of key concepts his theory of human affections and motivations and his utilitarian theory of value It is argued that while concepts of pleasure and happiness play nominal roles in his theory of value concepts of publicity equality and interests emerge as the dominant concepts of his public philosophy Part II explores several dimensions of Bentham s jurisprudence including his radically revised command model of law his early reflections on justice and law in adjudication his theories of judicial evidence constitutional rights the rule of law and international law The concluding essay demonstrates the centrality of the notion of publicity in his moral legal and political thought Emerging from this study is a positivist legal theory and a utilitarian moral political philosophy that challenge in fundamental ways contemporary understandings of those doctrines **The Prison before the Panopticon**

Jacob Abolafia,2024-07-09 A groundbreaking history of philosophy and punishment The Prison before the Panopticon traces the influence of ancient political philosophy on the modern institution of the prison showing how prevailing theories of carceral rehabilitation and common justifications for the denial of liberty developed in classical and early modern thought

Happiness, Democracy, and the Cooperative Movement Mark J. Kaswan,2014-05-19 Happiness is political The way we think about happiness affects what we do how we relate to other people and the world around us our moral principles and

even our ideas about how society should be organized Utilitarianism a political theory based on hedonistic and individualistic ideas of happiness has been dominated for more than two hundred years by its founder Jeremy Bentham In **Happiness Democracy and the Cooperative Movement** Mark J Kaswan examines the work of William Thompson a friend of Bentham s who nonetheless offers a very different utilitarian philosophy and political theory based on a different conception of happiness but whose work has been largely overlooked Kaswan reveals the importance of our ideas about happiness for our understanding of the basic principles and nature of democracy its role in society and its character as a social institution In what is the closest examination of Thompson s political theory to date Kaswan moves from philosophy to theory to practice starting with conceptions of happiness before moving to theories of utility then to democratic theory and finally to practice in the first detailed account of how Thompson s ideas laid the foundations for the cooperative movement which is now the world s largest democratic social movement

Foundations of Modern International Thought David Armitage,2013 This insightful and wide ranging volume traces the genesis of international intellectual thought connecting international and global history with intellectual history

Old and New Islam in Greece Konstantinos Tsitselikis,2012-05-25 Providing an interdisciplinary look at Greece s Muslim minority and migrant communities this book provides an exhaustive legal analysis of regulations and broadens our understanding of the political management of ethnic and religious otherness while placing these phenomena in historical context

Classical Utilitarianism from Hume to Mill Frederick Rosen,2005-06-28 This book presents a new interpretation of the principle of utility in moral and political theory based on the writings of the classical utilitarians from Hume to J S Mill Discussion of utility in writers such as Adam Smith William Paley and Jeremy Bentham is included

Public Reason in Political Philosophy Piers Norris Turner,Gerald Gaus,2017-08-10 When people of good faith and sound mind disagree deeply about moral religious and other philosophical matters how can we justify political institutions to all of them The idea of public reason of a shared public standard despite disagreement arose in the seventeenth and eighteenth centuries in the work of Hobbes Locke Rousseau and Kant At a time when John Rawls influential theory of public reason has come under fire but its core idea remains attractive to many it is important not to lose sight of earlier philosophers answers to the problem of private conflict through public reason The distinctive selections from the great social contract theorists in this volume emphasize the pervasive theme of intractable disagreement and the need for public justification New essays by leading scholars then put the historical work in context and provide a focus of debate and discussion They also explore how the search for public reason has informed a wider body of modern political theory in the work of Hume Hegel Bentham and Mill sometimes in surprising ways The idea of public reason is revealed as an overarching theme in modern political philosophy one very much needed today

Bentham's Theory of Law and Public Opinion Xiaobo Zhai,Michael Quinn,2014-04-21 Intended for academics and students who are interested in legal and political philosophy and in intellectual and legal history this volume brings together the latest research from leading Bentham

scholars and challenges the dominant understandings of Bentham among legal and political philosophers

Securities Against Misrule And Other Constitutional Writings For Tripoli And Greece Introduction

In today's digital age, the availability of Securities Against Misrule And Other Constitutional Writings For Tripoli And Greece books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Securities Against Misrule And Other Constitutional Writings For Tripoli And Greece books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Securities Against Misrule And Other Constitutional Writings For Tripoli And Greece books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Securities Against Misrule And Other Constitutional Writings For Tripoli And Greece versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Securities Against Misrule And Other Constitutional Writings For Tripoli And Greece books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital

resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Securities Against Misrule And Other Constitutional Writings For Tripoli And Greece books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Securities Against Misrule And Other Constitutional Writings For Tripoli And Greece books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Securities Against Misrule And Other Constitutional Writings For Tripoli And Greece books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Securities Against Misrule And Other Constitutional Writings For Tripoli And Greece books and manuals for download and embark on your journey of knowledge?
