Security Of Korea Us And Japanese Perspectives Of The 1980s:

The Security Of Korea Franklin B. Weinstein, Fuji Kamiya, 2019-06-26 Any discussion of the security of Korea has implications for U S Japan relations but the Carter administration s announcement in 1977 of its intention to withdraw U S ground combat forces from Korea by 1982 which brought to the surface deep rooted Japanese and American frustrations with one another made it clear that neither side fully understood the other s view of Korea This book a collaborative effort by specialists of diverse expertise and viewpoints clarifies U S and Japanese perceptions of the Korean problem and explores alternative approaches to the maintenance of peace and security on the Korean peninsula Demonstrating that much of the conventional wisdom about Korean security rests on oversimplifications exaggerated fears and mistaken assumptions the authors assert that the prospects for avoiding conflict grow brighter despite existing pitfalls and offer recommendations for the U S and Japanese governments The Security Of Korea Franklin B. Weinstein, Fuji Kamiya, 1980-07-28

Asian Perspectives on International Security Donald Hugh McMillen, 1984-06-18 Security Assurances and Nuclear Nonproliferation Jeffrey W. Knopf, 2012-08-15 While policy makers and scholars have long devoted considerable attention to strategies like deterrence which threaten others with unacceptable consequences such threat based strategies are not always the best option In some cases a state may be better off seeking to give others a greater sense of security rather than by holding their security at risk The most prominent use of these security assurances has been in conjunction with efforts to prevent the spread of nuclear weapons Ongoing concerns about the nuclear activities of countries like Iran and North Korea and the possible reactions of other states in their regions have catapulted this topic into high profile This book represents the first study to explore the overall utility of assurance strategies to evaluate their effectiveness as a tool for preventing nuclear proliferation and to identify conditions under which they are more or less likely to be effective

Problems of Communism , 1981 **Professional Journal of the United States Army** , 1981 **U.s. Foreign Policy And Asian-pacific Security** William T Tow, 2019-06-04 The Reagan administration has indicated clearly that the United States will reassert its strategic presence in Asia and the Pacific at levels not equalled since the close of the Vietnam conflict The implications of this policy bear careful examination in light of the growing divergence between U S security perceptions and those of our European an Department of Defense appropriations for fiscal year 1986 United States. Congress. Senate. Committee on Appropriations. Subcommittee on Defense, 1986 **Military Review** , 1981 **Military Industry in Taiwan and South Korea** Janne E. Nolan, 1986-02-24 Since World War II the United States has done much to support economic political and social development in the Third World At the same time its policies toward developing nations often

reflect an overly narrow conception of national and global security in which the influences of the modernization process seem scarcely to have been taken into account Both strains in US policy are mirrored in strong academic traditions upon which policy makers have drawn liberally in the postwar years Developmentalists and security scholars alike will find much that is familiar in the case studies presented in *Military Industry in Taiwan and South Korea* Dr Nolan s discussion of the stresses of rapid economic and political development in both states draws deeply on the modernization and dependencia studies of the last two decades while her treatment of the security environment within which domestic policies must be made will satisfy the international relationist concerned with states as actors within the international system Throughout Dr Nolan provides a detailed presentation of the behaviour of both polities that will be of interest to North east Asian area specialists and students of US arms policy *Quarterly Review of Military Literature* ,1981 *U.S.-Korean Security Relations* Council on U.S.-Korean Security Studies. Conference,1987 *Japan's Quest for Comprehensive Security* J. W. M Chapman,Reinhard Drifte,I. T. M. Gow,2013-12-17 This book examines the key elements which together comprise a viable national security policy The emergence of the concept of comprehensive security in Japanese national security policy led to the creation of a Ministerial Council on Comprehensive Security This body was expected to provide the impetus for a more co ordinated comprehensive and rational approach to Japan s security needs than was evident in the past First published in 1983 this title is part of the Bloomsbury Academic Collections series *The Korean Conundrum* Ted Galen Carpenter,Doug Bandow,2015-03-31 The US seems to be heading directly toward a confrontation with North Korea as Koreans in the south and nations around the world anxiously witness mounting tension Carpenter and Bandow take a look at the twin crises now afflicting US policy in East Asia the reemergence of North Korea s nuclear weapons program and the growing anti American sentiment in South Korea They question whether Washington s East Asia security strategy makes sense with the looming prospect of US troops stationed in South Korea becoming nuclear hostages Carpenter and Bandow put forth the most provocative solution yet to this gnarled and dangerous situation *South Korea, a Country Study* Frederica M. Bunge,1982

Department of Defense Appropriations for Fiscal Year ... United States. Congress. Senate. Committee on Appropriations. Subcommittee on Department of Defense,1986 *Arming the Two Koreas* Taik-Young Hamm,2012-10-12 North Korea has traditionally been seen as militarily superior to South Korea in the long feud between the two nations This brilliantly argued book taps into a great deal of news interest in North Korea at the moment in the wake of recent hostility against Japan Hamm controversially shows that the received idea of Koreas military strength is partly a myth created by South Korea to justify a huge programme of rearmament
